Dear Melita

Thank you for the invitation to comment on the NTP Holdings Development Limited Fast Track proposal to subdivide land (61.4 hectares) and develop industrial lots northwest of Pound Rd, Christchurch.

The Game Animal Council acknowledges the proposal and its objectives. Based on the information provided and the largely urban and industrial zoning of the land, this project sits outside the Council's legislated mandate under the Game Animal Council Act 2013, which focuses on matters directly affecting game animal hunting and hunters (particularly in relation to public conservation land). Accordingly, the Game Animal Council will not be making a comment and does not require consultation on this proposal.

If any future aspect of the project gives rise to a direct, material effect on public game animal hunting opportunities or access on adjacent public lands, please feel free to re-contact the Council and it will reassess its position.

Ngā mihi, Jenny
