Clause 2 of Schedule 7

(1) For the purposes of section 43(3)(h), an application for a wildlife approval must.

a.	Specify the purpose of the proposed activity.	Lizards are known to be present within the site. Development will require earthworks and vegetation clearance where lizards are currently located. The purpose of the activity is to salvage lizards from within the works site and relocate them within the same site to areas that will not be impacted by works, and will be subject to habitat enhancement, revegetation and predator control.
b.	Identify the actions the applicant wishes to carry out involving protected wildlife and where they will be carried out (whether on or off public conservation land).	Capture and handling of lizards on site, the temporary holding of lizards prior to release for up to one working day, being less than 8 hours, the relocation of lizards within the same property, and the incidental killing of any lizards that are not captured despite best-practice efforts on site off public conservation land as outlined in the Lizard Management Plan (Page 84-86 of Appendix 14 (Ecological Impact Assessment))

c.	Include an assessment of the activity and its impacts against the purpose of the Wildlife Act 1953	Refer to Ecological Impact Assessment (Appendix 14), Effects on lizards are summarised in the attached lizard management plan (Page 72-110 of Appendix 14), also refer to Section 4 (pg 8) of Volume B: Wildlife Permit for the assessment specifically in relation to the impacts against the purpose of the Wildlife Act 1953.
d.	List protected wildlife species known or predicted to be in the area and, where possible, the numbers of wildlife present and numbers likely to be impacted.	<p>As outlined in the Lizard Management Plan (Page 78 of the Ecological Impact Assessment (Appendix 14)).</p> <p>As per Conservation status of reptile species in Otago, 2025:</p> <ul style="list-style-type: none"> • McCann's skink - Not Threatened • Tussock skink - Regionally Declining • Mountain beech gecko (listed in the Otago document as south western large gecko) - Regionally Declining
e.	Outline impacts on threatened, data deficient, and at-risk wildlife species (as defined in the New Zealand Threat Classification System).	As outlined in the Lizard Management Plan Page 73-93 of Appendix 14 (Ecological Impact Assessment) and Appendix 14 Ecological Impact Assessment which provides a full detailed assessment.
f.	State how the methods proposed to be used to conduct the actions specified under paragraph (b) will ensure that best practice standards are met.	Refer to the Lizard Management Plan Page 73-93 of Appendix 14 .
g.	Describe the methods to be used to safely, efficiently, and humanely catch, hold, or kill the animals and identify relevant animal ethics processes.	Refer to the Lizard Management Plan Page 73-93 of Appendix 14 .
h.	State the location or locations in which the activity will be carried out, including a map (and GPS co-ordinates if available).	Refer to the Lizard Management Plan Page 73-93 of Appendix 14

i.	State whether authorisation is sought to temporarily hold or relocate wildlife.	Refer to the Lizard Management Plan Page 73-93 of Appendix 14 , authorisation is sought to relocate wildlife.
j.	List all actual and potential wildlife effects (adverse or positive) of the proposed activity, including effects on the target species, other indigenous species, and the ecosystems at the site.	As outlined in the Lizard Management Plan Page 73-93 of Appendix 14 (Ecological Impact Assessment) and Appendix 14 Ecological Impact Assessment which provides a full detailed assessment.
k.	Where adverse effects are identified, state what methods will be used to avoid and minimise those effects, and any offsetting or compensation proposed to address unmitigated adverse effects (including steps taken before the project begins, such as surveying, salvaging, and relocating protected wildlife).	As outlined in the Lizard Management Plan Page 73-93 of Appendix 14 (Ecological Impact Assessment) and Appendix 14 Ecological Impact Assessment which provides a full detailed assessment.
l.	State whether the applicant or any company director, trustee, partner, or anyone else involved with the application has been convicted of any offence under the Wildlife Act 1953.	N/A - the applicant or any company director, trustee, partner, or anyone else involved with the application has not been convicted of any offence under the Wildlife Act 1953
m.	State whether the applicant or any company director, trustee, partner, or anyone else involved with the application has any current criminal charges under the Wildlife Act 1953 pending before a court.	N/A – the applicant or any company director, trustee, partner, or anyone else involved with the application does not have any current criminal charges under the Wildlife Act 1953 pending before a court.
n.	Provide proof and details of all consultation, including with hapū or iwi, on the application specific to wildlife impacts.	Refer to Volume B: Wildlife Permit, Section 4, Page 8
