The Lessee will co-operate in providing the Council with any relevant information.

6.1 Consent Not Required for Activities pursuant to the Resource Consents: Notwithstanding anything contained in this Lease, this clause 6 shall not apply to the Seawall Infrastructure, any temporary structures (including without limitation any portacombs or containers) reasonably required by the Licensee to carry out the Required Use, or any improvements permitted by or reasonably contemplated by the Resource Consents (such construction to comply with the Resource Consents and any applicable statutory legislation), and this clause 6 shall only apply to future improvements (if any) erected on either Premises by the Lessee.

on the Reserves without first giving plans and specifications of the proposed work (if appropriate) to the Council and obtaining the Council's prior written consent, in addition to any separate approval required from the Council as a regulatory authority.

6.3 Conditions: Without limiting the grounds on which the Council may withhold consent under clause 6.2, the Council may also as a condition of any consent, require that the proposed work:

- (a) is consistent with the Management Plan and Policy; and
- (b) complies with any reasonable standards applicable to the Reserve (whether or not included in the Management Plan or Policy) which the Council may

from time to time set as to the design, quality, materials and colour of any buildings and improvements; and

- (c) will not in the opinion of the Council create more than minor adverse environmental effects or overload or endanger the proper working of any services, utilities or amenities.

6.4 Work Carried Out Under Supervision: If the Council gives its approval and consent under clauses 6.2 and 6.3 then the Lessee must arrange for the Building Work to be carried out under the supervision of an architect, project manager, engineer or other suitably qualified person in a proper and workmanlike manner in accordance with the approved plans and specifications and all approvals, permits and consents.

6.7 Builders' Risk Insurance: During the construction of the Building Work the Lessee must maintain, in the joint names of the Council and the Lessee for their respective interests, builders' risk and public liability insurance for amounts approved by the Council and will provide the Council with a copy of the policies. All Building Work is at the sole risk of the Lessee.

6.8 Council's Power to Stop Works: If during the course of the Building Work the Council reasonably considers the Lessee is failing to adhere to the approved plans or specifications, the project programme, the standards referred to in clause 6.3(a) and 6.3(b), or reasonably considers that the project is not being properly managed, the Council may by notice in writing to the Lessee require that all work on the applicable Premises stop immediately, or require it to take other action as necessary to mitigate the Council's concerns.

6.9 Code Compliance Certificate: On completion of the Building Work the Lessee must provide the Council with a copy of the code compliance certificate under the Building Act 2004 and a complete set of drawings accurately showing buildings and improvements on the applicable Premises as constructed or altered.

It will be a condition of any consent that any approved signs must comply with the relevant Council bylaws, District Plan, Management Plan and Policy and have necessary regulatory approvals. At the expiry or earlier termination of this Lease, the Lessee must remove any such sign, notice or advertising material and make good any damage caused by its removal.

 - (i) the location and type of planting;
 - (ii) where plants will be sourced from;

- (c) If the Council does not provide its approval under clause 7.2(b) (but subject always to clause 7.2(d)), it shall promptly provide the reasons why such approval was not forthcoming, and details of its preferred alternative(s) (if any). The parties shall then engage in good faith to resolve the Council's concerns, failing which, clause 12 shall apply.
- (d) The Council's approval under clause 7.2(b):
 - (i) may not be withheld in circumstances where the planting or landscaping preferred by the Council would:
 - (i) lead to inconsistency with the conditions of the Resource Consents, including any requirements of the ecological management plans required by those conditions; or
 - (ii) obstruct the Obstacle Limitation Surface or otherwise interfere with airport operations; and
 - (ii) shall not otherwise be unreasonably withheld.

7.3 Fencing: The Lessee is solely responsible for fencing both Premises to a reasonable standard having regard to the Required Use, and must maintain all fences to a reasonable standard at all times, at its sole cost. The Lessee must not damage or remove any fencing existing at the commencement of this Lease without the prior written consent of the Council.

7.4 Fencing Act: The Council shall have no liability to contribute to fencing for the purposes of the Fencing Act 1978.

8 INSURANCE, RISK, INDEMNITY AND TAXATION

8.1 Lessee's Public Liability Insurance: The Lessee must keep in full force and effect a public liability insurance policy with a reputable insurance company to cover the Council and Lessee for any claims arising on or from the Lessee's use of both Premises. The amount of that cover must be no less than the minimum public risk insurance cover in the Reference Schedule increased from time to time so as to maintain the real value of the insurance cover to the reasonable satisfaction of the Council. The Lessee will, on request, provide the Council with a copy of the public liability insurance policy and evidence that the Lessee has paid the premium for that insurance policy.

8.2 Lessee Indemnifies the Council: To the extent permitted by law, the Lessee indemnifies the Council against all costs, claims and demands in respect of injury or damage resulting from act or omission of the Lessee or any agent of the Lessee.

8.3 Limitation of Indemnity: Notwithstanding clause 8.2 the Lessee is liable to indemnify the Council only to the extent that the Council is not fully indemnified under any insurance policy.

8.4 Risk: The Lessee uses both Premises at its risk and releases, to the full extent permitted by law, the Council, its employees and agents from all liabilities, claims and demands of any kind which may arise in respect of any accident, damage, injury or loss suffered by any person or property in or about either Premises, or in connection with the Lessee's use of either Premises.

(a) Reserves not insured: the Council has not insured the Reserves against destruction or damage arising from flood, fire, explosion, lightning, storm, earthquake or volcanic activity; and

(b) Lessee to make good: the Lessee, subject to the provisions of section 271(2)(a)-(c) of the Property Law Act 2007, will meet the cost of making good any destruction or damage to either Premises caused by the Lessee and indemnifies the Council against the cost of doing so should the Lessee default in that obligation. To avoid doubt, the Lessee is not responsible for making good any damage, nor does it provide an indemnity for any of the events specified in s 268(1) of the Property Law Act 2007, or for any damage caused by any person not being the Lessee or the Lessee's agent.

8.6 Taxation: Each party is solely responsible and liable for the taxation position it takes in respect of any amount it has paid or received or that it is required to pay or to receive pursuant to this Lease, and no party makes any representation or warranty or is otherwise liable to any other party as to the appropriate taxation position in respect of any amount paid or received or payable or receivable pursuant to this Lease.

- (b) Sub-lease: sub-lease or agree to sub-lease any part of either Premises; or
- (c) Security Interest: grant or agree to grant any security interest (as defined in the Personal Property Securities Act 1999) in or over this Lease or either Premises.

10 SUITABILITY OF PREMISES

10.1 No Warranty by Council: The Council does not warrant that either Premises are or will remain suitable or adequate for the Lessee's purposes. All warranties as to suitability and adequacy implied by law are expressly negative to the full extent permitted by law.

10.2 Safety Measures: The Council is not responsible for providing any safety measures to protect any equipment from water damage, fire, explosion, storm, hazard or potential hazard.

11 DESTRUCTION

11.1 If either Premises are destroyed or so damaged that such Premises cannot be used for the Required Use, then the Lessee may terminate this Lease by six (6) months' written notice to the Council. Any termination of this Lease under this clause will not affect the parties' respective rights, obligations and liabilities which subsist or have accrued on the date of termination under this clause. Following such Premises being so destroyed or damaged, then the parties shall meet in good faith to determine the extent of such damage or destruction, and any dispute, if necessary, shall be determined in accordance with the dispute resolution process set out in clause 12.

12 DISPUTE RESOLUTION

12.1 Negotiation: If any dispute arises between the Council and the Lessee concerning this Lease, the parties will try in good faith to settle the matter by negotiation for a period of sixty (60) working days after the dispute is first notified to the other party, and if that is unsuccessful then the matter will be escalated to the chief executives (or nominees) or both organisations.

12.2 Mediation: If the dispute cannot be settled by negotiation as provided for in clause 12.1, the dispute will be referred to mediation.

12.3 Referral to Arbitrator: The dispute will be referred to a sole arbitrator if the parties agree upon one, and if not then the dispute will be referred to an arbitrator appointed by the then President or Vice President of the New Zealand Law Society.

13.1 Council as Land Owner: The Council has signed this Lease in its non-regulatory capacity as land owner and administering body. This Lease does not bind the Council in its capacity as a regulatory authority in any way, and any consent or agreement the Council gives under this Lease is not an agreement or consent in its regulatory capacity and vice versa. When acting in its regulatory capacity, the Council is entitled to consider all applications to it without regard to this Lease. The Council will not be liable to the Lessee or any other party if, in its regulatory capacity, the Council declines or imposes conditions on any consent or permission that the Lessee or any other party seeks for any purpose associated with this Lease.

1.5 Holding Over: If the Licensee with the consent of the Council continues to occupy the Licensed Area beyond the Term of the Licence, the Licensee will do so under a periodic licence determinable by twenty (20) Working Days' notice in writing given at any time by either party to the other and otherwise on the terms contained in this Licence, including payment of the Licence Fee at the rate payable at the expiry of the applicable Term.

4.4 Reporting Requirements: The Licensee agrees to share with the Council such information on its activities as may reasonably be requested by the Council from time to time. As a minimum requirement, the Licensee will comply with the Reporting Requirements set out in the Reference Schedule.

The Licensee will co-operate in providing the Council with any relevant information.

6 BUILDINGS AND PAINTING

6.1 Consent Not Required for Activities pursuant to the Resource Consents: Notwithstanding anything contained in this Licence, this clause 6 shall not apply to the Seawall Infrastructure, any temporary structures (including without limitation any portacoms or containers) reasonably required by the Licensee to carry out the Required Use, or any improvements permitted by or reasonably contemplated by the Resource Consents, and this clause 6 shall only apply to other improvements (if any) subsequently erected on the Licensed Area by the Licensee.

- (a) erect any building or improvement, or
- (b) alter, reinstate or extend any existing building or improvement; or
- (c) advertise on any existing building or improvement; or
- (d) paint the exterior of any building or improvement

on the Licensed Area without first giving plans and specifications of the proposed work (if appropriate) to the Council and obtaining the Council's prior written consent, in addition to any separate approval required from the Council as a regulatory authority.

6.3 Conditions: Without limiting the grounds on which the Council may withhold consent under clause 6.2, the Council may also as a condition of any consent, require that the proposed work:

- (a) is consistent with the Management Plan and Policy; and
- (b) complies with any reasonable standards applicable to the Reserve (whether or not included in the Management Plan or Policy) which the Council may from time to time set as to the design, quality, materials and colour of any buildings and improvements; and

- (c) will not in the opinion of the Council create more than minor adverse environmental effects or overload or endanger the proper working of any services, utilities or amenities.

- 6.4 Work Carried Out Under Supervision:** If the Council gives its approval and consent under clauses 6.2 and 6.3, then the Licensee must arrange for the Building Work to be carried out under the supervision of an architect, project manager, engineer or other suitably qualified person in a proper and workmanlike manner in accordance with the approved plans and specifications and all approvals, permits and consents.

- 6.7 Builders' Risk Insurance:** During the construction of the Building Work the Licensee must maintain, in the joint names of the Council and the Licensee for their respective interests, builders' risk and public liability insurance for amounts approved by the Council and will provide the Council with a copy of the policies. - 6.9 Code Compliance Certificate:** On completion of the Building Work the Licensee must provide the Council with a copy of the code compliance certificate under the Building Act 2004 and a complete set of drawings accurately showing buildings and improvements on the Licensed Area as constructed or altered.
- 6.10 Signs:** The Licensee must not erect, paint, display or allow on the Licensed Area any signs, notices or advertising material unless the Licensee first obtains the written consent of the Council in each case. It will be a condition of any consent that any approved signs must comply with the relevant Council bylaws, District Plan, Management Plan and Policy and have necessary regulatory approvals. At the expiry or earlier termination of this Licence, the Licensee must remove any such sign, notice or advertising material and make good any damage caused by its removal.

7 GROUNDS MAINTENANCE

- 7.1 Tidy Condition:** To the extent provided for in the Resource Consents, the Licensee must at all times, at its sole cost, maintain the grounds and surrounds of the Licensed Area in a tidy and attractive condition to the satisfaction of the Council, including:

- (c) removing any externally visible graffiti on the Licensed Area within five (5) Working Days of any defacement occurring.

7.2 Plants: The Licensee may plant new plants on the Licensed Area in places approved by the Council. To avoid doubt, this clause does not limit the right of the Licensee to plant plants in accordance with the separate licence granted by the panel under the FTAA to the Licensee for the monitoring and maintenance of planting within the Reserve Restoration Area (part of which is in the Licensed Area) in accordance with the Resource Consents and the terms and conditions of such separate licence.

7.3 Fencing: The Licensee is solely responsible for fencing the Licensed Area to a reasonable standard having regard to the Required Use, and must maintain all fences to a reasonable standard at all times, at its sole cost. The Licensee must not damage or remove any fencing existing at the commencement of this Licence without the prior written consent of the Council.

7.4 Fencing Act: The Council shall have no liability to contribute to fencing for the purposes of the Fencing Act 1978.

8 INSURANCE, RISK, INDEMNITY AND TAXATION

8.1 Licensee's Public Liability Insurance: The Licensee must keep in full force and effect a public liability insurance policy with a reputable insurance company to cover the Council and Licensee for any claims arising on or from the Licensee's use of the Licensed Area. The amount of that cover must be no less than the minimum public risk insurance cover in the Reference Schedule increased from time to time so as to maintain the real value of the insurance cover to the reasonable satisfaction of the Council. The Licensee will, on request, provide the Council with a copy of the public liability insurance policy and evidence that the Licensee has paid the premium for that insurance policy.

8.2 Licensee Indemnifies the Council: To the extent permitted by law, the Licensee indemnifies the Council against all costs, claims and demands in respect of injury or damage resulting from act or omission of the Licensee or any agent of the Licensee.

8.3 Limitation of Indemnity: Notwithstanding clause 8.2 the Licensee is liable to indemnify the Council only to the extent that the Council is not fully indemnified under any insurance policy.

8.4 Risk: The Licensee uses the Licensed Area at its risk and releases, to the full extent permitted by law, the Council, its employees and agents from all liabilities, claims and demands of any kind which may arise in respect of any accident, damage, injury or loss suffered by any person or property in or about the Licensed Area, or in connection with the Licensee's use of the Licensed Area.

8.5 Section 271 Property Law Act 2007: For the purposes of section 271 of the Property Law Act 2007, the Licensee acknowledges and agrees that:

- (a) Reserves not insured: the Council has not insured the Reserves against destruction or damage arising from flood, fire, explosion, lightning, storm, earthquake or volcanic activity; and
- (b) Licensee to make good: the Licensee, subject to the provisions of section 271(2)(a)-(c) of the Property Law Act 2007, will meet the cost of making good any destruction or damage to the Licensed Area caused by the Licensee and indemnifies the Council against the cost of doing so should the Licensee default in that obligation. To avoid doubt, the Licensee is not responsible for making good any damage, nor does it provide an indemnity for any of the events specified in s 268(1) of the Property Law Act 2007, or for any damage caused by any person not being the Licensee or the Licensee's agent.

8.6 Taxation: Each party is solely responsible and liable for the taxation position it takes in respect of any amount it has paid or received or that it is required to pay or to receive pursuant to this Licence, and no party makes any representation or warranty or is otherwise liable to any other party as to the appropriate taxation position in respect of any amount paid or received or payable or receivable pursuant to this Licence.

9 NO ASSIGNMENT

- (a) Assign: assign or agree to assign this Licence or any of the Licence Rights;
- (b) Sub-license: sub-license or agree to sub-license any of the Licensed Area; or
- (c) Security Interest: grant or agree to grant any security interest (as defined in the Personal Property Securities Act 1999) in or over this Licence or the Licensed Area.

9.2 Local Government Reorganisation: The Licensee acknowledges that, in the event of any local government reorganisation affecting the Council, the Council may assign or novate this Licence (in whole or in part) to any successor local authority or public entity without the Licensee's consent, and the Licensee must do all things reasonably required to give effect to that assignment or novation.

10 SUITABILITY OF LICENSED AREA

10.1 No Warranty by Council: The Council does not warrant that the Licensed Area is or will remain suitable or adequate for the Licensee's purposes. All warranties as to suitability and adequacy implied by law are expressly negative to the full extent permitted by law.

10.2 Safety Measures: The Council is not responsible for providing any safety measures to protect any equipment from water damage, fire, explosion, storm, hazard or potential hazard.

11 DESTRUCTION

11.1 If the Licensed Area is destroyed or so damaged that the Licensed Area cannot be used for the Required Use, then the Licensee may terminate this Licence by, six (6) months' written notice to Council. Any termination of this Licence under this clause

will not affect the parties' respective rights, obligations and liabilities which subsist or have accrued on the date of termination under this clause. Following such Licensed Area being so destroyed or damaged, then the parties shall meet in good faith to determine the extent of such damage or destruction, and any dispute, if necessary, shall be determined in accordance with the dispute resolution process set out in clause 12.

12 DISPUTE RESOLUTION

- 12.1 Negotiation:** If any dispute arises between the Council and the Licensee concerning this Licence, the parties will try in good faith to settle the matter by negotiation for a period of sixty (60) working days after the dispute is first notified to the other party, and if that is unsuccessful then the matter will be escalated to the chief executives (or nominees) or both organisations.
- 12.2 Mediation:** If the dispute cannot be settled by negotiation as provided for in clause 12.1, the dispute will be referred to mediation.
- 12.3 Referral to Arbitrator:** The dispute will be referred to a sole arbitrator if the parties agree upon one, and if not then the dispute will be referred to an arbitrator appointed by the then President or Vice President of the New Zealand Law Society.

- (d) paint the exterior of any building or improvement

on the Licensed Area except as provided for in the Resource Consents or as otherwise reasonably required by the Licensee to monitor and maintain the Stage 2 Kororā Colony.

- (a) is consistent with the Management Plan and Policy; and
- (b) complies with any reasonable standards applicable to the Reserve (whether or not included in the Management Plan or Policy) which the Council may from time to time set as to the design, quality, materials and colour of any buildings and improvements; and
- (c) will not in the opinion of the Council create more than minor adverse environmental effects or overload or endanger the proper working of any services, utilities or amenities.

6.3 Work Carried Out Under Supervision: If the Council gives its approval and consent under clauses 6.1 and 6.2 then the Licensee must arrange for the Building Work to be carried out under the supervision of an architect, project manager, engineer or other suitably qualified person in a proper and workmanlike manner in accordance with the approved plans and specifications and all approvals, permits and consents.

6.5 No Warranty: In granting consent or approval under this section 6 the Council will not be deemed to have warranted that the plans or specifications are suitable for the Licensee's purposes or that any person involved in the work is suitable or adequately qualified.

6.6 Builders' Risk Insurance: During the construction of the Building Work the Licensee must maintain, in the joint names of the Council and the Licensee for their respective interests, builders' risk and public liability insurance for amounts approved by the Council and will provide the Council with a copy of the policies. All Building Work is at the sole risk of the Licensee.

The amount of that cover must be no less than the minimum public risk insurance cover in the Reference Schedule increased from time to time so as to maintain the real value of the insurance cover to the reasonable satisfaction of the Council. The Licensee will, on request, provide the Council with a copy of the public liability insurance policy and evidence that the Licensee has paid the premium for that insurance policy.

8.2 Licensee Indemnifies the Council: To the extent permitted by law, the Licensee indemnifies the Council against all costs, claims and demands in respect of injury or damage resulting from act or omission of the Licensee or any agent, of the Licensee.

8.5 Section 271 Property Law Act 2007: For the purposes of section 271 of the Property Law Act 2007, the Licensee acknowledges and agrees that:

To avoid doubt, the Licensee is not responsible for making good any damage, nor does it provide an indemnity for any of the events specified in s 268(1) of the Property Law Act 2007, or for any damage caused by any person not being the Licensee or the Licensee's agent.

8.6 Taxation: Each party is solely responsible and liable for the taxation position it takes in respect of any amount it has paid or received or that it is required to pay or to receive pursuant to this Licence, and no party makes any representation or warranty or is otherwise liable to any other party as to the appropriate taxation position in respect of any amount paid or received or payable or receivable pursuant to this Licence.

To avoid doubt, the Licensee is not responsible for making good any damage nor does it provide an indemnity for any of the events specified in s 268(1) of the Property Law Act 2007, or for any damage caused by any person not being the Licensee or the Licensee's agent.

10 SUITABILITY OF LICENSED AREA

When acting in its regulatory capacity, the Council is entitled to consider all applications to it without regard to this Licence.
