First name: Kyle

Last name: Lai

Postal address: [REDACTED]

Phone: [REDACTED]

I can receive email and my email is correct.

Comments:

Regarding The Point Mission Bay project, I have a couple of comments and would appreciate some clarification:

1. As my property shares a boundary with the project site, could you please clarify what is planned to define the boundary (for example, a fence or other structure)? I would also like to understand whether the existing landscaping on my property may be affected by the project, including any potential damage. Additionally, will the development obstruct the view from my property? (From my understanding, the development will be a multi-storey building. Could you please confirm this and advise whether it will obstruct the view from my property?)
2. Given that the site is in close proximity to my property, could you please advise how waste and noise will be managed throughout the construction period?

Regards.

Kyle
