WAT60276020	A replacement application to take groundwater for irrigation of a golf course. Golf course irrigation and for use in resort complex facilities

Please note; This consent may have a BUN (bundle) record associated with it. The BUN is a device that enables consolidated billing of charges across multiple consents. It is not a resource consent.

The council has changed the invoice recipient on the BUN record to match the one on the resource consent. That means the BUN can be used for monitoring charges related to multiple consents on one site and one invoice will be sent to the new consent holder.

Transfer has been completed.

To new consent holder	Beachlands South Limited Partnership
