Ian Munro	<ul style="list-style-type: none">Ian Munro was the chairperson of a QLDC Hearings Panel that in 2020 refused consent to a proposal on the Site made by Mt Iron Junction Ltd (QLDC Ref. RM181471). That was for a non complying activity and consent was refused on the basis that the applicant's position was that its proposal was contrary to the objectives and policies gateway at s.104D(1)(b) RMA. The Panel additionally found that adverse effects would be more than minor for the purposes of the s.104D(1)(a) RMA gateway. On the basis of failing both gateways consent was required to be refused and hence the Panel never progressed to making any findings on overall merits.
