Thanks for following through Charlotte,

Contents noted, there is no work being carried out on site today, sure was dusty yesterday !

Kind Regards.

Good Morning Links,

Thank you for touching base. I am well thank you. I hope you are too.

I was away on leave yesterday. Please can you advise if the dust is still an ongoing issue today?

Moving forward, please can you raise a Request for Service [Contact Us / Fix It - QLDC](#) via our Services Team. The request will be sent to the On-duty Officer, who will be able to follow up accordingly.

Kind Regards,

Charlotte

Hello Charlotte,

Trust that you are well.

Can you please follow through with the contractor at this site as from my observations there has been no watering of the site taking place today.

I will send you photos on a separate email.

Thanks in advance.

Good Morning Links,

Thank you for sharing the below and attached photos.

Following your concerns, we have been in discussion with the developer, and they have advised that they have been running water trucks onsite.

Please can you advise if you are happy for our Team to share these photos with the site? This will enable us to work with them to implement a longer-term solution?

Kind Regards,

Charlotte
