

## Application for a concession – Come-in-Time

Clause 3 of Schedule 6 outlines the information required in an application for a concession.

The activity applied for, as set out in A.11 (Section 4.3.3, pgs 12-13) of the application, states:

*“A concession (permit) for activities occurring on public conservation land within the Bendigo Historic Reserve as follows:*

- The replacement of the existing walking track to the Come-in-Time Battery via a new marked route west of the battery location (and corresponding closure of the existing short walking track between Thomson Gorge Road and the battery). This route will be comprised of marker poles and / or small scale trail markers to guide walkers and will include the installation of a welcome / information sign at the start of the track at Blue Mines Road; and*
- Any incidental vegetation clearance (including briar) using hand tools only to enable the route”.*

This assessment provides commentary set out in the table below. The assessment comments on whether the information requirements are considered to be met in relation to the concession sought.

As advised during pre-lodgement consultation DOC's view is that other viable alternative access could potentially be provided, using existing tracks and with potentially significantly less effects on conservation values.</p> <p>DOC notes the applicant states the route 'alignment' may be considered through ongoing consultation with DOC.</p>
