Subject: Ryans Road - Orion letter update requested

Hi Matthew,

I hope you are well.

In going through some stuff for Ryans Road, I realised that we should really get an updated letter from you guys about our proposed development.

Attachment #1 is the original letter from Sian dated 5 February. .

Then, in Attachment #2 on 16th April, you provided an update about Ryans Road and being able to supply the entirety of Stage 1 (2MW) from the existing network without requiring reinforcement from Hawthornden.

Since the 16th April information is the newest, we really want/need to get that into an updated Orion letter (with any other wording amendments) and then subsequently into the overall application and the time for that update is now.

We need to get any updates to the EPA and/or Panel members at the beginning of next week.

So, can you please provide an updated letter by COB on Friday, 8th August, or worst cast Monday (11th) mid-day?

Apologies for the late notice on this as I just realised it.

Any questions let me know.

Thanks & Regards,
Bruce
