

Appendix C – EPA Confirmation of Receipt and Circulation

Project: State Highway 1 North Canterbury – Woodend Bypass Project (Belfast to Pegasus)

Application ID: FTAA-2512-1157

Submitter: Jan Vlk, [REDACTED]

This appendix contains email confirmation from the Fast-track / EPA team that my original comment and supporting attachments were received and passed to both the Panel and the Applicant.

This is provided to confirm that the local noise measurement and community support material were before the Panel and the Applicant prior to the Applicant's response to comments.

The relevant confirmation email stated:

"I can confirm that your comments and attachments have been passed to the panel and the applicant."

This supports my concern that the Applicant had access to the material, but its response did not clearly answer whether Kaiapoi residential receivers were included in the operational road-traffic noise assessment or mitigation framework.

Confirmation of receipt requested — SH1 North Canterbury Comment
