Subject: Foxton Solar Farm Fast-track Draft Decision and Conditions – Comments from Ngā Hapū o Himatangi

Tēnā koutou,

I write on behalf of Ngā Hapū o Himatangi in response to the invitation to comment on the draft decision and conditions for the Foxton Solar Farm under section 70 of the Fast-track Approvals Act 2024.

I confirm that the Panel's draft conditions are consistent with those collectively agreed between Ngā Hapū and Genesis as set out in our letter dated 22 June 2026, which address the matters identified in the Ngā Hapū section 53 comments.

The minor amendments made to those conditions by the panel improve consistency and clarity.

Nāku noa, nā

Debbie Te Puni

Trustee
