
MINUTE 22 OF THE EXPERT PANEL

Request from Applicant
Delmore [FTAA-2502-1015]

(28 August 2025)

[1] On 27 August post the expert witness conferencing the Applicant requested us to consider using our power under section 67 to request further information from it about:

- (a) Disposal of on-site wastewater and reverse osmosis reject water
- (b) Potable water supply
- (c) The NoR6 road
- (d) Road vehicle tracking.

[2] This request also indicated that the Applicant would suspend the Application by five working days if we exercised our section 67 power.

[3] Given the lateness of this request, the imminence of the draft decision, and the fact that – in the interest of natural justice – any response would need to be considered by the Council, we decline the request.
