Dear Alex

Reference: Hananui Aquaculture Project (FTAA-2511-1138)

As identified in the correspondence from Ngāi Tahu Seafood (NTS) on 22 May 2026, NTS has continued to discuss proposed consent conditions with mana whenua, Environment Southland, the Department of Conservation and the Ministry for Primary Industries. As a result of those discussions, some further updates to the proposed consent conditions have been made by NTS.

An updated set of consent conditions is enclosed, with updates since 22 May 2026 highlighted in blue. We have also updated the overall explanatory table to match, and this may be of assistance to parties when the Panel sends out the proposed consent conditions as well.

Please do not hesitate to contact the undersigned if you have any queries.

Yours sincerely

Stantec New Zealand
