Dear Panel Members,

Thank you for the opportunity to provide a comment.

We have no knowledge regarding any potential conflicts of interest.

We wish to reiterate the concerns outlined in the report submitted by our lawyer on 14 May.

Our ongoing question is what assurance and confidence we can have that both Council and FNSF will actively monitor the conditions relating to dust, noise, and traffic volumes.

We also note that a complaints contact will be provided.

We would appreciate clarification on whether we are expected to make contact each time we observe what we believe to be an infraction.

Thank you for your consideration.

Nga mihi & best regards from
