Dear Steph,

Subject: Response to Notification under Section 30 of the Fast-track Approvals Act 2024

Thank you for your notification dated 17 September 2026 regarding your intention to lodge a substantive application for the University of Auckland Student Centre and Library Project under the Fast-track Approvals Act 2024 (FTAA).

We note that the requirements of section 30 of the FTAA are relevant where a person intends to make an application for a resource consent to undertake an activity under any of sections 12, 13, 14, and 15 of the Resource Management Act 1991 (RMA) involving the use of a natural resource. For the avoidance of doubt, section 30 requests do not relate to section 9 land use or s11 subdivision consents.

In accordance with section 30(3)(a) of the FTAA, Auckland Council has reviewed its records and confirms that, based on the information provided and available at the time of preparing this letter, there are no existing resource consents to which sections 124C(1)(c) and 165ZI of the RMA would apply.

For completeness, Auckland Council have reviewed the existing resource consents relevant to the project site(s) as set out in your letter dated 17 September 2026, and confirms the following:

- WAT60341466 (BUN60341464) – This consent was granted on 21 November 2019 and expires on 31 August 2054. The WAT60341466 consent authorises dewatering or groundwater level control associated with a groundwater diversion, and the diversion of groundwater caused by excavation.

If you have any questions or require further clarification please do not hesitate to contact me by email.

Yours sincerely,

Adonica Giborees
Principal Project Lead, Premium Resource Consents
Auckland Council
