BETWEEN AUCKLAND CITY COUNCIL ("Owner")

AND AUCKLAND CITY COUNCIL ("Council")

BACKGROUND

- A.** The Owner is the registered proprietor of the First Recipient Land and the Second Recipient Land.
- B.** The District Plan in rule 6.7.2.5, provides for Heritage Floorspace Bonus to be awarded when buildings of heritage value are retained and conserved, and allow that Bonus to be transferred to one or more sites within certain zones of the District Plan.
- C.** By the First Consent the Council awarded Bonus of 31,882m² for the Building.
- D.** By the Second Consent the Council granted consent for the Owner to transfer 25,000m² of Bonus from the Heritage Site Land to the First Recipient Land and 6,882m² of Bonus from the Heritage Site Land to the Second Recipient Land.
- E.** The District Plan requires that all transfers of Bonus are recorded on the certificate of title of the donor site and the recipient site and this deed has been entered into as a covenant under section 108 of the Resource Management Act 1991.

WITNESSES AS FOLLOWS:

1. INTERPRETATION

In this covenant unless the context indicates otherwise:

"Bonus" means Heritage Floorspace Bonus as that term is defined in the District Plan;

"Building" means the building known as the former Chief Post Office Building situated on the Heritage Site Land;

"Council" means the Auckland City Council and its successors as territorial authority of the district where all the land referred to in this deed is situated;

"District Plan" means the operative Auckland City District Plan – Central Area Section;

"First Consent" means the resource consent granted by the Council dated 5 February 1997 (file reference Consent No. A96/063/00);

"**Heritage Site Land**" means the land at 12 Queen Street, Auckland described in certificate of title 93982 (North Auckland Registry);

"**Operative Date**" means the date of registration of this deed with Land Information New Zealand;

"**Owner**" means the owner named in this deed and includes the Owner's successors but only as long as they are registered proprietor of the First Recipient Land and the Second Recipient Land;

"**First Recipient Land**" means the land at 73-83 Customs Street West, Auckland described in certificate of title 15A/424 (North Auckland Registry);

"**Second Recipient Land**" means the land at 52-56 High Street, Auckland described in certificate of title 63B/975 (North Auckland Registry); and

"**Second Consent**" means the resource consent granted by the Independent Planning Commissioner appointed by the Council dated 7 February 2005 (file reference LUC20040889401).

2. COVENANTS

The Owner acknowledges and covenants that an area of Bonus of 25,000m² has been transferred from the Heritage Site Land to the First Recipient Land and an area of Bonus of 6,882m² has been transferred from the Heritage Site Land to the Second Recipient Land in accordance with the Second Consent, effective as of the Operative Date.

3. STATUTORY POWERS NOT AFFECTED

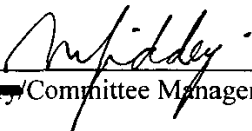

Nothing in this deed is to be treated as limiting any other rights or powers which the Council may have under any statute, bylaw or regulation except as expressly provided in this deed.

Executed as a deed.

2. GENERAL PROVISIONS RELATING TO EASEMENTS

The following provisions are applicable to the easements recorded in this certificate:

- 2.1 No power is implied in respect of any easement for the Grantor to determine the easement for breach of any provision in this certificate (whether express or implied) or for any other cause, it being the intention of the parties that each easement shall subsist for all time unless contrary provisions are specifically set out in the easement or unless that easement is surrendered.
- 2.2 If any party ("the defaulting party") neglects or refuses to perform or join with the other party ("the other party") in performing any obligation under this certificate, the following provisions shall apply:
 - 2.2.1 the other party may serve on the defaulting party a written notice ("a default notice") requiring the defaulting party to perform or to join in performing such obligation and stating that, after the expiration of 14 days from service of the default notice the other party may perform such obligation;

2.2.2 if at expiry of the default notice the defaulting party still neglects or refuses to perform or join in performing the obligation the other party may:

- (a) perform such obligation; and
- (b) for that purpose enter the relevant Servient Tenement or Dominant Tenement and carry out any work set out to remedy the default specified in the notice.

2.3 The defaulting party shall be liable to pay to the other party the costs of the default notice and a specified proportion (being the proportion applicable to that party in respect of the terms of that easement) of the costs incurred in performing such obligation.

2.4 The other party may recover from the defaulting party as a liquidated debt any money payable pursuant to this subclause.

2.5 The Grantor shall not do any act which impedes, interferes with or restricts the rights of the Grantee and Other Authorised Persons in relation to any easement.

2.6 The Grantee may for the purpose of complying with any obligation of the Grantee under this certificate in relation to any easement:

2.6.1 enter the Servient Tenement with or without agents, employees and contractors with all necessary tools, implements, machinery, vehicles or equipment; and

2.6.2 remain on the Servient Tenement for such time as is reasonable for the purpose of performing such obligation.

In exercising any of the rights under this subclause the Grantee shall:

2.6.3 cause as little damage, disturbance, inconvenience and interruption to the Servient Tenement and to the use of the Servient Tenement as is reasonably necessary;

2.6.4 forthwith make good any damage to the Servient Tenement and to the occupier of the Servient Tenement; and

2.6.5 obtain from the Grantor where the Grantor has leased the Servient Tenement prior to the registration of this certificate, the consent of the tenant of the Servient Tenement to the entry on the Servient Tenement and where such lease of the Servient Tenement provides for the Lessor to enter the demised premises for the purpose of effecting such work or repairs then the Grantor agrees

to enforce that covenant against the tenant where the covenant would apply.

2.7 The parties acknowledge that at the date of this certificate there are structures which encroach onto the following easement areas:

- (a) 2 columns in the Fire Escape Easement area;
- (b) Display cabinets in the First Pedestrian Easement area;
- (c) Planters in Second Pedestrian Easement area; and
- (d) Other encroachments all as recorded in a Deed of Licence dated June 1996 between the Auckland City Council and AMP Perpetual Trustee Company NZ Limited and others.

2.8 The Grantor agrees that it shall not:

- 2.8.1 erect or place any more obstructions or encroachments in or on any of the easement areas than those set out in clause 2.7 above; and
- 2.8.2 on a redevelopment of any of the buildings in the easement areas or the redevelopment of the easement areas themselves the Grantor will use its best endeavours to have the obstruction or encroachment removed or at least reduced in its impact on the easement area.

3. THE FIRE ESCAPE EASEMENT

The following provisions shall apply to the Fire Escape Easement:

- 3.1 The Grantee and Other Authorised Persons have the right in common with the Grantor to pass and repass on foot over the Fire Escape Easement area to enable access to and from the Downtown Carpark Site in the case of fire or other emergencies;
- 3.2 The Grantor shall be responsible for keeping the Fire Escape Easement area maintained and in good clean order, repair and condition;
- 3.3 The Grantor shall have the right to cancel this easement by notice in writing to the Grantee if at any time the Downtown Carpark Site ceases to be used principally as a carparking building and upon receipt of such notice of cancellation the Grantee will execute a registrable surrender form of the Fire Escape Easement and produce all titles and instruments to enable such surrender to be registered.

THE FIRST PEDESTRIAN LINK EASEMENT

The following provisions shall apply to the First Pedestrian Link Easement:

- 4.1 The Grantee and Other Authorised Persons have the right in common with the Grantor to pass and repass on foot over the First Pedestrian Link Easement area for all purposes connected with the use and enjoyment of the Downtown Carpark Site.
- 4.2 The rights granted in respect of the public use of the First Pedestrian Link Easement are restricted to use during the First Pedestrian Link Business Hours provided that such a part of the First Pedestrian Link Easement area as is necessary to enable access between the carpark on the Downtown Carpark Site and the Second Pedestrian Link Easement shall be kept open for the same hours as the carpark on the Downtown Carpark Site is not closed (with the balance of the First Pedestrian Link Easement area being closed off by way of a security screen or other similar mechanism as the Grantor should wish).
- 4.3 Following prior consultation with the Grantee, the Grantor may install planters, seats and other aesthetic improvements in the First Pedestrian Link Easement area provided that the same or part thereof shall be removed if in the reasonable opinion of the Grantee it or they are causing or are likely to cause undue obstruction to ingress and egress through the First Pedestrian Link Easement area.
- 4.4 The Grantor shall be responsible for the maintenance of the First Pedestrian Link Easement area to maintain it in good clean order, repair and condition.
- 4.5 The Grantor shall have the right to relocate the First Pedestrian Link Easement within the Convention Centre Site to link up with the relocated airbridge over Lower Albert Street if the registered proprietor of the Convention Centre Site and the registered proprietor or proprietors of the Downtown Retail Centre agree (subject to Resource Management Act consent or equivalent or replacement consent only) to relocate the airbridge at a different point across Lower Albert Street, and the provisions of clause 4.6 will apply to such relocation with all necessary modifications except that such relocated easement will either be in accordance with:
 - 4.5.1 the diagram attached to the Agreement for Sale and Purchase dated 13 October 1995 between the Auckland City Council and AMP Perpetual Trustee Company NZ Limited provided that the length of the relocated easement running parallel and nearest to the boundary of the Convention Centre Site and the Downtown Carpark Building Site shall not exceed 30 metres measured from the centre point of the existing easement on such boundary to the centre point of the relocated easement at the point that it then traverses from west to east at the southern end of the Convention

Centre Site parallel to the original easement, and provided that such relocated easement will satisfy the reasonable requirements as to public safety, pedestrian interest and convenience; or

4.5.2 such other alternative path as may be agreed between the Grantor and Grantee and which satisfies the Grantee's reasonable requirements as to public safety, pedestrian interest and convenience.

4.5.3 **PROVIDED THAT:**

- (a) The Grantee has received and approved plans of the replacement right of way (such approval not to be unreasonably withheld and, in the absence of reasonable grounds for withholding approval, such approval to be given within 30 working days of receipt of these plans); and
- (b) The Grantor has first executed a registrable memorandum of transfer or easement certificate in favour of the Grantee so as to enable the creation of the replacement right of way; and
- (c) The Grantor has undertaken to register the surrender contemporaneously with the memorandum of transfer or easement certificate creating the replacement right of way

then the Grantee will within 10 working days of receipt of a surrender of the right of way execute such surrender.

4.5.4 The Grantor will prepare all necessary documentation and pay all reasonable costs of replacing the right of way (including the Grantees reasonable legal costs).

4.6 If the Grantor at any time while the First Pedestrian Link Easement is in force, wishes to undertake an Event and should that Event prejudice or be likely to prejudice the continued use of the First Pedestrian Link Easement then, provided the Grantor has given 20 working days prior written notice of such work to the Grantee, the Grantor may:

4.6.1 suspend the operation of such grant during the period or periods of such demolition, redevelopment, upgrading, refurbishment dealing or development of the Servient Tenement; and/or

4.6.2 move the location of the right of way (to be either over the servient land or over the Airline Terminate Site) as long as in each of the situations mentioned in clause 4.7:

- (a) the Grantor provides, from the time the Event prejudices the use of the right of way and so long as this occurs, a replacement right of way to be not less than 5 metres wide and to have a floor to ceiling height during any temporary relocation of the easement of not less than 2.5 metres but at all other times to have a floor to ceiling height of not less than 3.35 metres (though the RL's referred to on Deposited Plan 173192 may be adjusted to take account of any raising or lowering of the floor level) and which comprises a good, safe, well lit, and continuous access between the walkway over the lower Albert Street and the pedestrian access to the public carpark on the north east corner of the Dominant Tenement; and
- (b) the total length of the permanent replacement right of way does not exceed the total length of the original right of way by more than 30 metres, but
- (c) in the case of a temporary relocation of the easement the Grantor shall use its best endeavours to comply with (b) above but if this is not reasonably possible then the length shall be kept to as reasonably short a distance as possible.

4.7 In the provisions of clause 4.6 "Event" means any demolition, redevelopment, upgrading or refurbishment of the building(s) existing at the date of this certificate on the Convention Centre Site.

5. THE SECOND PEDESTRIAN LINK EASEMENT

The following provisions shall apply to the Second Pedestrian Link Easement:

- 5.1 The Grantee and Other Authorised Persons shall have the right in common with the Grantor to pass and repass on foot over the Second Pedestrian Link Easement area.
- 5.2 The rights hereby granted in respect of the public use of the Second Pedestrian Link Easement are restricted to use during the Second Pedestrian Link Business Hours provided that the Grantor shall not be required to provide access in terms of this easement until the proposed walkway or bridge over Quay Street to Princess Wharf (referred to in clause 5.5 below) has been constructed.
- 5.3 Following prior consultation with the Grantee, the Grantor may install planters, seats and other aesthetic improvements in the Second Pedestrian Link Easement area provided that the same or part thereof shall be removed

if in the reasonable opinion of the Grantee it or they are causing or are likely to cause undue obstruction to ingress and egress through the Second Pedestrian Link Easement area.

- 5.4 Subject to clause 5.7 the Grantor shall be responsible for the maintenance of the Second Pedestrian Link Easement area to maintain it in good clean order, repair and condition.
- 5.5 The parties acknowledge that the purpose of this pedestrian easement is to link the First Pedestrian Link Easement through an uncovered walkway or bridge (or such other design for access as may be agreed in writing between the Grantor and the Grantee and the hotel operator of the Travelodge Site) over Quay Street to Princes Wharf and the Grantor shall have the right to cancel this easement by notice in writing to the Grantee of construction of the bridge over Quay Street to Princes Wharf has not been completed by 31 December 2003.
- 5.6 The Grantor shall not as a result of granting this easement be obliged to upgrade the structural integrity of the existing building on the Airline Terminal Site to support the walkway or bridge.
- 5.7 The Grantee will be responsible for all costs incurred in forming physically the Second Pedestrian Link Easement through the Airline Terminal Site. After formation the Grantor will be responsible for meeting ongoing maintenance costs and insurance in respect of this easement area including any consequential costs imposed by any authority under the Building Act 1991 or otherwise. The Grantee and the Grantor will each also meet one half of the cost of any future refurbishment cost in respect of the Second Pedestrian Link Easement Area.
- 5.8 The Grantor shall give the Grantee reasonable access over the Airline Terminal Site to construct the Second Pedestrian Link Easement.
- 5.9 Should the Grantor wish to develop the Airline Terminal Site it shall do so in such a manner as to not prejudice the Grantee rights to the Second Pedestrian Link Easement or to interrupt those rights unless during such period of interruption it provides for a replacement right of way as set out in clause 5.10.
- 5.10 If the Grantor at any time while the Second Pedestrian Easement is in force, wishes to undertake an Event and should that Event prejudice or be likely to prejudice the continued use of the Second Pedestrian Easement then, provided the Grantor has given 20 working days prior written notice of such work to the Grantee, the Grantor may:
 - 5.10.1 suspend the operation of such grant during the period or periods of such demolition, redevelopment, upgrading, refurbishment dealing or development of the Servient Tenement; and/or

5.10.2 move the location of the right of way (to be over the servient land) as long as in each of the situations mentioned in clause 5.10.3:

- (a) the Grantor provides, from the time the Event prejudices the use of the right of way and so long as this occurs, a replacement right of way to be not less than 5 metres wide and to have a floor to ceiling height during any temporary relocation of the easement of not less than 2.5 metres but at all other times to have a floor to ceiling height of not less than 3.35 metres (though the RL's referred to on Deposited Plan 173192 may be adjusted to take account of any raising or lowering of the floor level and which comprises a good, safe, well lit, and continuous access between the First Pedestrian Easement and the walkway or bridge over Quay Street referred to in clause 5.10 above;
- (b) the total length of the permanent replacement right of way is not substantially longer than the total length of the original right of way; but
- (c) in the case of a temporary relocation of the easement the Grantor shall use its best endeavours to comply with (b) above but if this is not reasonably possible then the length shall be kept to as reasonably short a distance as possible;
- (d) there is a proper linkage of the walkway or bridge over Quay Street with the second Pedestrian Link Easement so that the users of this link do not have to negotiate an unreasonable number of steps or gradients to and from this Easement and the walkway or bridge.

5.10.3 In the provisions of this clause 5.10 "Event" means any demolition, redevelopment, upgrading or refurbishment of the building(s) existing at the date of this certificate on the Airline Terminal Site.

~~THE SUPPORT EASEMENT~~

~~The following provisions shall apply to the Support Easement.~~

6.1 The Grantee shall be entitled to use, encroach on and enjoy the Support Easement area and to erect, and when erected modify, support columns for ~~a bridge or walkway on this area.~~

~~6.2 The parties acknowledge that the principal support of the walkway/bridge shall be situated clear of the Airline Terminal Site and on the northern side of the footpath and designed with the only support on the Airline Terminal Site being up to first floor level well forward from the Quay Street frontage and designed so that there is minimal obstruction to the ground floor retail areas on that site.~~

6.3 The parties agree that until the Airline Terminal Site is redeveloped up to three support posts having up to a maximum diameter or square of 600mm (or such lesser proportions or number of posts as the parties' respective engineers may approve) supported by either piles or foundation pads of up to a maximum diameter or square of 1000mm (or such lesser proportions as the parties' respective engineers may approve) may be located within the Support Easement area for the purpose of supporting the suspended bridge link from the end of the bridge over Quay Street terminating on the Quay Street boundary of area "D" and "F" to the existing building on the Airline Terminal Site to the south of area "D" and "F".

6.4 If as a result of the redevelopment of the Airline Terminal Site area "D" and "F" is insufficient as an easement support area (for example if the new development is built further back from the roadway) then the Grantee will be entitled to span this additional area, with the result that the easement of support area "D" and "F" may be enlarged at the request of the Grantee to cover any such additional area provided that any such enlargement of support easement area "D" and "F" shall be in a part of the Airline Terminal Site which has not then had a building or other improvements constructed on it.

6.5 The parties acknowledge and agree that it is their intention that the depth of the Support Easement shall be such that there is always sufficient support provided for the integrity of the walkway or bridge and the support structures of the walkway or bridge in the Support Easement area. It is therefore agreed:

6.5.1 The Grantor may redevelop the Airline Terminal Site and use the land under the Support Easement area.

6.5.2 Where this redevelopment is under the support structure of the walkway or bridge or so close to these structures on the Support Easement area that, in the Grantee's reasonable opinion as supported by independent engineering evidence, the integrity of those support structures or the walkway or bridge is at risk, then the Grantor shall carry out its redevelopment in such a manner so that there is always sufficient support provided to the support structures of the walkway or bridge in the Support Easement area.

~~6.5.3 The Grantor shall if it is necessary in the reasonable opinion of the Grantee and with the prior written approval of the Grantee replace the support structures.~~

6.5.4 The Grantor shall pay for all work, fees, engineer's fees, costs and requirements which arise either directly or indirectly as a result of the exercise of the Grantor's rights under this clause 6.5 including reimbursing to the Grantee any of the Grantee's costs and expenses.

6.6 The Grantor at its cost will arrange for an independent engineer to certify prior to undertaking such redevelopment the sufficiency of such support for the structural integrity of the walkway or bridge.

7. THE EMERGENCY EASEMENT

The following provisions shall apply to the Emergency Easement:

7.1 The Grantee and Other Authorised Persons have the right, in common with the Grantor, to pass and repass in the case of fire or other emergencies:

- (a) on foot; and
- (b) with motor and other vehicles laden and unladen, machinery and instruments of any kind for all purposes connected with the use and enjoyment of the Dominant Land over and along the Emergency Easement area.

7.2 The Grantor shall be responsible for the maintenance of the emergency easement area in good, clean order, repair and condition.

7.3 The Grantor shall have the right to cancel this easement by notice in writing to the Grantee if at any time the Downtown Carpark Site ceases to be used principally as a carparking building and upon receipt of such notice of cancellation the Grantee will execute a registrable surrender form of the Emergency Easement and produce all titles and instruments to enable such surrender to be registered.

8. THE PROJECTION EASEMENTS

The following provisions shall apply to the First Projection Easement and the Second Projection Easement:

8.1 The Grantee has the right to maintain and keep within the First Projection Easement Area the sign, airconditioning units and the facade of eaves which encroach into this area at the date of this easement certificate.

- 8.2 The Grantee has the right to maintain and keep within the Second Projection Easement Area the facade of eaves which encroach into this area at the date of this easement certificate.
- 8.3 The Grantor has the right to cancel this First Projection Easement and the Second Projection Easement at the time the existing carpark building on the Downtown Carpark Site is demolished or refurbished to such an extent that the First Projection Easement and the Second Projection Easement are no longer necessary.

9. THE ELECTRICITY EASEMENT

The following provisions shall apply to the Electricity Easement:

- 9.1 The Grantee and other persons authorised have the right to lead and convey electricity and electric impulses without interruption or impediment from the public street adjoining the Servient Tenement by means of conduits, cables or pipes laid or to be laid under surface of the soil through the soil of the Electricity Easement area to the Dominant Tenement and to maintain in the area marked "M" on Deposited Plan 173192 such transmission equipment as is necessary for the efficient running of the supply of electricity through the electricity easement area to the Downtown Carpark Site.
- 9.2 The Grantee shall be responsible for:
- (a) the installation of the energy supply;
 - (b) the repair and maintenance of the energy supply so as to keep the same in good order and condition and to prevent the same becoming a danger or nuisance; and
 - (c) the cost of any repair or reinstatement to the electricity easement area (including resurfacing) if work is undertaken in this area.
- 9.3 The Grantor agrees that if required by the Grantee or the relevant supplier of electricity in the area that it will grant an easement in usual form (including a relocation clause to facilitate any redevelopment of the Travelodge Site) in favour of the Grantee or the relevant supplier to give effect to this easement.

10. RESOLUTION OF DISPUTES

- 10.1 If any dispute or difference arises between the parties in any way arising out of or in connection with this agreement, either party may give written notice of its intention to refer such dispute or difference to mediation.

10.2 If a request to mediate is made then the parties shall endeavour to agree on a mediator and shall submit the matter in dispute to the mediator. The mediator shall discuss the matter with the parties (separately or jointly in the discretion of the mediator) and endeavour to resolve it by their agreement. All discussions in the mediation shall be without prejudice and shall not be referred to in any later proceedings. The parties shall bear their own costs in the mediation and shall each pay half the costs of the mediator.

10.3 Where:

10.3.1 a notice of mediation is not served; or

10.3.2 the parties have agreed upon mediation but have been unable within seven days of such agreement to agree upon a mediator; or

10.3.3 no agreement has been reached in mediation within two months of the service of the notice of mediation, or within such further time as the parties may agree;

then the matter in dispute may be referred to arbitration upon the service of a notice of intention to commence arbitration and the arbitration shall be governed by the Arbitration Act 1908 except to the extent modified by this agreement.

10.4 The arbitration shall be by a single arbitrator. If the parties cannot agree upon an arbitrator within seven days of the notice of intention to commence arbitration, either party may request the president of the Arbitrator Institute of New Zealand Incorporated to appoint a sole arbitrator. Either party may request the appointment of an assessor to sit with the arbitrator by any such assessor shall have an advisory role and shall not have the authority to make a binding decision. If the parties cannot agree within a reasonable time to agree upon an assessor then the arbitrator may appoint an assessor.

2. Terms, conditions, covenants, or restrictions in respect of any of the above easements:

Registration - Auckland City Council - AMP Perpetual Trustee Company Ltd

We have dealt with all your rejection requirements apart from requirement number 4, which we read as saying -

"We are unable to register projection easements. It appears by your definition that the said easement is an encroachment easement. Therefore an encroachment easement can only be registered if it is an easement of support. Delete reference to projection easement in your schedule of easement certificate and in your explanation page 12 and 13. Also delete support easement explanations - pages 10, 11 and 12 as it doesn't relate to schedule."

We do not agree that the projection easement is not registerable. It is in effect a form of encroachment although normally encroachment refers to an inadvertent or unintentional encroachment onto an adjoining property owned by another owner whereas, in this case, at the time the structures in question were built the ownership of the land was in the same person. However, the structures in the easement area are encroaching on to the land in the adjoining title.

In any event we know of no authority that supports your proposition that an encroachment easement can only be registered if it is an easement of support. If this is still your position please advise your authority.

It is generally accepted that the class of easements is not closed and provided the easement fulfils the criteria the easement can be created. In this case we are of the opinion that the projection easement fulfils all the recognised criteria for establishment of an easement. It is defined as required by you on plan 173192 and there is no justification whatsoever for your statement that it can only be registered if it is an easement of support.

Please accept the documents for registration.

2. Terms, conditions, covenants, or restrictions in respect of ~~any of~~ the above easements:

I. Terms conditions covenants or restrictions of the right of way easement created by this Certificate:

- (a) The easement of right of way shall be limited so that it does not extend below or above the reduced levels shown at sections A-A, B-B, C-C and D-D on the said Deposited Plan 78340.
- (b) The grantee agrees to allow reasonable interference with the rights herein granted during demolition of any building on the servient land and during any new building operations thereon and also as may reasonably be necessary for repair and maintenance operations to buildings on the land adjoining the right of way providing that the grantee shall not thereby be deprived of access over the right of way.
- (c) The parties using the right of way from time to time shall do so in a proper manner and control the safe and orderly movement of pedestrian and vehicular traffic thereon and save as provided herein shall not obstruct the same and shall form and thereafter maintain and keep the right of way in good repair and cleaned and the costs thereof shall be borne equitably between the parties using the right of way on the basis of their respective usage and any dispute in that connection shall be decided by arbitration in accordance with the Arbitration Act 1908 PROVIDED ALWAYS that the Auckland Harbour Board shall have no liability for such costs unless it is actually using the right of way.

II. Terms conditions covenants or restrictions in respect of the easement to drain water created by this Certificate:

The grantee shall construct such grease traps in a proper and workmanlike manner and in accordance with the requirements of the appropriate authorities and so that the surface thereof is flush with the surface of the right of way hereby created and is capable of bearing traffic using the right of way and shall thereafter at all times and at the grantee's expense maintain and repair the grease traps and keep the same cleansed and in a sanitary condition and shall not except for essential repairs obstruct the said right of way in or by its use of the said grease traps.

III. Terms conditions covenants or restrictions in respect of the easement of support created by this Certificate:

- (a) The grantor does not warrant the safety or effectiveness of the support afforded by the building on the servient tenement but shall not hereafter do or permit to be done to the said building anything whereby the support as now afforded thereby shall be in any way altered or rendered unsafe or unstable PROVIDED THAT destruction or damage of the said support occurring by fire earthquake or any other accidental cause whatsoever shall not be deemed a breach of this covenant by the grantor AND PROVIDED FURTHER THAT this clause shall not prevent redevelopment or rebuilding on the servient land provided that during such operations and thereafter satisfactory alternative means of support approved by the grantee are provided at all times.
- (b) The grantee in its use of the said support shall not injure endanger or affect the stability or safety of the building on the servient land and shall indemnify the grantor against all damage to the said building arising from the exercise of the rights hereby granted.
- ~~(c) Destruction or damage to the building on the servient land shall not terminate the rights hereby granted~~ and the grantee shall have the right to continue to use such support and at its expense to repair and reinstate so much of the said building as is necessary for that purpose.
- (d) The grantee shall have the right from time to time and at all reasonable times and after giving reasonable notice to the lessee and other occupiers of the servient tenement affected to enter upon the servient tenement with or without architects engineers contractors or workmen for the purposes of inspecting the said support or any part or parts thereof and to do all things which may appear reasonably necessary for the maintenance and repair thereof PROVIDED THAT all such inspections and works carried out pursuant to this clause shall be carried out in such a manner as shall cause the least inconvenience to such lessee and other occupiers and where possible outside normal business hours AND PROVIDED FURTHER THAT the grantee shall compensate such lessee and other occupiers aforesaid for any damage or loss suffered by them as a result of such inspections or other works.

4. TRANSFEROR'S OBLIGATIONS

4.1 The Transferor shall not:

- (a) place or allow to be placed any buildings or other erections on the Permitted Area; or
- (b) allow any tree or shrub to grow on the Permitted Area; or
- (c) permit to be done any act on the Land or in the Building that interferes with or affects the Permitted Use or the exercise by the Transferee of the Rights; or
- (d) interfere with or allow any interference with the Equipment or cause or allow any damage to be done to the Equipment; or
- (e) grant any rights over the Permitted Area to any party other than the Transferee; or
- (f) enter the Permitted Area marked "D".

4.2 The Transferor shall immediately at its cost make good any damage to the Equipment and shall indemnify the Transferee against any loss, cost or damage caused or suffered as a result of any breach by the Transferor of its obligations described in clause 4.1.

4.3 Should the Transferor fail to observe or breach any of its obligations contained in this clause the Transferee may remedy any such failure to observe or breach and the Transferor shall reimburse the Transferee for the cost of any such remedy.

5. MAINTENANCE

5.1 The Transferee shall subject to clause 4.2 at its cost keep the Equipment in good and substantial repair although it shall not be liable for any loss, cost or damage caused to or suffered by the Transferor as a result of any failure to repair the Equipment.

5.2 The Transferor shall at its cost keep the Accommodation in good and substantial repair.

5.3 Should the Transferor fail to observe its obligations contained in clause 5.2 the Transferee may remedy any such failure to observe and the Transferor shall reimburse the Transferee for the cost of any such remedy.

RIGHTS AND POWERS OF GRANTEES IMPLIED IN CERTAIN EASEMENTS
BY SECTION 90B OF THE LAND TRANSFER ACT 1952

"1. RIGHT OF WAY

The full, free, uninterrupted, and unrestricted right, liberty, and privilege for the grantee, his servants, tenants, agents, workmen, licensees, and invitees (in common with the grantor, his tenants, and any other person lawfully entitled so to do) from time to time and at all times by day and by night to go pass and repass, with or without horses and domestic animals of any kind and with or without carriages, vehicles, motor vehicles, machinery, and implements of any kind, over and along the land over which the right of way is granted or created.

"2. RIGHT TO CONVEY WATER

The full, free, uninterrupted, and unrestricted right, liberty, and privilege for the grantee and his tenants (in common with the grantor, his tenants, and any other person lawfully entitled so to do) from time to time and at all times to take, convey, and lead water in a free and unimpeded flow (except when the flow is halted for any reasonable period necessary for essential repairs) and in any quantity, consistent with the rights of other persons having the same or similar rights, from the source of supply or point of entry, as the case may be, and following the stipulated course (where a course is stipulated) across the land over which the easement is granted or created, together with the additional rights incidental thereto set out in clause 5 of this Schedule.

"3. RIGHT TO DRAIN WATER

The full, free, uninterrupted, and unrestricted right, liberty, and privilege for the grantee and his tenants (in common with the grantor, his tenants, and any other person lawfully entitled so to do) from time to time and at all times to drain and discharge water (whether rain, tempest, spring, soakage, or seepage water) in any quantities along the stipulated course (where a course is stipulated) across the land over which the easement is granted or created, together with the additional rights incidental thereto set out in clause 5 of this Schedule (or, where open drains are provided for, similar rights in regard to those drains, with the necessary modifications as are provided for in respect of pipe lines in the additional rights so set out).

"4. RIGHT TO DRAIN SEWAGE

The full, free, uninterrupted, and unrestricted right, liberty, and privilege for the grantee and his tenants (in common with the grantor, his tenants, and any other person lawfully entitled so to do) from time to time and at all times to drain, discharge, or convey sewage and other waste material and fluid in any quantities along the stipulated course (where a course is stipulated) across the land over which the easement is granted or created, together with the additional rights incidental thereto set out in clause 5 of this Schedule.

"5. ADDITIONAL RIGHTS ATTACHING TO EASEMENTS OF RIGHT TO CONVEY WATER AND OF RIGHT TO DRAIN WATER AND OF RIGHT TO DRAIN SEWAGE

The full, free, uninterrupted, and unrestricted right, liberty, and privilege for the grantee and his tenants (in common with the grantor, his tenants, and any other person lawfully entitled so to do) for the purposes of the easement concerned—

- To use any line of pipes already laid on the stipulated course or any pipe or pipes in replacement or in substitution for all or any of those pipes;
- Where no such line of pipes exists, to lay, place, and maintain, or to have laid, placed, and maintained, a line of pipes of a sufficient internal diameter and of suitable material for the purpose under or over the surface (as the parties decide) of the land over which the easement is granted or created and along the line defined for the purpose where such a line has been so defined;
- In order to construct or maintain the efficiency of any such pipe line, the full, free, uninterrupted, and unrestricted right, liberty, and privilege for the grantee, his tenants, servants, agents, and workmen, with any tools, implements, machinery, vehicles, or equipment of whatsoever nature necessary for the purpose, to enter upon the land over which the easement is granted or created (or, where only the position of the pipe line is defined in the easement, upon such part of the land of the grantor and by such route as is reasonable in the circumstances) and to remain there for any reasonable time for the purpose of laying, inspecting, cleansing, repairing, maintaining, and renewing the pipe line or any part thereof and of opening up the soil of that land to such extent as may be necessary and reasonable in that regard, subject to the condition that as little disturbance as possible is caused to the surface of the land of the grantor and that the surface is restored as nearly as possible to its original condition and any other damage done by reason of the aforesaid operations is repaired."

2. GENERAL PROVISIONS RELATING TO EASEMENTS

The following provisions are applicable to the easements recorded in this certificate:

- 2.1 No power is implied in respect of any easement for the Grantor to determine the easement for breach of any provision in this certificate (whether express or implied) or for any other cause, it being the intention of the parties that each easement shall subsist for all time unless contrary provisions are specifically set out in the easement or unless that easement is surrendered.
- 2.2 If any party ("the defaulting party") neglects or refuses to perform or join with the other party ("the other party") in performing any obligation under this certificate, the following provisions shall apply:
 - 2.2.1 the other party may serve on the defaulting party a written notice ("a default notice") requiring the defaulting party to perform or to join in performing such obligation and stating that, after the expiration of 14 days from service of the default notice the other party may perform such obligation;

2.2.2 if at expiry of the default notice the defaulting party still neglects or refuses to perform or join in performing the obligation the other party may:

- (a) perform such obligation; and
- (b) for that purpose enter the relevant Servient Tenement or Dominant Tenement and carry out any work set out to remedy the default specified in the notice.

2.3 The defaulting party shall be liable to pay to the other party the costs of the default notice and a specified proportion (being the proportion applicable to that party in respect of the terms of that easement) of the costs incurred in performing such obligation.

2.4 The other party may recover from the defaulting party as a liquidated debt any money payable pursuant to this subclause.

2.5 The Grantor shall not do any act which impedes, interferes with or restricts the rights of the Grantee and Other Authorised Persons in relation to any easement.

2.6 The Grantee may for the purpose of complying with any obligation of the Grantee under this certificate in relation to any easement:

2.6.1 enter the Servient Tenement with or without agents, employees and contractors with all necessary tools, implements, machinery, vehicles or equipment; and

2.6.2 remain on the Servient Tenement for such time as is reasonable for the purpose of performing such obligation.

In exercising any of the rights under this subclause the Grantee shall:

2.6.3 cause as little damage, disturbance, inconvenience and interruption to the Servient Tenement and to the use of the Servient Tenement as is reasonably necessary;

2.6.4 forthwith make good any damage to the Servient Tenement and to the occupier of the Servient Tenement; and

2.6.5 obtain from the Grantor where the Grantor has leased the Servient Tenement prior to the registration of this certificate, the consent of the tenant of the Servient Tenement to the entry on the Servient Tenement and where such lease of the Servient Tenement provides for the Lessor to enter the demised premises for the purpose of effecting such work or repairs then the Grantor agrees

to enforce that covenant against the tenant where the covenant would apply.

2.7 The parties acknowledge that at the date of this certificate there are structures which encroach onto the following easement areas:

- (a) 2 columns in the Fire Escape Easement area;
- (b) Display cabinets in the First Pedestrian Easement area;
- (c) Planters in Second Pedestrian Easement area; and
- (d) Other encroachments all as recorded in a Deed of Licence dated June 1996 between the Auckland City Council and AMP Perpetual Trustee Company NZ Limited and others.

2.8 The Grantor agrees that it shall not:

- 2.8.1 erect or place any more obstructions or encroachments in or on any of the easement areas than those set out in clause 2.7 above; and
- 2.8.2 on a redevelopment of any of the buildings in the easement areas or the redevelopment of the easement areas themselves the Grantor will use its best endeavours to have the obstruction or encroachment removed or at least reduced in its impact on the easement area.

3. THE FIRE ESCAPE EASEMENT

The following provisions shall apply to the Fire Escape Easement:

- 3.1 The Grantee and Other Authorised Persons have the right in common with the Grantor to pass and repass on foot over the Fire Escape Easement area to enable access to and from the Downtown Carpark Site in the case of fire or other emergencies;
- 3.2 The Grantor shall be responsible for keeping the Fire Escape Easement area maintained and in good clean order, repair and condition;
- 3.3 The Grantor shall have the right to cancel this easement by notice in writing to the Grantee if at any time the Downtown Carpark Site ceases to be used principally as a carparking building and upon receipt of such notice of cancellation the Grantee will execute a registrable surrender form of the Fire Escape Easement and produce all titles and instruments to enable such surrender to be registered.

THE FIRST PEDESTRIAN LINK EASEMENT

The following provisions shall apply to the First Pedestrian Link Easement:

- 4.1 The Grantee and Other Authorised Persons have the right in common with the Grantor to pass and repass on foot over the First Pedestrian Link Easement area for all purposes connected with the use and enjoyment of the Downtown Carpark Site.
- 4.2 The rights granted in respect of the public use of the First Pedestrian Link Easement are restricted to use during the First Pedestrian Link Business Hours provided that such a part of the First Pedestrian Link Easement area as is necessary to enable access between the carpark on the Downtown Carpark Site and the Second Pedestrian Link Easement shall be kept open for the same hours as the carpark on the Downtown Carpark Site is not closed (with the balance of the First Pedestrian Link Easement area being closed off by way of a security screen or other similar mechanism as the Grantor should wish).
- 4.3 Following prior consultation with the Grantee, the Grantor may install planters, seats and other aesthetic improvements in the First Pedestrian Link Easement area provided that the same or part thereof shall be removed if in the reasonable opinion of the Grantee it or they are causing or are likely to cause undue obstruction to ingress and egress through the First Pedestrian Link Easement area.
- 4.4 The Grantor shall be responsible for the maintenance of the First Pedestrian Link Easement area to maintain it in good clean order, repair and condition.
- 4.5 The Grantor shall have the right to relocate the First Pedestrian Link Easement within the Convention Centre Site to link up with the relocated airbridge over Lower Albert Street if the registered proprietor of the Convention Centre Site and the registered proprietor or proprietors of the Downtown Retail Centre agree (subject to Resource Management Act consent or equivalent or replacement consent only) to relocate the airbridge at a different point across Lower Albert Street, and the provisions of clause 4.6 will apply to such relocation with all necessary modifications except that such relocated easement will either be in accordance with:
 - 4.5.1 the diagram attached to the Agreement for Sale and Purchase dated 13 October 1995 between the Auckland City Council and AMP Perpetual Trustee Company NZ Limited provided that the length of the relocated easement running parallel and nearest to the boundary of the Convention Centre Site and the Downtown Carpark Building Site shall not exceed 30 metres measured from the centre point of the existing easement on such boundary to the centre point of the relocated easement at the point that it then traverses from west to east at the southern end of the Convention

Centre Site parallel to the original easement, and provided that such relocated easement will satisfy the reasonable requirements as to public safety, pedestrian interest and convenience; or

4.5.2 such other alternative path as may be agreed between the Grantor and Grantee and which satisfies the Grantee's reasonable requirements as to public safety, pedestrian interest and convenience.

4.5.3 **PROVIDED THAT:**

- (a) The Grantee has received and approved plans of the replacement right of way (such approval not to be unreasonably withheld and, in the absence of reasonable grounds for withholding approval, such approval to be given within 30 working days of receipt of these plans); and
- (b) The Grantor has first executed a registrable memorandum of transfer or easement certificate in favour of the Grantee so as to enable the creation of the replacement right of way; and
- (c) The Grantor has undertaken to register the surrender contemporaneously with the memorandum of transfer or easement certificate creating the replacement right of way

then the Grantee will within 10 working days of receipt of a surrender of the right of way execute such surrender.

4.5.4 The Grantor will prepare all necessary documentation and pay all reasonable costs of replacing the right of way (including the Grantees reasonable legal costs).

4.6 If the Grantor at any time while the First Pedestrian Link Easement is in force, wishes to undertake an Event and should that Event prejudice or be likely to prejudice the continued use of the First Pedestrian Link Easement then, provided the Grantor has given 20 working days prior written notice of such work to the Grantee, the Grantor may:

4.6.1 suspend the operation of such grant during the period or periods of such demolition, redevelopment, upgrading, refurbishment dealing or development of the Servient Tenement; and/or

4.6.2 move the location of the right of way (to be either over the servient land or over the Airline Terminate Site) as long as in each of the situations mentioned in clause 4.7:

- (a) the Grantor provides, from the time the Event prejudices the use of the right of way and so long as this occurs, a replacement right of way to be not less than 5 metres wide and to have a floor to ceiling height during any temporary relocation of the easement of not less than 2.5 metres but at all other times to have a floor to ceiling height of not less than 3.35 metres (though the RL's referred to on Deposited Plan 173192 may be adjusted to take account of any raising or lowering of the floor level) and which comprises a good, safe, well lit, and continuous access between the walkway over the lower Albert Street and the pedestrian access to the public carpark on the north east corner of the Dominant Tenement; and
- (b) the total length of the permanent replacement right of way does not exceed the total length of the original right of way by more than 30 metres, but
- (c) in the case of a temporary relocation of the easement the Grantor shall use its best endeavours to comply with (b) above but if this is not reasonably possible then the length shall be kept to as reasonably short a distance as possible.

4.7 In the provisions of clause 4.6 "Event" means any demolition, redevelopment, upgrading or refurbishment of the building(s) existing at the date of this certificate on the Convention Centre Site.

5. THE SECOND PEDESTRIAN LINK EASEMENT

The following provisions shall apply to the Second Pedestrian Link Easement:

- 5.1 The Grantee and Other Authorised Persons shall have the right in common with the Grantor to pass and repass on foot over the Second Pedestrian Link Easement area.
- 5.2 The rights hereby granted in respect of the public use of the Second Pedestrian Link Easement are restricted to use during the Second Pedestrian Link Business Hours provided that the Grantor shall not be required to provide access in terms of this easement until the proposed walkway or bridge over Quay Street to Princess Wharf (referred to in clause 5.5 below) has been constructed.
- 5.3 Following prior consultation with the Grantee, the Grantor may install planters, seats and other aesthetic improvements in the Second Pedestrian Link Easement area provided that the same or part thereof shall be removed

if in the reasonable opinion of the Grantee it or they are causing or are likely to cause undue obstruction to ingress and egress through the Second Pedestrian Link Easement area.

- 5.4 Subject to clause 5.7 the Grantor shall be responsible for the maintenance of the Second Pedestrian Link Easement area to maintain it in good clean order, repair and condition.
- 5.5 The parties acknowledge that the purpose of this pedestrian easement is to link the First Pedestrian Link Easement through an uncovered walkway or bridge (or such other design for access as may be agreed in writing between the Grantor and the Grantee and the hotel operator of the Travelodge Site) over Quay Street to Princes Wharf and the Grantor shall have the right to cancel this easement by notice in writing to the Grantee of construction of the bridge over Quay Street to Princes Wharf has not been completed by 31 December 2003.
- 5.6 The Grantor shall not as a result of granting this easement be obliged to upgrade the structural integrity of the existing building on the Airline Terminal Site to support the walkway or bridge.
- 5.7 The Grantee will be responsible for all costs incurred in forming physically the Second Pedestrian Link Easement through the Airline Terminal Site. After formation the Grantor will be responsible for meeting ongoing maintenance costs and insurance in respect of this easement area including any consequential costs imposed by any authority under the Building Act 1991 or otherwise. The Grantee and the Grantor will each also meet one half of the cost of any future refurbishment cost in respect of the Second Pedestrian Link Easement Area.
- 5.8 The Grantor shall give the Grantee reasonable access over the Airline Terminal Site to construct the Second Pedestrian Link Easement.
- 5.9 Should the Grantor wish to develop the Airline Terminal Site it shall do so in such a manner as to not prejudice the Grantee rights to the Second Pedestrian Link Easement or to interrupt those rights unless during such period of interruption it provides for a replacement right of way as set out in clause 5.10.
- 5.10 If the Grantor at any time while the Second Pedestrian Easement is in force, wishes to undertake an Event and should that Event prejudice or be likely to prejudice the continued use of the Second Pedestrian Easement then, provided the Grantor has given 20 working days prior written notice of such work to the Grantee, the Grantor may:
- 5.10.1 suspend the operation of such grant during the period or periods of such demolition, redevelopment, upgrading, refurbishment dealing or development of the Servient Tenement; and/or

5.10.2 move the location of the right of way (to be over the servient land) as long as in each of the situations mentioned in clause 5.10.3:

- (a) the Grantor provides, from the time the Event prejudices the use of the right of way and so long as this occurs, a replacement right of way to be not less than 5 metres wide and to have a floor to ceiling height during any temporary relocation of the easement of not less than 2.5 metres but at all other times to have a floor to ceiling height of not less than 3.35 metres (though the RL's referred to on Deposited Plan 173192 may be adjusted to take account of any raising or lowering of the floor level and which comprises a good, safe, well lit, and continuous access between the First Pedestrian Easement and the walkway or bridge over Quay Street referred to in clause 5.10 above;
- (b) the total length of the permanent replacement right of way is not substantially longer than the total length of the original right of way; but
- (c) in the case of a temporary relocation of the easement the Grantor shall use its best endeavours to comply with (b) above but if this is not reasonably possible then the length shall be kept to as reasonably short a distance as possible;
- (d) there is a proper linkage of the walkway or bridge over Quay Street with the second Pedestrian Link Easement so that the users of this link do not have to negotiate an unreasonable number of steps or gradients to and from this Easement and the walkway or bridge.

5.10.3 In the provisions of this clause 5.10 "Event" means any demolition, redevelopment, upgrading or refurbishment of the building(s) existing at the date of this certificate on the Airline Terminal Site.

~~THE SUPPORT EASEMENT~~

~~The following provisions shall apply to the Support Easement.~~

6.1 The Grantee shall be entitled to use, encroach on and enjoy the Support Easement area and to erect, and when erected modify, support columns for ~~a bridge or walkway on this area.~~

~~6.2 The parties acknowledge that the principal support of the walkway/bridge shall be situated clear of the Airline Terminal Site and on the northern side of the footpath and designed with the only support on the Airline Terminal Site being up to first floor level well forward from the Quay Street frontage and designed so that there is minimal obstruction to the ground floor retail areas on that site.~~

6.3 The parties agree that until the Airline Terminal Site is redeveloped up to three support posts having up to a maximum diameter or square of 600mm (or such lesser proportions or number of posts as the parties' respective engineers may approve) supported by either piles or foundation pads of up to a maximum diameter or square of 1000mm (or such lesser proportions as the parties' respective engineers may approve) may be located within the Support Easement area for the purpose of supporting the suspended bridge link from the end of the bridge over Quay Street terminating on the Quay Street boundary of area "D" and "F" to the existing building on the Airline Terminal Site to the south of area "D" and "F".

6.4 If as a result of the redevelopment of the Airline Terminal Site area "D" and "F" is insufficient as an easement support area (for example if the new development is built further back from the roadway) then the Grantee will be entitled to span this additional area, with the result that the easement of support area "D" and "F" may be enlarged at the request of the Grantee to cover any such additional area provided that any such enlargement of support easement area "D" and "F" shall be in a part of the Airline Terminal Site which has not then had a building or other improvements constructed on it.

6.5 The parties acknowledge and agree that it is their intention that the depth of the Support Easement shall be such that there is always sufficient support provided for the integrity of the walkway or bridge and the support structures of the walkway or bridge in the Support Easement area. It is therefore agreed:

6.5.1 The Grantor may redevelop the Airline Terminal Site and use the land under the Support Easement area.

6.5.2 Where this redevelopment is under the support structure of the walkway or bridge or so close to these structures on the Support Easement area that, in the Grantee's reasonable opinion as supported by independent engineering evidence, the integrity of those support structures or the walkway or bridge is at risk, then the Grantor shall carry out its redevelopment in such a manner so that there is always sufficient support provided to the support structures of the walkway or bridge in the Support Easement area.

~~6.5.3 The Grantor shall if it is necessary in the reasonable opinion of the Grantee and with the prior written approval of the Grantee replace the support structures.~~

6.5.4 The Grantor shall pay for all work, fees, engineer's fees, costs and requirements which arise either directly or indirectly as a result of the exercise of the Grantor's rights under this clause 6.5 including reimbursing to the Grantee any of the Grantee's costs and expenses.

6.6 The Grantor at its cost will arrange for an independent engineer to certify prior to undertaking such redevelopment the sufficiency of such support for ~~the structural integrity of the walkway or bridge.~~

7. THE EMERGENCY EASEMENT

The following provisions shall apply to the Emergency Easement:

7.1 The Grantee and Other Authorised Persons have the right, in common with the Grantor, to pass and repass in the case of fire or other emergencies:

- (a) on foot; and
- (b) with motor and other vehicles laden and unladen, machinery and instruments of any kind for all purposes connected with the use and enjoyment of the Dominant Land over and along the Emergency Easement area.

7.2 The Grantor shall be responsible for the maintenance of the emergency easement area in good, clean order, repair and condition.

7.3 The Grantor shall have the right to cancel this easement by notice in writing to the Grantee if at any time the Downtown Carpark Site ceases to be used principally as a carparking building and upon receipt of such notice of cancellation the Grantee will execute a registrable surrender form of the Emergency Easement and produce all titles and instruments to enable such surrender to be registered.

8. THE PROJECTION EASEMENTS

The following provisions shall apply to the First Projection Easement and the Second Projection Easement:

8.1 The Grantee has the right to maintain and keep within the First Projection Easement Area the sign, airconditioning units and the facade of eaves which encroach into this area at the date of this easement certificate.

- 8.2 The Grantee has the right to maintain and keep within the Second Projection Easement Area the facade of eaves which encroach into this area at the date of this easement certificate.
- 8.3 The Grantor has the right to cancel this First Projection Easement and the Second Projection Easement at the time the existing carpark building on the Downtown Carpark Site is demolished or refurbished to such an extent that the First Projection Easement and the Second Projection Easement are no longer necessary.

9. THE ELECTRICITY EASEMENT

The following provisions shall apply to the Electricity Easement:

- 9.1 The Grantee and other persons authorised have the right to lead and convey electricity and electric impulses without interruption or impediment from the public street adjoining the Servient Tenement by means of conduits, cables or pipes laid or to be laid under surface of the soil through the soil of the Electricity Easement area to the Dominant Tenement and to maintain in the area marked "M" on Deposited Plan 173192 such transmission equipment as is necessary for the efficient running of the supply of electricity through the electricity easement area to the Downtown Carpark Site.
- 9.2 The Grantee shall be responsible for:
- (a) the installation of the energy supply;
 - (b) the repair and maintenance of the energy supply so as to keep the same in good order and condition and to prevent the same becoming a danger or nuisance; and
 - (c) the cost of any repair or reinstatement to the electricity easement area (including resurfacing) if work is undertaken in this area.
- 9.3 The Grantor agrees that if required by the Grantee or the relevant supplier of electricity in the area that it will grant an easement in usual form (including a relocation clause to facilitate any redevelopment of the Travelodge Site) in favour of the Grantee or the relevant supplier to give effect to this easement.

10. RESOLUTION OF DISPUTES

- 10.1 If any dispute or difference arises between the parties in any way arising out of or in connection with this agreement, either party may give written notice of its intention to refer such dispute or difference to mediation.

10.2 If a request to mediate is made then the parties shall endeavour to agree on a mediator and shall submit the matter in dispute to the mediator. The mediator shall discuss the matter with the parties (separately or jointly in the discretion of the mediator) and endeavour to resolve it by their agreement. All discussions in the mediation shall be without prejudice and shall not be referred to in any later proceedings. The parties shall bear their own costs in the mediation and shall each pay half the costs of the mediator.

10.3 Where:

10.3.1 a notice of mediation is not served; or

10.3.2 the parties have agreed upon mediation but have been unable within seven days of such agreement to agree upon a mediator; or

10.3.3 no agreement has been reached in mediation within two months of the service of the notice of mediation, or within such further time as the parties may agree;

then the matter in dispute may be referred to arbitration upon the service of a notice of intention to commence arbitration and the arbitration shall be governed by the Arbitration Act 1908 except to the extent modified by this agreement.

10.4 The arbitration shall be by a single arbitrator. If the parties cannot agree upon an arbitrator within seven days of the notice of intention to commence arbitration, either party may request the president of the Arbitrator Institute of New Zealand Incorporated to appoint a sole arbitrator. Either party may request the appointment of an assessor to sit with the arbitrator by any such assessor shall have an advisory role and shall not have the authority to make a binding decision. If the parties cannot agree within a reasonable time to agree upon an assessor then the arbitrator may appoint an assessor.

Wally, please accept
this easement. *Wally*

Registration - Auckland City Council - AMP Perpetual Trustee Company Ltd

We have dealt with all your rejection requirements apart from requirement number 4, which we read as saying -

"We are unable to register projection easements. It appears by your definition that the said easement is an encroachment easement. Therefore an encroachment easement can only be registered if it is an easement of support. Delete reference to projection easement in your schedule of easement certificate and in your explanation page 12 and 13. Also delete support easement explanations - pages 10, 11 and 12 as it doesn't relate to schedule."

We do not agree that the projection easement is not registerable. It is in effect a form of encroachment although normally encroachment refers to an inadvertent or unintentional encroachment onto an adjoining property owned by another owner whereas, in this case, at the time the structures in question were built, the ownership of the land was in the same person. However, the structures in the easement area are encroaching on to the land in the adjoining title.

In any event we know of no authority that supports your proposition that an encroachment easement can only be registered if it is an easement of support. If this is still your position please advise your authority.

It is generally accepted that the class of easements is not closed and provided the easement fulfils the criteria the easement can be created. In this case we are of the opinion that the projection easement fulfils all the recognised criteria for establishment of an easement. It is defined as required by you on plan 173192 and there is no justification whatsoever for your statement that it can only be registered if it is an easement of support.

maintained by such support columns as may be erected on that part of the Airline Terminal Site as are shown marked "D" and "F" on Deposited Plan 173192.

4. GENERAL PROVISIONS RELATING TO EASEMENTS

The following provisions are applicable to the easements reserved in this transfer:

- 4.1 No power is implied in respect of any easement for the Transferee to determine the easement for breach of any provision in this transfer (whether express or implied) or for any other cause, it being the intention of the parties that each easement shall subsist for all time unless contrary provisions are specifically set out in the easement or unless that easement is surrendered.
- 4.2 If any party ("the defaulting party") neglects or refuses to perform or join with the other party ("the other party") in performing any obligation under this transfer, the following provisions shall apply:
 - 4.2.1 the other party may serve on the defaulting party a written notice ("a default notice") requiring the defaulting party to perform or to join in performing such obligation and stating that, after the expiration of 14 days from service of the default notice the other party may perform such obligation;
 - 4.2.2 if at expiry of the default notice the defaulting party still neglects or refuses to perform or join in performing the obligation the other party may:
 - (a) perform such obligation; and
 - (b) for that purpose enter the relevant Servient Tenement or Dominant Tenement and carry out any work required to remedy the default specified in the default notice.
- 4.3 The defaulting party shall be liable to pay to the other party the costs incurred by the other party in connection with the issue of the default notice and a specified proportion (being the proportion applicable to that party in respect of the terms of that easement) of the costs incurred in performing such obligation.
- 4.4 The other party may recover from the defaulting party as a liquidated debt any money payable pursuant to this subclause.
- 4.5 The Transferee shall not do or allow any act which impedes, interferes with or restricts the rights of the Transferor and Other Authorised Persons in relation to any easement.

4.6 The Transferor may for the purpose of complying with any obligation of the Transferor pursuant to the terms contained in this transfer in relation to any easement:

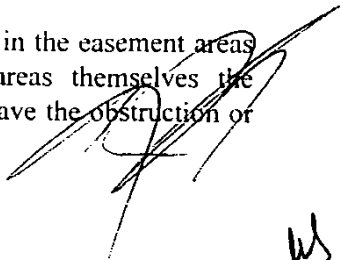

- 4.6.1 enter the Servient Tenement with or without agents, employees and contractors with all necessary tools, implements, machinery, vehicles or equipment; and
- 4.6.2 remain on the Servient Tenement for such time as is reasonable for the purpose of performing such obligation.

In exercising any of the rights under this subclause the transferor shall:

- 4.6.3 cause as little damage, disturbance, inconvenience and interruption to the Servient Tenement and to the use of the Servient Tenement as is reasonably necessary;
 - 4.6.4 forthwith make good any damage to the Servient Tenement and the occupier of the Servient Tenement; and
 - 4.6.5 obtain from the Transferee where the Transferee has leased the Servient Tenement or the Servient Tenement has been leased prior to the registration of this transfer, the consent of the tenant of the Servient Tenement to the entry by the Transferor and other Authorised Persons on the Servient Tenement and where such lease of the Servient Tenement provides for the Lessor to enter the demised premises for the purpose of effecting such work or repairs then the Transferee agrees to enforce that covenant against the tenant where the covenant would apply.
- 4.7 The parties acknowledge that at the date of this transfer there are :  which encroach onto the following easement areas:

- 4.7.1 Planters in Second Pedestrian Easement Link area; and
- 4.7.2 Other encroachments all as recorded in a Deed of Licence dated June 1996 between Auckland City Council and AMP Perpetual Trustee Company NZ Limited and others.

4.8 The Transferee agrees that it shall not:

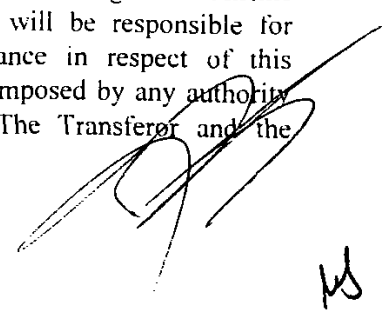

- 4.8.1 erect or place any more obstructions or encroachments in or on any of the easement areas other than those set out in clause 4.7 above; and
 - 4.8.2 on a redevelopment of any of the buildings in the easement areas or the redevelopment of the easement areas themselves the Transferee will use its best endeavours to have the obstruction or
-

encroachment removed or at least reduced in its impact on the easement area.

5. QUALIFICATIONS FOR THE SECOND PEDESTRIAN LINK EASEMENT

The following provisions shall apply to the Second Pedestrian Link Easement:

- 5.1 The Transferor and Other Authorised Persons shall have the right in common with the Transferee to pass and repass on foot over the Second Pedestrian Link Easement area.
- 5.2 The rights hereby granted in respect of the public use of the Second Pedestrian Link Easement are restricted to use during the Business Hours provided that the Transferee shall not be required to provide access in terms of this easement until the proposed walkway or bridge over Quay Street to Princess Wharf (referred to in clause 5.5 below) has been constructed.
- 5.3 Following prior consultation with the Transferor, the Transferee may install planters, seats and other aesthetic improvements in the Second Pedestrian Link Easement area provided that the same or part thereof shall be removed if in the reasonable opinion of the Transferor it or they are causing or are likely to cause undue obstruction to ingress and egress through the Second Pedestrian Link Easement area.
- 5.4 Subject to clause 5.7 the Transferee shall be responsible for the maintenance of the Second Pedestrian Link Easement area to maintain it in good clean order, repair and safe condition.
- 5.5 The parties acknowledge that the purpose of this pedestrian easement is to link the First Pedestrian Link Easement area through an uncovered walkway or bridge (or such other design for access as may be agreed in writing between the Transferee and the Transferor and the hotel operator of the Travelodge Site) over Quay Street to Princes Wharf and the Transferee shall have the right to cancel this easement by notice in writing to the Transferor if construction of the walkway or bridge over Quay Street to Princes Wharf has not been completed by 31 December 2003.
- 5.6 The Transferee shall not as a result of granting this easement be obliged to upgrade the structural integrity of the existing building on the Airline Terminal Site to support the walkway or bridge.
- 5.7 The Transferor will be responsible for all costs incurred in forming physically the Second Pedestrian Link Easement through the Airline Terminal Site. After formation the Transferor will be responsible for meeting ongoing maintenance costs and insurance in respect of this easement area including any consequential costs imposed by any authority under the Building Act 1991 or otherwise. The Transferor and the

Transferee will each also meet one half of the cost of any future refurbishment cost in respect of the Second Pedestrian Link Easement area.

5.8 The Transferee shall give the Transferor and other Authorised Persons reasonable access over the Airline Terminal Site to construct the Second Pedestrian Link Easement.

5.9 Should the Transferee wish to develop the Airline Terminal Site it shall do so in such a manner so as not to prejudice the Transferor's rights to the Second Pedestrian Link Easement or to interrupt those rights unless during such period of interruption it provides for a replacement right of way as set out in clause 5.10.

5.10 If the Transferee at any time while the Second Pedestrian Easement is in force, wishes to undertake an Event and should that Event prejudice or be likely to prejudice the continued use of the Second Pedestrian Easement then, provided the Transferee has given 20 working days prior written notice of such work to the Transferor, the Transferee may:

5.10.1 suspend the operation of such grant during the period or periods of an Event; and/or

5.10.2 move the location of the right of way (to be over the Servient Tenement) as long as in each of the situations representing an Event:

- (a) the Transferee provides, from the time the Event prejudices the use of the right of way, and so long as this occurs, a replacement right of way to be not less than 5 metres wide and to have a floor to ceiling height during any temporary relocation of the easement of not less than 2.5 metres but at all other times to have a floor to ceiling height of not less than 3.35 metres (though the RL's referred to on Deposited Plan 173192 may be adjusted to take account of any raising or lowering of the floor level) and which comprises a good, safe, well lit, and continuous access between the First Pedestrian Link Easement and the walkway or bridge over Quay Street referred to in clause 5.5 above; and
- (b) the total length of the replacement right of way is not substantially longer than the total length of the original right of way; but
- (c) in the case of a temporary relocation of the easement the Transferee shall use its best endeavours to comply with (b) above but if this is not reasonably possible then the

Handwritten signature, possibly 'JLS', located at the bottom right of the page.

length shall be kept to as reasonably short a distance as possible; and

- (d) there is a proper linkage of the walkway or bridge over Quay Street with the Second Pedestrian Link Easement so that the users of this link do not have to negotiate an unreasonable number of steps or gradients to and from this easement and the walkway or bridge.

6. QUALIFICATIONS FOR THE SUPPORT EASEMENT

The following provisions shall apply to the Support Easement:

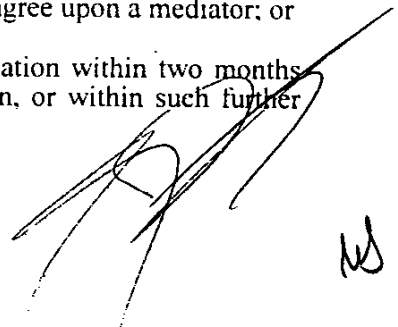

- 6.1 The Transferor shall be entitled to use, encroach on and enjoy the Support Easement area to erect, and when erected modify and maintain support columns for a bridge or walkway over these areas.
- 6.2 The parties acknowledge that the principal support of the bridge or walkway shall be situated clear of the Airline Terminal Site and on the northern side of the footpath and designed so that the support on the Airline Terminal Site is only up to first floor level well forward from the Quay Street frontage and designed so that there is minimal obstruction to the ground floor retail areas on the Airline Terminal Site.
- 6.3 The parties agree that until the Airline Terminal Site is redeveloped up to three support posts having up to a maximum diameter or square of 600mm (or such lesser proportions or number of posts as the parties' respective engineers may approve) supported by either piles or foundation pads of up to a maximum diameter or square of 1000mm (or such lesser proportions as the Transferee and Transferor's respective engineers may approve) may be located within the Support Easement area for the purpose of supporting the suspended bridge link from the point that the bridge over Quay Street meets the Quay Street boundary of areas "D" and "F" to the existing building on the Airline Terminal Site to the south of areas "D" and "F".
- 6.4 If as a result of the redevelopment of the Airline Terminal Site the Support Easement area "D" and "F" is insufficient as an easement support area (for example if the new development is built further back from the roadway) then the Transferor will be entitled to span this additional area, with the result that the Support Easement may be enlarged at the request of the Transferor to cover any such additional area provided that any such enlargement of the easement area shall be in a part of the Airline Terminal Site which has not then had a building or other improvements constructed on it.
- 6.5 The parties acknowledge and agree that it is their intention that the dimensions of the Support Easement shall be such that there is always sufficient support provided for the integrity of the walkway or bridge and

the support structures of the walkway or bridge in the Support Easement area. It is therefore agreed:

- 6.5.1 The Transferee may redevelop the Airline Terminal Site and use the land under the Support Easement area.
- 6.5.2 Where this redevelopment is under the support structure of the walkway or bridge or so close to these structures or the Support Easement area that, in the Transferor's reasonable opinion as supported by independent engineering evidence, the integrity of those support structures or the walkway or bridge is at risk, then the Transferee shall carry out its redevelopment in such a manner so that there is always sufficient support provided to the support structures of the walkway or bridge in the Support Easement area.
- 6.5.3 The Transferee shall if it is necessary in the reasonable opinion of the Transferor and with the prior written approval of the Transferor replace the support structures.
- 6.5.4 The Transferee shall pay for all work, fees, engineer's fees, costs and requirements which arise either directly or indirectly as a result of the exercise of the Transferee's rights under this clause 6.5 including reimbursing to the Transferor any of the Transferor's costs and expenses.
- 6.6 The Transferee at its cost will arrange for an independent engineer to certify prior to undertaking such redevelopment the sufficiency of such support for the structural integrity of the walkway or bridge.

7. RESOLUTION OF DISPUTES

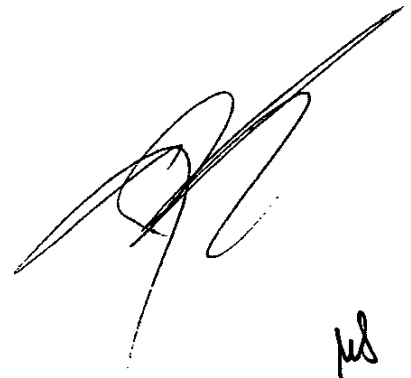

- 7.1 If any dispute or difference arises between the parties in any way arising out of or in connection with this agreement, either party may give written notice of its intention to refer such dispute or difference to mediation.
- 7.2 If a request to mediate is made then the parties shall endeavour to agree on a mediator and shall submit the matter in dispute to the mediator. The mediator shall discuss the matter with the parties (separately or jointly in the discretion of the mediator) and endeavour to resolve it by their agreement. All discussions in the mediation shall be without prejudice and shall not be referred to in any later proceedings. The parties shall bear their own costs in the mediation and shall each pay half the costs of the mediator.
- 7.3 Where:
 - 7.3.1 a notice of mediation is not served; or
 - 7.3.2 the parties have agreed upon mediation but have been unable within seven days of such agreement to agree upon a mediator; or
 - 7.3.3 no agreement has been reached in mediation within two months of the service of the notice of mediation, or within such further time as the parties may agree;

A large, stylized handwritten signature is written over the text of clause 7.3.3. To the right of the signature, the initials 'MS' are handwritten.

then the matter in dispute may be referred to arbitration upon the service of a notice of intention to commence arbitration and the arbitration shall be governed by the Arbitration Act 1908 except to the extent modified by this agreement.

- 7.4 The arbitration shall be by a single arbitrator. If the parties cannot agree upon an arbitrator within seven days of the notice of intention to commence arbitration, either party may request the president of the Arbitrators Institute of New Zealand Incorporated to appoint a sole arbitrator. Either party may request the appointment of an assessor to sit with the arbitrator but any such assessor shall have an advisory role and shall not have the authority to make a binding decision. If the parties cannot within a reasonable time agree upon an assessor then the arbitrator may appoint an assessor.

2. TRANSFER

- 2.1 In consideration of the sum of \$3,320,000 plus Goods and Service Tax the Transferor hereby transfers to the Transferee all the Transferor's estate and interest in the land described in the First Schedule subject to the reservation of the First Pedestrian Link Easement on the terms and conditions set out below.

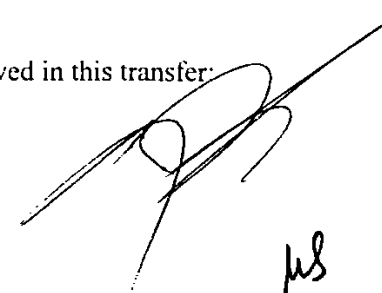

3. RESERVATION OF EASEMENT

- 3.1 The Transferor hereby reserves as an easement in gross forever in common with the Transferee, its tenants, and any other person lawfully entitled so to do the right for the Transferor and Other Authorised Persons from time to time to pass, and repass on foot over and along those parts of the Convention Centre Site as are shown marked "B" and "E" on Deposited Plan 173192.

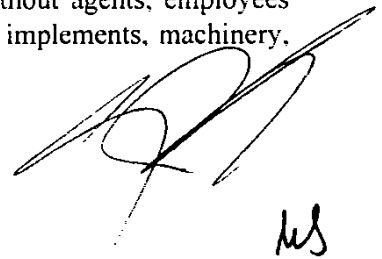

Right of Way

4. GENERAL PROVISIONS RELATING TO EASEMENT

The following provisions are applicable to the easement reserved in this transfer:

A large, stylized handwritten signature is written over the text. To the right of the signature, the initials 'MS' are handwritten.

- 4.1 No power is implied in respect of the easement for the Transferee to determine the easement for breach of any provision in this transfer (whether express or implied) or for any other cause, it being the intention of the parties that the easement shall subsist for all time unless contrary provisions are specifically set out in the easement or unless the easement is surrendered.
- 4.2 If any party ("the defaulting party") neglects or refuses to perform or join with the other party ("the other party") in performing any obligation under this transfer, the following provisions shall apply:
- 4.2.1 the other party may serve on the defaulting party a written notice ("a default notice") requiring the defaulting party to perform or to join in performing such obligation and stating that, after the expiration of 14 days from service of the default notice the other party may perform such obligation;
- 4.2.2 if at expiry of the default notice the defaulting party still neglects or refuses to perform or join in performing the obligation the other party may:
- (a) perform such obligation; and
- (b) for that purpose enter the relevant Servient Tenement or Dominant Tenement and carry out any work required to remedy the default specified in the default notice.
- 4.3 The defaulting party shall be liable to pay to the other party the costs incurred by the other party in connection with the issue of the default notice and a specified proportion (being the proportion applicable to that party in respect of the terms of that easement) of the costs incurred in performing such obligation.
- 4.4 The other party may recover from the defaulting party as a liquidated debt any money payable pursuant to this subclause.
- 4.5 The Transferee shall not do or allow any act which impedes, interferes with or restricts the rights of the Transferor and Other Authorised Persons in relation to the easement.
- 4.6 The Transferor may for the purpose of complying with any obligation of the Transferor pursuant to the terms contained in this transfer in relation to the easement:
- 4.6.1 enter the Servient Tenement with or without agents, employees and contractors with all necessary tools, implements, machinery, vehicles or equipment; and

A large, stylized handwritten signature in black ink, possibly reading 'MS' or similar, is written over the bottom right portion of the document.

- 4.6.2 remain on the Servient Tenement for such time as is reasonable for the purpose of performing such obligation.

In exercising any of the rights under this subclause the transferor shall:

- 4.6.3 cause as little damage, disturbance, inconvenience and interruption to the Servient Tenement and to the use of the Servient Tenement as is reasonably necessary;
- 4.6.4 forthwith make good any damage to the Servient Tenement and to the occupier of the Servient Tenement; and
- 4.6.5 obtain from the Transferee where the Transferee has leased the Servient Tenement or the Servient Tenement has been leased prior to the registration of this transfer, the consent of the tenant of the Servient Tenement to the entry by the Transferor and other Authorised Persons on the Servient Tenement and where such lease of the Servient Tenement provides for the Lessor to enter the demised premises for the purpose of effecting such work or repairs then the Transferee agrees to enforce that covenant against the tenant where the covenant would apply.

- 4.7 The parties acknowledge that at the date of this transfer there are structures which encroach onto the easement area:

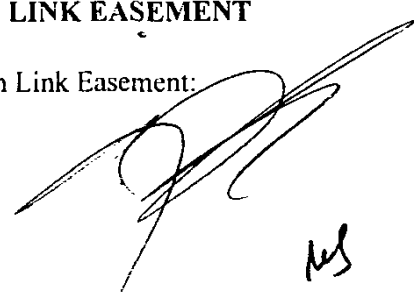

- 4.7.1 Display cabinets in the First Pedestrian Link Easement area; and
- 4.7.2 Other encroachments all as recorded in a Deed of Licence dated June 1996 between Auckland City Council and AMP Perpetual Trustee Company NZ Limited and others.

- 4.8 The Transferee agrees that it shall not:

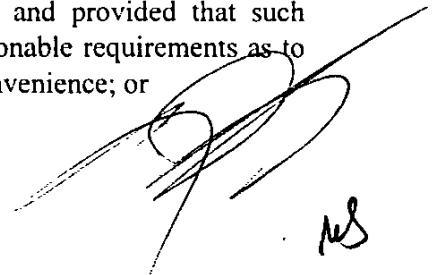

- 4.8.1 erect or place any more obstructions or encroachments in or on any of the easement area other than those set out in clause 4.7 above; and
- 4.8.2 on a redevelopment of any of the buildings in the easement area or the redevelopment of the easement area themselves the Transferee will use its best endeavours to have the obstruction or encroachment removed or at least reduced in its impact on the easement area.

5. QUALIFICATIONS FOR THE FIRST PEDESTRIAN LINK EASEMENT

The following provisions shall apply to the First Pedestrian Link Easement:

A large, stylized handwritten signature in black ink, followed by the initials 'MS' in a smaller, simpler script.

- 5.1 The Transferor and Other Authorised Persons have the right in common with the Transferee to pass and repass on foot over the First Pedestrian Link Easement area for all purposes connected with the use and enjoyment of the Downtown Carpark Site.
- 5.2 The rights of way granted in respect of the public use of the First Pedestrian Link Easement are restricted to use during the Business Hours provided that such a part of the First Pedestrian Link Easement area as is necessary to enable access between the carpark on the Downtown Carpark Site and the Second Pedestrian Link Easement shall be kept open for the same hours as the carpark on the Downtown Carpark Site is not closed (with the balance of the First Pedestrian Link Easement area being closed off by way of a security screen or other similar mechanism as the Transferee should wish).
- 5.3 Following prior consultation with the Transferor, the Transferee may install planters, seats and other aesthetic improvements in the First Pedestrian Link Easement area provided that the same or part thereof shall be removed if in the reasonable opinion of the Transferor it or they are causing or are likely to cause undue obstruction to ingress and egress through the First Pedestrian Link Easement area.
- 5.4 The Transferee shall be responsible for the maintenance of the First Pedestrian Link Easement area to maintain it in good clean order, repair and safe condition.
- 5.5 If the registered proprietor of the Convention Centre Site and the registered proprietor or proprietors of the Downtown Retail Centre agree (subject to Resource Management Act consent or equivalent or replacement consent only) to relocate the airbridge at a different point across Lower Albert Street the Transferee shall have the right to relocate the First Pedestrian Link Easement within the Convention Centre Site to link up with the relocated airbridge over Lower Albert Street and the provisions of clause 5.6 will apply to such relocation with all necessary modifications except that such relocated easement will either be in accordance with:
- 5.5.1 the diagram attached to the Agreement for Sale and Purchase dated 13 October 1995 between the Transferor and AMP Perpetual Trustee Company NZ Limited provided that the length of the relocated easement running parallel and nearest to the boundary of the Convention Centre Site and the Downtown Carpark Site shall not exceed 30 metres measured from the centre point of the existing easement on such boundary to the centre point of the relocated easement at the point that it then traverses from west to east at the southern end of the Convention Centre Site parallel to the original easement, and provided that such relocated easement will satisfy the reasonable requirements as to public safety, pedestrian interest and convenience; or

A large, stylized handwritten signature in black ink, followed by the initials 'MS' in a similar style.

5.5.2 such other alternative path as may be agreed between the Transferee and Transferor and which satisfies the Transferor's reasonable requirements as to public safety, pedestrian interest and convenience.

5.5.3 **PROVIDED THAT:**

- (a) The Transferor has received and approved plans of the relocated right of way (such approval not to be unreasonably withheld and, in the absence of reasonable grounds for withholding approval, such approval to be given within 30 working days of receipt of such plans); and
- (b) The Transferee has first executed a registrable memorandum of transfer in favour of the Transferor so as to enable the creation of the replacement right of way easement in gross; and
- (c) The Transferee has undertaken to register the surrender contemporaneously with the memorandum of transfer creating the replacement right of way

then the Transferor will within 10 working days of receipt of a surrender of the right of way execute such surrender.

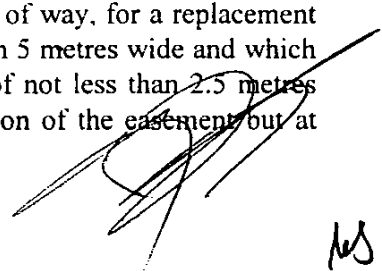

5.5.4 The Transferee will prepare all necessary documentation and pay all reasonable costs of and incidental to relocating and replacing the right of way (including the transferees reasonable legal costs).

5.6 If the Transferee at any time while the First Pedestrian Link Easement is in force, wishes to undertake an Event and should that Event prejudice or be likely to prejudice the continued use of the First Pedestrian Link Easement then, provided the Transferee has given 20 working days prior written notice of such work to the Transferor, the Transferee may:

5.6.1 suspend the operation of such grant during the period or periods of an Event; and/or

5.6.2 move the location of the right of way to be over either the Servient Land or over the Airline Terminal Site as long as in each of the situations representing an Event:

- (a) the Transferee provides, from the time the Event prejudices the use of the right of way, for a replacement right of way to be not less than 5 metres wide and which has a floor to ceiling height of not less than 2.5 metres during any temporary relocation of the easement but at

A large, stylized handwritten signature is written over the text of clause 5.6.2(a). To the right of the signature, the initials 'MS' are handwritten.

all other times to have a floor to ceiling height of not less than 3.35 metres (though the RLs referred to on Deposited Plan 173192 may be adjusted to take account of any raising or lowering of the floor level) and which comprises a good, safe, well lit, and continuous access between the walkway over the lower Albert Street and the pedestrian access to the public carpark on the north east corner of the Downtown Carpark Site; and

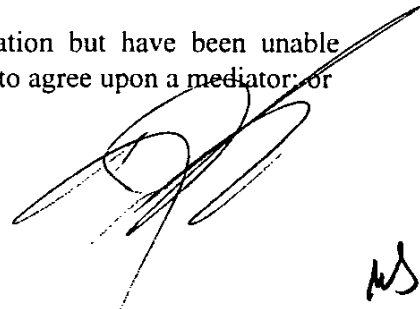

- (b) the total length of the replacement right of way does not exceed the total length of the original right of way by more than 30 metres; but
- (c) in the case of a temporary relocation of the easement the Transferee shall use its best endeavours to comply with (b) above but if this is not reasonably possible then the length shall be kept to as reasonably short a distance as possible.

6. LINK TO DOWNTOWN RETAIL CENTRE

- 6.1 The Transferor will use its best endeavours to maintain a pedestrian linkage from Queen Elizabeth Square through the Downtown Retail Centre to the airbridge over Lower Albert Street by a reasonably direct route for so long as there is a need for the First Pedestrian Link Easement.

7. RESOLUTION OF DISPUTES

- 7.1 If any dispute or difference arises between the parties in any way arising out of or in connection with this agreement, either party may give written notice of its intention to refer such dispute or difference to mediation.
- 7.2 If a request to mediate is made then the parties shall endeavour to agree on a mediator and shall submit the matter in dispute to the mediator. The mediator shall discuss the matter with the parties (separately or jointly in the discretion of the mediator) and endeavour to resolve it by their agreement. All discussions in the mediation shall be without prejudice and shall not be referred to in any later proceedings. The parties shall bear their own costs in the mediation and shall each pay half the costs of the mediator.
- 7.3 Where:
- 7.3.1 a notice of mediation is not served; or
 - 7.3.2 the parties have agreed upon mediation but have been unable within seven days of such agreement to agree upon a mediator; or

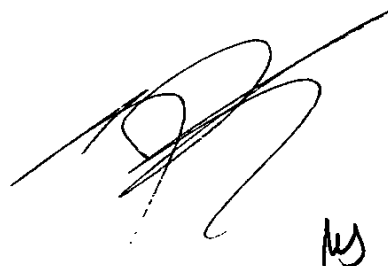

7.3.3 no agreement has been reached in mediation within two months of the service of the notice of mediation, or within such further time as the parties may agree;

then the matter in dispute may be referred to arbitration upon the service of a notice of intention to commence arbitration and the arbitration shall be governed by the Arbitration Act 1908 except to the extent modified by this agreement.

7.4 The arbitration shall be by a single arbitrator. If the parties cannot agree upon an arbitrator within seven days of the notice of intention to commence arbitration, either party may request the president of the Arbitrators Institute of New Zealand Incorporated to appoint a sole arbitrator. Either party may request the appointment of an assessor to sit with the arbitrator but any such assessor shall have an advisory role and shall not have the authority to make a binding decision. If the parties cannot within a reasonable time agree upon an assessor then the arbitrator may appoint an assessor.

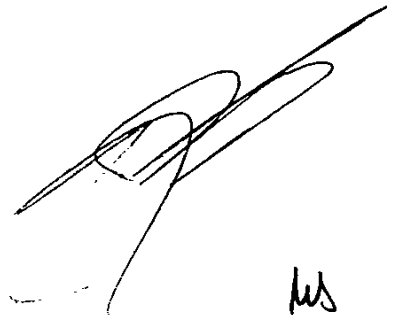

In witness of which this memorandum has been executed.

Merger of Freehold and Leasehold Estates

I, Steven Michael Swain, of Wellington, Company Director solemnly and sincerely declare:

1. I am a director of the Transferee of the estate in fee simple in the land being transferred in the within Transfer and I am duly authorised to make this declaration on behalf of the Transferee.
2. The Transferee is also the registered proprietor of an estate in leasehold as lessee under Memorandum of Lease 621087.4 which Lease is registered against the land being transferred to the Transferee in the within Transfer.
3. The Transferee in its own right (and not on behalf of or as trustee for any person) is proprietor of the said fee simple and leasehold estates.
4. The Transferee has not mortgaged or charged or encumbered in any way whatsoever its estate as lessee.
5. There are no outstanding estates or interests at law or in equity affecting either estate to prevent the merge of the said leasehold estate in the fee simple estate of the land and no person other than the Transferee will be affected by that merger.

And I make this solemn declaration conscientiously believing the same to be true and by virtue of the Oaths and Declarations Act 1957.

~~1. Rights and powers:~~

See attached pages

State whether any rights or powers set out here are in addition to or in substitution for those set out in the Seventh Schedule to the Land Transfer Act 1952.

1. Rights and powers:

The following rights and powers shall apply to the rights of way described in this Certificate in substitution for the rights and powers set out in the Seventh Schedule to the Land Transfer Act 1952 and the Ninth Schedule to the Property Law Act 1952:

- (a) The full, free, uninterrupted and unrestricted right, liberty and privilege for the grantee and its servants, tenants, agents, workmen, licensees and invitees (in common with the grantor, and its tenants, and any other person lawfully entitled to do so) from time to time and at all times by day and by night to go, pass and repass with or without vehicles, motor vehicles, machinery, equipment and implements of any kind over and along the land over which the right of way is created, but subject to the terms, conditions and restrictions set out below.
- (b) The following rights of the occupiers of the land for the benefit of which and the land over which the easement is granted:
 - (i) The right to establish a driveway, and to effect necessary repairs to any existing driveway, and to carry out any necessary maintenance and upkeep, where necessary altering the state of the land over which the easement is granted; and any necessary rights of entry on the land over which the easement is granted with or without machinery, plant, and equipment.
 - (ii) The right to have that land over which the easement is granted kept clear at all times of obstructions whether caused by parked vehicles, deposit of materials, or unreasonable impediment to the use and enjoyment of the driveway.
 - (iii) The right to a reasonable contribution from other occupiers towards the cost of establishment, maintenance, upkeep, and repair of the driveway to an appropriate standard.
 - (iv) The right to recover from the other occupiers the cost of repairs to the driveway occasioned by any wilful or negligent act, and all such costs occasioned by them, their agents, servants, contractors, permitted occupants, residents, or invitees arising out of the use of the driveway.
 - (v) Where work is carried out by one occupier on the land of an adjoining owner pursuant to sub-paragraph (i) of this paragraph or to any order of a Court, the right of the latter owner or occupier to have the land restored as far as possible to its former condition after the completion of the work, subject to the right of contribution described in sub-paragraph (iii) of this paragraph.

In this paragraph 1(b) "occupier" has the meaning ascribed to that term by s126 of the Property Law Act 1952 and "occupiers" has a corresponding meaning.

- (c) Notwithstanding clause 1(a) above, the right of way shall not be used for the passage of heavy vehicles without the prior consent of the registered

proprietor of the servient land ("Servient Owner") on each occasion. Such consent may be withheld by the Servient Owner at the Servient Owner's absolute discretion (and notwithstanding consent for any similar use on any previous occasion) and the Servient Owner shall not be required to give any reason for withholding its consent.

2. Terms, conditions, covenants, or restrictions in respect of the above easements:
- (a) The easement of right of way shall be limited so that it does not extend below or above the reduced levels shown at Sections A-A', B-B', C-C' and D-D' on Deposited Plan 78340.
 - (b) The grantee agrees to allow reasonable interference with the rights herein granted during demolition of any building on the servient land and during any new building operations thereon and also as may reasonably be necessary for repair and maintenance operations to the buildings on the land adjoining the right of way provided that the grantee, its servants, tenants, agents, workmen, licensees and invitees shall not thereby be deprived of any access over the right of way.
 - (c) The parties using the right of way from time to time shall do so in a proper manner and control the safe and orderly movement of pedestrian and vehicular traffic thereon and save as provided herein shall not obstruct the same and shall form and thereafter maintain and keep the right of way in good repair and cleaned and the costs thereof shall be borne equally between the parties using the right of way on the basis of their respective usage and any dispute in that connection shall be decided by arbitration in accordance with the Arbitration Act 1996 by a sole arbitrator agreed on by the parties or failing agreement within 14 days appointed by the President of the Auckland District Law Society. The arbitrators decision (including any decision as to apportionment of the costs of the arbitration among the parties) shall be final and binding upon the parties, provided however that any party may appeal to the High Court of New Zealand on a question or questions of law.

IN THE MATTER of the Resource Management
Act 1991

AND

IN THE MATTER of the Land Transfer Act
1952

THIS DEED made this

27th

day of

June

2001

BETWEEN **AMP NZ OFFICE WATERFRONT TOWER LIMITED** ("Owner")

AND **THE AUCKLAND CITY COUNCIL** ("Council")

BACKGROUND

- A. The Owner is the registered proprietor of the Recipient Land.
- B. The District Plan in rule 5.5:3.4, and the Proposed District Plan in rule 6.7.2.5, provide for Heritage Floorspace Bonus to be awarded when buildings of heritage value are retained and conserved, and allow that Bonus to be transferred to one or more sites within certain zones of the District Plan and the Proposed District Plan.
- C. By the First Consent the Council awarded Heritage Floorspace Bonus of 28,229m² for the Building.
- D. By the Second Consent the Council granted consent for the Owner to transfer 3,215m² of Heritage Floorspace Bonus from Heritage Site Land to the Recipient Land.
- E. The District Plan and the Proposed District Plan require that all transfers of Heritage Floorspace Bonus are recorded on the certificate of title of the donor site and the recipient site and this deed has been entered into as a covenant under section 108(2)(d) of the Resource Management Act 1991.

WITNESSES AS FOLLOWS:

1. INTERPRETATION

In this covenant unless the context indicates otherwise:

"**Council**" means the Auckland City Council and its successors as territorial authority of the district where all the land referred to in this deed is situated;

f

"Building" means the building known as the Church of St Matthew-in-the-City situated on the Heritage Site Land;

"District Plan" means the Auckland District Council operative transitional District Plan for the Central Area of Auckland City;

"First Consent" means the resource consent granted by the Council dated 13 August 1997 (file reference PO/97/00101);

"Heritage Floorspace Bonus" has the meaning given to that term in the District Plan;

"Heritage Site Land" means the land at 66-70 Wellesley Street/132 Hobson Street, Auckland comprised in certificate of title 115B/292 (North Auckland Registry);

"Operative Date" means the date of registration of this deed at Land Information New Zealand;

"Owner" means the owner named in this deed and includes the Owner's successors but only as long as they are registered proprietor of the Recipient Land;

"Proposed District Plan" means the Council's Proposed District Plan 1997 for the Central Area of Auckland City;

"Recipient Land" means the land at 186-194 Quay Street, Auckland described in certificate of title 128C/787 (North Auckland Registry); and

"Second Consent" means the resource consent granted by the Council dated 5 June 2001 (file reference PO/01/00336).

2. COVENANTS

The Owner acknowledges and covenants that an area of Heritage Floorspace Bonus of 3,215m² has been transferred from the Heritage Site Land to the Recipient Land, effective as of the Operative Date.

3. STATUTORY POWERS NOT AFFECTED

Nothing in this deed is to be treated as limiting any other rights or powers which the Council may have under any statute, bylaw or regulation except as expressly provided in this deed.

Executed as a deed.
