**Subject:** NZSki - Presentation and report

Hi [REDACTED]

Thank you for your time on Friday. It was great to be able to run through the Remarkables Ski Area Upgrades and Doolans Expansion project with you and the wider team at Heritage New Zealand Pouhere Taonga.

Attached is the working draft heritage report. I would have preferred to send through the updated version of this report, however I am conscious that we need to get this report through to you and the team as soon as possible due to staff going on leave within the next few weeks. With this in mind, please note:

- The plans in the assessment are being updated as they are based on a very early ski trail set. The ski trails are much more simplified, as per the plans in the powerpoint presentation attached.
- The project description is being updated, to reflect what was discussed at the meeting. We will not be able to get this through to you (if you need it) until the end of next week. As noted during the meeting, NZSki is no longer seeking an archaeological authority.
- The report is being updated to ensure it consistently discusses the (existing) Remarkables Ski Area and the Doolans Expansion Area. There was a focus on the latter, but the former is also important (despite it being an existing, highly modified environment).

Please do not hesitate to get in touch should you wish to get in touch. And again, apologies for not being able to share the updated version of this report.

■
