

BEFORE THE EXPERT PANEL UNDER THE FAST-TRACK APPROVALS ACT 2024

IN THE MATTER OF an application for resource consents by Manawa Energy Limited (**Manawa**) for activities associated with the listed Kaimai Hydroelectric Power Scheme (**Kaimai HEPS**) Re-Consenting Project

MEMORANDUM FOR THE APPLICANT FILING DRAFT SEDIMENT MONITORING PLAN

FTAA-2502-1024 – 23 JANUARY 2026

1. On 20 January 2026, Manawa provided an online Applicant Overview Briefing to the Expert Panel.
2. The application for resource consents proposes a Sediment Monitoring Plan, and at the online briefing, we confirmed that a draft of the Sediment Monitoring Plan would be provided to the Expert Panel this week.
3. We hereby **enclose** the draft Sediment Monitoring Plan that is proposed as part of the application, and which is required through proposed condition 12 of the updated set of proposed conditions filed on 16 January 2026.

DATED at Tauranga this 23rd day of January 2026

Vanessa Hamm
Counsel for Manawa Energy Limited
