Takatimu North Link stage 2

From [REDACTED]**Date** Tue 2025-11-11 4:05 PM**To** FastTrack Substantive <substantive@fasttrack.govt.nz>

Hi there

To my knowledge the cycleway that was supposed to run along the whole length of TNL has been quietly scrapped for stage 2. This is not acceptable as the community strongly favoured a cycle path during all the pre construction consultations. It also seems a bit senseless to only have it run half-way.

A dedicated cycle lane would provide a mode of alternative transport for people out this way as there is currently not even a regular bus service. Cycling on the current state highway is not a safe option.

Please re-instate the cycle lane as per the original plans.

Thank you and Kind Regards

Kerstin Krueger
