Mōrena Stephanie,

Hope you're well! Apologies for the delay on this, I've just arrived back at mahi today.
Please find attached a response to the referral application, and a scope of work for the next stage of the application.

Happy to answer any questions, and also very happy to set up a hui for a couple of weeks time.
How would the afternoon of the 29th suit you and the team?

Noho ora mai,

Dr Liam McAuliffe

Kia ora Liam,

I hope you're well.

I just wanted to touch base and see whether you and the team have had any further opportunity to consider the proposal following our hui and review of the application material?

We're currently looking to lodge the application this week, so I was wondering whether there are any initial updates that you'd like to share before then?

It would also be great to arrange another catch up in a couple of weeks' time, once you've had a bit more time to work through things. We're continuing to refine the flood modelling and are getting close to having confidence in the results, which will then allow us to work through the subdivision layout and associated design details in more detail.

Please let me know if there's anything you'd like to discuss ahead of lodgement, and whether there might be a suitable time for another hui in the coming weeks.

Ngā mihi,

STEPHANIE BLICK

DIRECTOR / PRINCIPAL PLANNER

Kia ora Stephanie,

Thanks for taking the time to meet with us last week, and for sharing the application documentation. We all found last week's hui really productive and positive.

As discussed, we'll take some time to consider any concerns and potential opportunities we see with the development, including possibilities to support and enhance the Wharemaukū. We'll aim to provide a proposed scope of work and resourcing before I head on leave next week.

In the meantime, please feel free to reach out if anything comes up 😊

Noho ora mai,

Dr Liam McAuliffe
