Request for advice and reports under the Fast-track Approvals Act 2024

Carter Group Ltd has lodged a substantive application under the Fast-track Approvals Act 2024 (the Act) on 23 April 2025. The Ryans Road Industrial area application relates to a 55-hectare industrial subdivision at 104 Ryans Road, Christchurch, creating 126 freehold industrial lots, with infrastructure such as roads, three-waters utilities, and landscaping.

The EPA has decided that the application is complete and in scope under section 46 of the Act and provided the application to the panel convener. The substantive application seeks an approval for a wildlife approval under section 42(4)(h) of the Act.

Under section 51 of the Act, the panel convener has now directed the EPA to obtain from the Director-General of Conservation the following reports:

- In respect of the wildlife approval under **section 42(4)(h)** of the Act, a report prepared the Director-General of Conservation in accordance with **clause 3 of Schedule 7** of the Act

The panel convener has also directed the EPA to obtain advice from the Director-General of Conservation **in respect of the matters that are outlined in the attached Minute.**

The Department of Conservation must provide the reports and advice **within 10 working days after the panel invites comments under section 53 of the Act.**
