Dear Expert Panel,

SECTION 53(2) OF THE FAST TRACK APPROVALS ACT 2024 – INVITATION TO COMMENT

Application number(s):	National Green Steel Ltd
Address:	61 Hampton Downs Road HAMPTON DOWNS
Proposed activity(s):	To construct a new Steel Plan and associated activities

This memorandum is provided in response to the invitation to comment issued by the Expert Panel (Panel) under s70) of the FTAA on the 26th of February 2026.

The memorandum has been prepared by Keryn Bond WDC Land Use Consent Senior Planner.

Comments

1. Please find attached comments from WDC regarding draft conditions.
2. As referenced in point 5 of Minute 18, WDC considers that where conditions are common to both WRC and WDC, these could either be removed or amended so that the consent holder is required to provide evidence that the relevant information has been supplied to, or certified by, Waikato Regional Council.

This approach will require careful consideration and possibly discussions with WRC. Should the Panel be inclined to remove or amend the conditions as suggested, WDC would welcome the opportunity to provide further comment regarding which conditions should be amended or removed.

Yours faithfully
