

Transfer of Resource Consent

Pursuant to section 137 of the Resource Management Act 1991

Written Notice of Transfer was received on 14 November 2024 for transfer of consent as quoted below.

Consent number	Activity description
DIS60265765(NRSI ref 33035)	To discharge stormwater from 3163 square metres of impervious area associated with a golf club maintenance facility.

Please note: This consent may have a BUN (bundle) record associated with it. The BUN is a device that enables consolidated billing of charges across multiple consents. It is not a resource consent.

The council has changed the invoice recipient on the BUN record to match the one on the resource consent. That means the BUN can be used for monitoring charges related to multiple consents on one site and one invoice will be sent to the new consent holder.

Transfer has been completed

From existing consent holder	Formosa Auckland Country Club Limited
To new consent holder	Beachlands South Limited Partnership
Effective date	01 November 2024
