Matamata Development Limited Response to Comments in Relation to Ashbourne under Fast-track Approvals Act 2024

- (1) This letter addresses comments made pursuant to Section 53 of the Fast-track Approvals Act 2024 ("FTAA") regarding the Ashbourne project ("the Project").
- (2) Matamata Development Limited ("the Applicant") has reviewed the comments provided to the Panel in respect of the Project, and is grateful to all persons and entities who have taken the time to comment, particularly in light of the timeframes available under the FTAA.
- (3) The Applicant is pleased to be able to respond in a constructive manner to the comments that have been provided, and will continue to work with interested parties as the Project progresses.
- (4) In light of the tight timeframes available to respond to the comments, and the significant level of detail raised in particular comments (i.e. Matamata Piako District Council), the Applicant has not provided responses to all comments on the Project. Rather, the Applicant's approach to the responses has been to:
 - (a) Respond to comments on particular subject matters that are in contention between the Applicant and the persons/entities;
 - (b) Provide responses to particular outcomes or clarifications sought which generally encapsulates comments from the person/entity as a whole;
 - (c) Respond to specific recommended conditions which also generally encapsulate comments from the person/entity as a whole;
 - (d) Provide clarification on the approach to assessment of this application and the planning framework for the construction of dwellings within the Ashbourne development; or
 - (e) Provide clarification on aspects of the application which, in the Applicant's view, are incorrect or have been misunderstood and thereby requiring clarification for the Panel's understanding.
- (5) The Applicant has set out specific responses to the persons/entities that have been invited for comment in the tables annexed at Appendices A - C, with supporting technical responses included as attachments as follows:
 - o Attachment 1 – Legal Memorandum
 - o Attachment 2 – Planning Response

- Attachment 3 – NPS-HPL Response Memo
