

**APPENDIX A - Night Time lighting**

Taken with Iphone 15 Pro some 15.4km from the Come In Time and RAS Pits

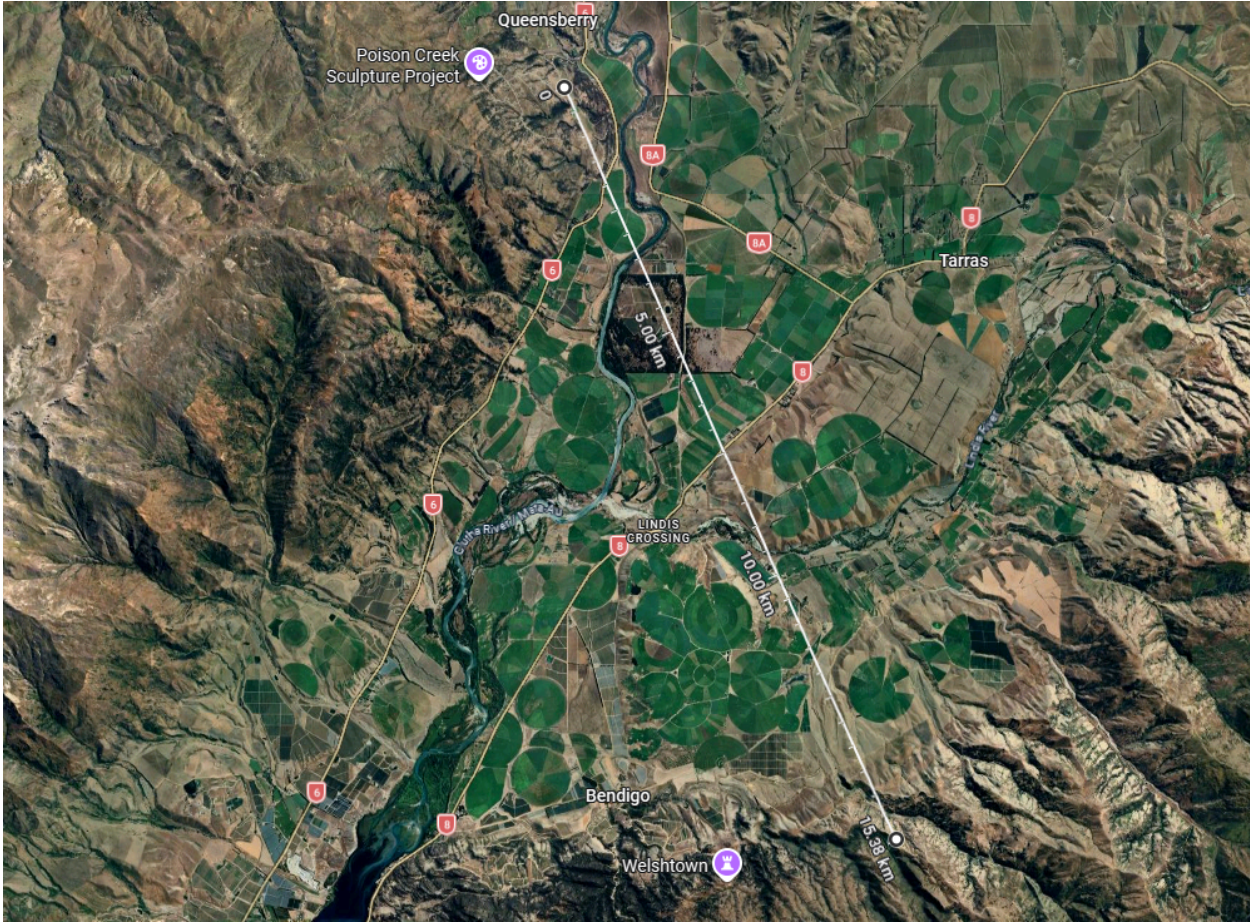

Photo 1 : taken at 9:04pm, without external lighting, note the unidentified light source observed on the hill, this is on the proposed Adgour Track route from what we could observe

Photo 2 : 9:10pm One light tower and one "truck" lit up

Photo 3: 9:20pm two light towers (one on the CIT pit and one on the RAS pit) both pointing away from the hill towards the valley and two “trucks”
