Dear Penny

Invitation to provide written comments on the referral application for the Simplicity Living – Te Pūtahi Ladies Mile project under the Fast-track Approvals Act 2024

Note: Comments must be received by **18 May 2026, 11.59PM.**

A referral application has been received by the Minister for Infrastructure (the Minister) from Simplicity Living Limited (the applicant) for the Simplicity Living – Te Pūtahi Ladies Mile project (the project) under the Fast-track Approvals Act 2024 (the Act). Project summary details are in Appendix A.

The purpose of the Act is to facilitate the delivery of infrastructure and development projects with significant regional or national benefits. [Section 22](#) of the Act sets out the criteria that inform the Minister's decision-making process on referral applications.

I write under delegation from the Minister and in accordance with section 17(1)(c) of the Act (which requires the Minister to invite written comments on a referral application from the relevant administering agencies). I invite the Department of Conservation as the administering agency for the Conservation Act 1987, the Reserves Act 1977, and the Wildlife Act 1953, to provide written comments on the referral application (a copy of which is available to you via the portal).

If you wish to provide written comments, these must be received within **15 working days** of receipt of this letter and copy of the application (refer to due date above). The Minister is not required to consider information received outside of the specified time frame.

Under section 17(3A) of the Act, any comments made by an administering agency must be **relevant** to the application and the decision on the application that the Minister is required to make under section 21.

Fast-track referrals are administered on behalf of the Minister for Infrastructure by the Ministry for the Environment

The requirement for any other comments to be **relevant** is new, made through the Fast-track Approvals Amendment Act 2025. This change was made to ensure comments from organisations that recover costs from applicants are focused on matters relevant to the Minister's decision and do not stray into peripheral matters that are not material to that decision, or are overly technical or detailed where this level of input is not justified as being relevant to the decision. This is particularly important to help manage cost escalations which may otherwise be borne by applicants and/or taxpayers, without adding value to the Minister's decision on whether to refer the application.

Note that consideration of this referral application under these criteria is more limited than the detail required to be considered during a substantive application stage. Comments should therefore be limited to matters relevant to the referral criteria. Please refrain from providing overly detailed comments, which are not relevant to the referral decision.

You may have a later opportunity to provide further detail in comments on a substantive application (for example, site specific constraints or conditions), if the project is referred to an independent expert panel.

To this end, please ensure any comments you choose to provide are specific to this particular referral application, and linked to the Minister's decision-making criteria as set out in sections 21 and 22 of the Act. In this regard, we are particularly interested in comments you might have on the following matters:

- 1. whether you consider the project may involve an ineligible activity, and if so, why (as defined in section 5 of the Act)*
- 2. whether you consider any of the reasons to decline a referral application may be applicable to this application, and if so why (under section 21 of Act).*

The information you are receiving is being provided to you consistent with the statutory requirements for inviting written comments under section 17 of the Act. The information is being provided in-confidence and may be commercially sensitive. It should not be disclosed to, and comments should not be sought from, anyone outside of your organisation.

If the Minister decides to accept the application and refer the project to the fast-track approvals process, the applicant will be required to complete any preliminary steps under the Act before lodging a substantive application. If the Environmental Protection Authority (EPA) deems the substantive application complete and within scope, an independent expert panel will be appointed to make a final decision on the required approvals.

Before the due date, please upload any comments to the application portal feedback page using the template for written comments (attached) or similar format/document.

Chief Executive

Dear Richard

Invitation to provide written comments on the referral application for the Simplicity Living – Te Pūtahi Ladies Mile project under the Fast-track Approvals Act 2024

Note: Comments must be received by **18 May 2026, 11.59PM.**

A referral application has been received by the Minister for Infrastructure (the Minister) from Simplicity Living Limited (the applicant) for the Simplicity Living – Te Pūtahi Ladies Mile project under the Fast-track Approvals Act 2024 (the Act). Project summary details are in Appendix A of this letter.

The purpose of the Act is to facilitate the delivery of infrastructure and development projects with significant regional or national benefits. [Section 22](#) of the Act sets out the criteria that inform the Minister's decision-making process on referral applications.

Under delegation from the Minister and in accordance with section 17(1)(a) of the Act, I invite Otago Regional Council to provide written comments on the referral application, a copy of which is available to you via the portal.

Written comments must be received within **15 working days** of receipt of this letter and a copy of the application (refer to the due date above). The Minister is not required to consider information received outside of this time frame.

Under section 17(3) of the Act, Otago Regional Council **must** provide comments advising on the following matters:

- 1. Any applications that have been lodged with the Council that would be a competing application or applications if a substantive application for the project were lodged. If no such applications exist, please provide written confirmation.*
- 2. In relation to projects seeking approval of a resource consent under section 42(4)(a) of the Act, whether there any existing resource consents issued where sections 124C(1)(c) or 165ZI of the Resource Management Act 1991 (RMA) could apply, if the project were to be applied for as a*

resource consent under the RMA. If no such consents exist, please provide written confirmation.

In addition, under section 17(3)(b), Otago Regional Council **may** also provide other comments, but **only** if those comments are **relevant** to the application and the decision on the application that the Minister is required to make under section 21.

The requirement for any other comments to be **relevant** is new, made through the Fast-track Approvals Amendment Act 2025. This change was made to ensure comments from organisations that recover costs from applicants are focused on matters relevant to the Minister's decision and do not stray into peripheral matters that are not material to that decision, or are overly technical or detailed where this level of input is not justified as being relevant to the decision. This is particularly important to help manage cost escalations which may otherwise be borne by applicants and/or ratepayers, without adding value to the Minister's decision on whether to refer the application.

Note that consideration of this referral application under these criteria is more limited than the detail required to be considered during a substantive application stage. Comments should therefore be limited to matters relevant to the referral criteria. Please refrain from providing overly detailed comments, which are not relevant to the referral decision.

You may have a later opportunity to provide further detail in comments on a substantive application (for example, site specific constraints or conditions), if the project is referred to an independent expert panel.

To this end, please ensure any comments you choose to provide are specific to this particular referral application, and linked to the Minister's decision-making criteria as set out in sections 21 and 22 of the Act. In this regard, we are particularly interested in comments you might have on the following matters:

3. *whether you consider the project may involve an ineligible activity, and if so, why (as defined in section 5 of the Act)*
4. *whether you consider any of the reasons to decline a referral application may be applicable to this application, and if so why (under section 21 of Act).*

The information you are receiving is being provided to you consistent with the statutory requirements for inviting written comments under section 17 of the Act. The information is being provided in-confidence and may be commercially sensitive. It should not be disclosed to, and comments should not be sought from, anyone outside of your organisation.

If the Minister decides to accept the application and refer the project to the fast-track approvals process, the applicant will be required to complete any preliminary steps under the Act before lodging a substantive application. Mike Theelen
Chief Executive
Queenstown Lakes District Council
s 9(2)(a)

Dear Mike

Invitation to provide written comments on the referral application for the Simplicity Living – Te Pūhahi Ladies Mile project under the Fast-track Approvals Act 2024

Note: Comments must be received by **18 May 2026, 11.59PM.**

A referral application has been received by the Minister for Infrastructure (the Minister) from Simplicity Living Limited (the applicant) for the Simplicity Living – Te Pūhahi Ladies Mile project under the Fast-track Approvals Act 2024 (the Act). Project summary details are in Appendix A of this letter.

The purpose of the Act is to facilitate the delivery of infrastructure and development projects with significant regional or national benefits. [Section 22](#) of the Act sets out the criteria that inform the Minister's decision-making process on referral applications.

Under delegation from the Minister and in accordance with section 17(1)(a) of the Act, I invite Queenstown Lakes District Council to provide written comments on the referral application, a copy of which is available to you via the portal.

Written comments must be received within **15 working days** of receipt of this letter and a copy of the application (refer to the due date above). The Minister is not required to consider information received outside of this time frame.

Under section 17(3) of the Act, Queenstown Lakes District Council **must** provide comments advising on the following matters:

- 1. Any applications that have been lodged with the Council that would be a competing application or applications if a substantive application for the project were lodged. If no such applications exist, please provide written confirmation.*

In addition, under section 17(3)(b), Queenstown Lakes District Council **may** also provide other comments, but **only** if those comments are **relevant** to the application and the decision on the application that the Minister is required to make under section 21.

The requirement for any other comments to be **relevant** is new, made through the Fast-track Approvals Amendment Act 2025. This change was made to ensure comments from organisations that recover costs from applicants are focused on matters relevant to the Minister's decision and do not stray into peripheral matters that are not material to that decision, or are overly technical or detailed where this level of input is not justified as being relevant to the decision. This is particularly important to help manage cost escalations which may otherwise be borne by applicants and/or ratepayers, without adding value to the Minister's decision on whether to refer the application.

Note that consideration of this referral application under these criteria is more limited than the detail required to be considered during a substantive application stage. Comments should therefore be limited to matters relevant to the referral criteria. Please refrain from providing overly detailed comments, which are not relevant to the referral decision.

You may have a later opportunity to provide further detail in comments on a substantive application (for example, site specific constraints or conditions), if the project is referred to an independent expert panel.

To this end, please ensure any comments you choose to provide are specific to this particular referral application, and linked to the Minister's decision-making criteria as set out in sections 21 and 22 of the Act. In this regard, we are particularly interested in comments you might have on the following matters:

2. *whether you consider the project may involve an ineligible activity, and if so, why (as defined in section 5 of the Act)*
3. *whether you consider any of the reasons to decline a referral application may be applicable to this application, and if so why (under section 21 of Act).*

The information you are receiving is being provided to you consistent with the statutory requirements for inviting written comments under section 17 of the Act. The information is being provided in-confidence and may be commercially sensitive. It should not be disclosed to, and comments should not be sought from, anyone outside of your organisation.

If the Minister decides to accept the application and refer the project to the fast-track approvals process, the applicant will be required to complete any preliminary steps under the Act before lodging a substantive application. If the Environmental Protection Authority (EPA) deems the substantive application complete and within scope, an independent expert panel will be appointed to make a final decision on the required approvals.

Before the due date, please upload any comments to the application portal feedback page using the template for written comments (attached) or similar format/document.

Alternatively, if you wish to email your feedback or have any queries about this letter, please email to referral@fasttrack.govt.nz and include the name of the lead contact – Ashiley Sycamore.

For assistance with the application portal or to update your account details, please email contact@fasttrack.govt.nz or phone 0800 FASTRK (0800 327 875).

Yours sincerely

Invitation to provide written comments on the referral application for the Simplicity Living – Te Pūtahi Ladies Mile project under the Fast-track Approvals Act 2024

Note: Comments must be received by **18 May 2026, 11.59PM.**

A referral application has been received by the Minister for Infrastructure (the Minister) from Simplicity Living Limited (the applicant) for the Simplicity Living – Te Pūtahi Ladies Mile project (the project) under the Fast-track Approvals Act 2024 (the Act). Project summary details are in Appendix A.

The purpose of the Act is to facilitate the delivery of infrastructure and development projects with significant regional or national benefits. [Section 22](#) of the Act sets out the criteria that inform the Minister's decision-making process on referral applications.

I write under delegation from the Minister and in accordance with section 17(d) of the Act (which requires consultation with relevant Māori groups identified under section 18(2)). I invite you to provide written comments on the referral application, a copy of which is available to you via the portal.

The information you are receiving is being provided to you consistent with the statutory requirements for inviting written comments under section 17 of the Act. The information is being provided in-confidence and may be commercially sensitive. It should not be forwarded to, and comments should not be sought from, anyone outside of your organisation.

If you wish to provide written comments, these must be received within **15 working days** of receipt of this letter and copy of the application (refer to the due date above). The Minister is not required to consider information received outside of this time frame. Comments received will inform the Minister's considerations in making decisions on whether to accept the referral application. If a decision is made to refer the project, any comments received may assist in determining the information that must be submitted with the substantive application.

If you provide written comments as a **Māori consultation group**, you may be entitled to a financial contribution of \$2,000 (excluding GST) under Schedule 2 of the Fast-Track Approvals (Cost Recovery) Regulations 2025. For general information about contribution fees and invoices refer to the Fast-

track webpage on [Cost recovery for agencies](#). The process for applying for a contribution fee payment as a Māori consultation group is outlined here: [Applying for a contribution fee payment](#).

If the Minister decides to accept the application and refer the project to the fast-track approvals process, the applicant will be required to complete any preliminary steps under the Act before lodging a substantive application. If the Environmental Protection Authority (EPA) deems the substantive application complete, an expert panel will be appointed to make a final decision on the required approvals.

Before the due date, please upload any comments to the application portal feedback page using the template for written comments (attached) or similar format/document.

Alternatively, if you wish to email your feedback or have any queries about this letter, please email to referral@fasttrack.govt.nz and include the name of the lead contact – Ashley Sycamore.

For assistance with the application portal or to update your account details, please email contact@fasttrack.govt.nz or phone 0800 FASTRK (0800 327 875).
