Dear Amanda,

Thank you for the invitation to comment on Genesis Energy Limited's Fast-track Approvals Act 2024 (FTAA) substantive application, Foxton Solar Farm Project (FTAA-2510-1121).

The proposal promotes the benefits of renewable electricity generation, including reducing greenhouse gas emissions and contributing to sustainable development.

I wish to take this opportunity to express my broad support for projects which deliver positive climate outcomes for New Zealand, including the Foxton Solar Farm Project.

Yours sincerely
