Hi [REDACTED],

Thanks for the email.

Yes our report has been sent to Santana. However, I'm unsure what their current programme dates are for lodgement of documentation.

Regards,

Alex

Hi Michala

I thought I would follow up on our participation earlier this year in the Santana survey.

Was this ever completed and a final report sent to Santana?

Hope you managed to get a somewhat reasonable report in the end.

Hi [REDACTED]

Thanks so much for being part of our SIA study for the Bendigo Mine. I look forward to meeting with you to discuss the SIA and the potential impacts that the mining proposal could have for your operations.
