
MINUTE 6 OF THE EXPERT PANEL
Request from Applicant to Suspend Application
Ashbourne [FTAA-2507-1087]

(9 December 2025)

1. On 8 December a request to suspend the application for five working days was received from the applicant. The request acknowledged that expert conferencing was scheduled to occur in the coming days and the suspension was requested to enable the applicant more time to get the response from the conferencing back to the Panel.
2. Due to scheduling difficulties, the expert Economists' conferencing is not scheduled to occur until Thursday 11th December. To enable this expert conferencing, including with the Panel's expert, Tim Denne, to still occur the Panel grants the requested five day suspension of the application **from 5pm on Thursday 11th December until 5pm on Wednesday 17th December.** The application will recommence processing on the 18th December 2025.
