**Re: Request for Further Information (RFI #2) - Haldon Solar FTAA-2508-1097**

We refer to your letter dated 16 February 2026 requesting further information under section 67 of the Fast-track Approvals Act 2024 in relation to the Haldon Solar application.

Please find attached Lodestone Energy Limited's response to Questions 1 and 2 (Landscape Effects). As noted in the attached memo, aspects of the response refer to the proposed Ecology Management Plan, which remains subject to the results of field surveys currently underway and may be updated accordingly.

In respect of the ecology-related questions (including invertebrates and vegetation), as previously communicated, Lodestone and its consultants are completing additional field surveys to ensure a comprehensive and technically robust response. We confirm that responses to those questions will be provided on or before 31 March 2026.

If any matters arise in the interim, please do not hesitate to contact us.

Regards,

**Daniel Cunningham**  
**GM, Development - Lodestone Energy Limited**
