DETERMINATION

The FTAA Expert Consenting Panel grants archaeological authorities pursuant to section 81 of the Fast Track Approvals Act 2024 and section 48 of the Heritage New Zealand Pouhere Taonga Act 2014 in respect of the archaeological sites described above, within the areas specified in Schedule A, to the Authority Holder for earthworks associated with the construction, operation, maintenance and improvement of the Brynderwyn Hills section of the Alternative to the Brynderwyn Hills project (Project Works), subject to the following conditions:

BEFORE WORKS

Start Work Notification

AA1 The Authority Holder must notify HNZPT and Te Uri o Hau, Patuharakeke Te Iwi Trust and Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau of the date when archaeological works will begin at least two Working Days before starting Project Works.

Historic Heritage Management Plan

AA2 A **Historic Heritage Management Plan (HHMP)** must be prepared before the start of Project Works. The purpose of the HHMP is to appropriately manage effects on archaeological sites.

AA3 The HHMP must be prepared by a Suitably Qualified Person and include:

(a) A map and description of known archaeological sites and associated values, and areas of archaeological potential within the Authority Area (including maps identifying the location of these sites);

(b) Procedures for any archaeological investigation or recording of archaeological information;

(c) Timeframes for archaeological work;

(d) Measures to protect archaeological sites that are not subject to the authority (specifically, pā sites: Q08/360, Q08/39, Q08/700 and Q08/546 (as shown on the map in **Appendix [B]**);

(e) Protocols to be followed in the event of any accidental discovery of archaeological sites, remains, artefacts, taonga (Māori artefacts) or kōiwi (human remains) during the Project Works, including:

(i) Details on where and when Project Works need to cease and can restart;

(ii) Procedures for notifying HZNPT and Te Uri o Hau, Patuharakeke Te Iwi Trust and Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau of any accidental discoveries; and

(iii) For kōiwi:

(A) Procedures for notifying the New Zealand Police;

(B) Subsequent steps for management of the kōiwi in general accordance with the Guidelines for Kōiwi Tangata/Human Remains (AGS8 2014);

(f) Roles, responsibilities and contact details of personnel that are involved in the Project Works relating to archaeology, including the section 45 approved person HNZPT, Te Uri o Hau, Patuharakeke Te Iwi Trust and Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau and the responsibilities of contractors with regard to notification of archaeological sites; Requirements for an on-site briefing and training for those working within the Authority Area to ensure that the HHMP is complied with; and

(g) Mechanisms for dispute resolution.

AA4 The HHMP must:

(a) Be prepared in consultation with Te Uri o Hau, Patuharakeke Te Iwi Trust and Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau;

(b) Include a summary of this consultation; and

(c) Outline how feedback has been incorporated, or if not, the reasons for that.

AA5 At least 20 Working Days before starting Project Works, the HHMP must be submitted to HNZPT for certification that it satisfies the requirements of Conditions [AA2]-[AA4].

AA6 The Authority Holder may update the HHMP by submitting the amended HHMP in writing to HNZPT for certification that is satisfies the requirements of Conditions [AA2]-[AA4].

AA7 The Authority Holder must implement the certified HHMP for the duration of Project Works.

Archaeological Research and Mitigation Strategy

AA8 The Authority Holder must prepare an Archaeological Research and Mitigation Strategy (ARMS). The purpose of the ARMS is to develop the research strategy and methodology for appropriate sampling of the archaeological landscape in the Designation and for investigating and recording sites that will be disturbed or destroyed due to Project Works. It shall include:

(a) The research objectives or questions that archaeological investigations shall address. These shall be informed by regional and national research themes, taking into account advice and knowledge of Te Uri o Hau, Patuharakeke Te Iwi Trust and Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau; and

(b) The methodologies and sampling strategies to be followed to achieve the research objectives in (a) proportionate to the archaeological potential and the contribution that site can make to address research objectives.

AA9 The ARMS must:

(a) Be prepared in consultation with Te Uri o Hau, Patuharakeke Te Iwi Trust and Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau;

(b) Include a summary of this consultation; and

(c) Outline how feedback has been incorporated, or if not, the reasons for that.

AA10 At least 20 Working Days before starting Project Works, the ARMS shall be submitted to HNZPT for certification that it satisfies the requirements of Conditions [AA8] and [AA9].

AA11 The Authority Holder must implement the certified ARMS for the duration of Project Works.

AA12 The Authority Holder may update the ARMS by submitting the amended ARMS in writing to HNZPT for certification that it satisfies the requirements of [AA8] and [AA9].

Landowner Consent

AA13 The Authority Holder must provide HNZPT with the written consent of all landowners of the land subject to this Authority prior to any archaeological works commencing. This requirement does not apply where the Crown is the landowner.

Section 45 approved person

AA14 This authority may not be exercised until a person to undertake the work required has been approved in writing by HNZPT under section 45 of the Heritage New Zealand Pouhere Taonga Act 2014.

Site Briefing

AA15 The Authority Holder must ensure that all contractors working on the project are briefed on site by the section 45 approved person (who may appoint a person to carry out the briefing on their behalf) prior to any archaeological works commencing. The briefing must include the possibility of encountering archaeological evidence, how to identify possible archaeological sites, the archaeological work required by the conditions of this authority, and contractors' responsibilities with regard to discovering archaeological evidence.

DURING WORKS

Tikanga

AA16 Archaeological work must be undertaken in conformity with any tikanga Māori protocols agreed between the Authority Holder and Te Uri o Hau, Patuharakeke Te Iwi Trust and Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau.

Kōiwi Discovery

AA17 If any kōiwi (human remains) are encountered:

(a) all works must cease within 20 metres of the discovery;
(b) HNZPT, New Zealand Police, and Te Uri o Hau, Patuharakeke Te Iwi Trust and Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau must be advised immediately in accordance with the HHMP; and
(c) Any steps following must be undertaken in accordance with the HHMP.

Monitoring

AA16 Any Project Works that will, or are likely to (in the view of the section 45 approved person), affect a known or potential archaeological site must be monitored by the section 45 approved person (or a Suitably Qualified Person the section 45 approved person has appointed to carry out the work on their behalf) in accordance with current archaeological practice, the HHMP and the ARMS.

Investigation

AA17 Any evidence of archaeological sites encountered during the exercise of this Archaeological Authority must be investigated, recorded and analysed by the section 45 approved person (or a Suitably Qualified Person the section 45 approved person has appointed to carry out the work on their behalf) in accordance with accepted archaeological practice, the HHMP and the ARMS.

Annual Reporting

AA18 Annually from the date of issue of this authority, the Authority Holder must submit to HNZPT a written report containing a summary of the progress of the activity and any archaeological findings.

AFTER WORKS

Work Completion Notification

AA19 The Authority Holder shall advise HNZPT and Te Uri o Hau, Patuharakeke Te Iwi Trust and Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau of the completion of archaeological works within five Working Days of completion.

Completion of Archaeological Works

AA20 Within 20 Working Days of the completion of on-site archaeological work associated with this authority, the Authority Holder shall ensure that:

(a) An interim report in general accordance with the Archaeological Report Guideline (AGS12 2023) is submitted to HNZPT for inclusion in the HNZPT Archaeological Reports Digital Library; and

(b) Site records are updated or submitted to the NZAA Site Recording Scheme.

Archaeological Records

AA21 Within 24 months of the completion of on-site archaeological work, the Authority Holder shall ensure that a final report, completed following the Archaeological Report Guideline (AGS12 2023), is emailed to HNZPT for inclusion in HNZPT's Archaeological Reports Digital Library, and to Te Uri o Hau, Patuharakeke Te Iwi Trust, Te Pouwhenua o Tiakiriri Kukupa Trust on behalf of Te Parawhau and House of Memories Museum in Waipū. A copy must also be provided to the NZAA Central Filekeeper.

Advice Note 1: *These conditions apply to all Archaeological Authorities held by the Authority Holder to implement the Project. For clarity, a separate HHMP or ARMS under Conditions [AA2] and [AA7] does not need to be prepared for each Authority held. The Authority Holder may prepare one HHMP and one ARMS, applying to some or all Authorities held for the Project, in order to comply with these conditions.*

Advice Note 2: *The requirement in [AA20(a)] for provision of interim reports to HNZPT, and updates to site records need not be completed for each Authority individually. The Authority Holder may provide interim reports and site record updates for multiple 'grouped' Archaeological Authorities at the same time.*
