
MINUTE 7 OF THE EXPERT PANEL

Requests for Information

Mt Welcome, Pukerua Bay, Porirua Project

FTAA-2603-1181

(4 August 2026)

[1] The Expert Panel has undertaken a review of the draft conditions related to non RMA approvals on the same basis as that discussed in Minute 5. The base conditions versions used were the drafts attached to the section 51 reports the Panel has received. They therefore include additional conditions suggested by the relevant authority that the applicant has still to advise their view on.

[2] The Panel requests that as part of the response to the section 51 reports the subject of Minute 6, it includes a commentary on the suggestions and queries made by the Panel in the attached documents. The format the applicant adopted in its response to Minute 5 is exactly what is required.

[3] This information is required to be supplied in conjunction with the applicant's response to comments under section 55 of the FTAA, due 7 August.
