Dear Ms Atkins

**Re: Response to Minute 4 - Release of draft decision and draft conditions
Wellington International Airport Southern Seawall Renewal**

Thank you for the opportunity to review and comment on the draft decision and draft conditions for the Wellington International Airport Southern Seawall Renewal project's substantive application under the Fast-track Approvals Act 2024 (the Act).

Wellington City Council ('Council') officers have reviewed the draft decision, resource consent conditions, and Reserves Act conditions. In our view, the draft decision accurately represents the comments provided to the Panel by the Council under section 53 of the Act and through expert conferencing as directed by the Panel.

Council officers have also reviewed Greater Wellington Regional Council's ('GWRC') proposed changes to the draft conditions set out in Attachment 1 of GWRC's response to Minute 4. The Council supports these changes as they will clarify the general conditions under GC.1, GC.4 and GC.9, and provide minor corrections to advice notes and other conditions.

The Council supports the remaining draft resource consent and Reserves Act conditions where GWRC does not comment.

Please do not hesitate to contact me or Susannah Goble at [REDACTED] if you have any questions or require any additional information.

Yours sincerely

Adam McCutcheon
District Planning Manager
