3.5.2 Provide a summary of any consultation undertaken with the above persons and/or groups who you consider are likely to be affected by the project, and any other groups required to be consulted with under [section 11](#) of the Act, **and** how the consultation has informed the project.

Addressed in [156]-[185] of Planning Assessment (Attachment 2). The s 11 notification letters are Attachment 17, and the s 11 notification responses received are Attachment 18.

3.5.3 List any Treaty settlements that apply to the project area and provide a summary of the relevant principles and provisions in those settlements.

This section sets out a list of any Treaty settlements that apply to the project area, and a summary of the relevant principles and provisions in those settlements.

The Ngāi Tahu Claims Settlement Act 1998 (Settlement Act) applies to the Project area.

Section 7 of the FTAA requires all persons exercising powers and functions under it to act in a manner consistent with Treaty settlements.

Iwi and hapū, in this case Ngāi Tūāhuriri, are likely to have cultural associations with ancestral lands, water, sites, wāhi tapu, or other taonga beyond what is specifically identified in the Settlement Act. Ngāi Tūāhuriri and their representatives (including Whitiara) are best placed to advise on these matters.

Crown Acknowledgments and apologies

The Ngāi Tahu Claims Settlement Act 1998 records the apology given by the Crown to Ngāi Tahu in the deed of settlement executed on 21 November 1997 by the then Prime Minister the Right Honourable James Brendan Bolger, for the Crown, and Te Rūnanga o Ngāi Tahu.

As part of the Ngāi Tahu Treaty settlement, the Crown apologised to Ngāi Tahu for its past failures to acknowledge Ngāi Tahu rangatiratanga and mana over the South Island lands

within its boundaries, and, in fulfilment of its Treaty obligations, the Crown states that it recognises Ngāi Tahu as the tāngata whenua of, and as holding rangatiratanga within, the takiwā of Ngāi Tahu whānui.

Respect for Ngāi Tahu views on resource management matters and enabling effective involvement of Ngāi Tahu as a Treaty partner in resource management decision-making within the takiwā are important ways in which the Crown can give ongoing effect to these acknowledgements and uphold its relationship with Ngāi Tahu.

Taonga species

The Crown has also acknowledged the special association of Ngāi Tahu with certain taonga species of birds, plants and animals. The Ngāi Tahu Claims Settlement Act 1998 contains several other provisions relating to taonga species, including a requirement that the Minister of Conservation consult with, and have particular regard to, the views of, Te Rūnanga o Ngāi Tahu when making policy decisions concerning the protection, management, or conservation of a taonga species.

While the applicant is seeking an approval under the Wildlife Act 1953 for the relocation of any lizards found, there are no lizards named amongst the taonga species listed in the Ngāi Tahu settlement.

3.5.4 If relevant, detail any principles or provisions in the Ngā Rohe Moana o Ngā Hapū o Ngāti Porou Act 2019 that would be invoked by the project and identify which aspects of the application trigger or otherwise invoke these requirements.

Not relevant to the site.

3.5.5 Will the project be located on land returned under a Treaty settlement?

No

3.5.6 Provide evidence of written agreement by the owners of the land returned.

3.5.7 Describe any processes already undertaken under the Public Works Act 1981 in relation to the project:

Not relevant.

3.5.8 Provide information identifying any parcels of Māori land, marae, or identified wāhi tapu within the project area:

There are no parcels of Māori land or marae within the project area.

Te Kohanga o Kaikai-a-Waro is a pa site registered as a wāhi tapu with HNZPT. See: Heritage New Zealand - Te Kohanga o Kaikai-a-Waro.

The partly operative Waimakariri District Plan identifies the following wāhi tapu in the Project Area

- SASM006 – Wāhi Tapu – Silent File - covering the northwestern part of site – roughly masterplan area B and C, and parts of A and D. Because it is a Silent File, there is no further description in the District Plan. Wāhi Tapu defines a “place and thing that is sacred”.

It is for mana whenua, in this case Ngāi Tūāhuriri to identify what is of significance to them, this section summarises identified wāhi tapu within the project area as required by the FTAA.

3.6 Legal interests
