Part A – Substantive Application

TABLE OF CONTENTS

Executive Summary 1

1. Project Wide Overview **19**

1.1 Introduction 19
1.2 The Buller Plateaux Continuation Project 22
1.3 The Applicant 25
1.4 Project Rationale 28
1.5 Coal Resource Structure 32
1.6 Current Operations 39
1.7 Purpose of the FTAA 44
1.8 High Level Summary of Approvals Sought 45
1.9 Ineligible Activities 56
1.10 Summary of Benefits 57
1.11 Approach to Engagement with Mana Whenua, Community, Stakeholders and Interested Parties 61
1.12 Approach to the Application and Management of Key Issues 63

2. Mining Overview **69**

2.1 History and Significance of the Mineral Resource 69
2.2 Stockton Plateau History 71
2.3 Denniston Plateau History 73
2.4 Coal Types and Bathurst's Targeted Coal Products 76
2.5 How West Coast Coal for Steel Making is Found and Made 77
2.6 The Mining Process 78
2.7 Blending and Quality Requirements 79
2.8 Acid Mine Drainage 81
2.9 Rehabilitation and Closure 82
2.10 Mine Closure 89

3. Environmental Setting **92**

3.1 Overview 92
3.2 Physical Environment 92
3.3 Cultural, Socio-economic and Amenity Environment 156
3.4 Legal Environment 186
3.5 Existing Mining Operations 207
3.6 Compensation Areas 258

4. Project Description **262**

4.1 Project Benefits 262
4.2 Interdependencies 262

4.3	Sequencing of Activities and Proposed Work Dates	263
4.4	Project Sub-Areas	264
4.5	Stockton	267
4.6	Escarpment Extended	291
4.7	Mount Frederick South	317
4.8	Upper Waimangaroa Haul Road	331
4.9	Cypress	334
4.10	Offsite Actions	336
5.	**Application Approach and Structure**	**338**
5.1	Approvals Sought Under the FTAA and How They Are Set Out in This Document	338
5.2	Technical Reports and Peer Review Reports	340
5.3	Consultation Undertaken	361
5.4	Assessment of Alternatives	372
6.	**Assessment of Environmental Effects**	**402**
6.1	Overview	402
6.2	The Existing Environment	406
6.3	Positive Effects	408
6.4	Effects on Mana Whenua Values (Cultural Effects)	426
6.5	Mine Water Management Effects	428
6.6	Freshwater Quality and Aquatic Ecology Effects	450
6.7	Terrestrial and Wetland Ecology Effects	455
6.8	Effects of pest exclusion fencing	486
6.9	Geotechnical Effects	489
6.10	Natural Hazard Effects	497
6.11	Landscape, Natural Character and Visual Amenity Effects	500
6.12	Noise and Vibration Effects	503
6.13	Roading and Traffic Effects	505
6.14	Lighting Effects	511
6.15	Waste (including Tyre storage) Effects	512
6.16	Hazardous Substances Effects	514
6.17	Potential Effects on other resource users and network utilities	518
6.18	Dust and Air Quality (including Emissions) Effects	520
6.19	Historic Heritage and Archaeological Effects	525
6.20	Recreation, Tourism and Public Access Effects	532
6.21	Summary of Key Effects	536
7.	**Management and Monitoring of Actual and Potential Environmental Effects**	**544**
7.1	Approach Taken	544
7.2	Measures Proposed	545
8.	**RMA Approvals**	**610**
8.1	Introduction	610

8.2 Overview of Resource Consent Approvals Being Sought Under the FTAA 610
8.3 Stockton 611
8.4 Upper Waimangaroa Haul Road 665
8.5 Mount Frederick South 678
8.6 Escarpment Extended 694
8.7 Cypress Mine 715
8.8 Summary of resource consent requirements 717
8.9 Overall activity status 721

9 RMA Approvals Statutory Assessment 722

9.1 Relevant Statutory Assessment 722
9.2 Requirements for a Substantive Application for a Resource Consent 722
9.3 Part 2 of the Resource Management Act 1991 724
9.4 Part 3 of the Resource Management Act 1991 738
9.5 Part 6 of the Resource Management Act 1991 738
9.6 Section 127 759
9.7 Relevant Planning Documents 765
9.8 New Zealand Coastal Policy Statement 2010 768
9.9 National Environmental Standards 770
9.10 National Policy Statement for Freshwater Management 2020 777
9.11 National Policy Statement for Indigenous Biodiversity 2023 788
9.12 West Coast Regional Policy Statement 795
9.13 West Coast Regional Plans 804
9.14 Te Tai o Poutini Plan (Decisions Version) 812
9.15 Buller District Plan 823
9.16 Other Relevant Matters 827
9.17 Conclusion 836

10. Conservation Act and Reserves Act Approvals Application 839

10.1 Introduction 839
10.2 Concessions Under the Conservation Act 839
10.3 Concessions Sought for the BPCP 851
10.4 Statutory Assessment 892
10.5 Key Effects Relevant to these Approvals and Management 901
10.6 Summary of Consultation 907
10.7 Conclusion 908

11. Wildlife Act Authority Application 910

11.1 Overview 910
11.2 Wildlife Context 912
11.3 Wildlife Approvals Sought 926
11.4 Purpose of the Proposed Activity – *clause 2(1)(a), Schedule 7* 928
11.5 Proposed Actions to be Carried Out 929
11.6 Purpose of the Wildlife Act 1953 932
11.7 Wildlife species, impacts and practice standards 933

11.8	Methods	934
11.9	Location of Activities	944
11.10	Temporary holding or relocation of wildlife	948
11.11	Actual and potential effects on wildlife	949
11.12	Methods to avoid, minimise, offset or compensate effects	951
11.13	Wildlife Act Offences	956
11.14	Consultation and Engagement – *clause 2(1)(n) Schedule 7*	957
11.15	Statutory Assessment	959
11.16	Proposed Wildlife Approval Conditions	962
11.17	Conclusion	963

12. Archaeological Authority Application _____ 964

12.1	Overview	964
12.2	Archaeological Context	968
12.3	Description of Archaeological Sites Relevant to these Approvals	973
12.4	Authorities Sought	984
12.5	FTAA – Schedule 8	985
12.6	Assessment of Effects on Archaeology	986
12.7	Management and Monitoring of Effects	993
12.8	Summary of Consultation and Engagement	994
12.9	Approval of Person to Carry out Activity Under Archaeological Authority	996
12.10	Conclusion	997

13. Freshwater Fisheries Approvals and Dispensations Application _____ 998

13.1	Introduction	998
13.2	Description of Freshwater Fisheries	1001
13.3	Approvals Sought That Would Otherwise be Applied for Under the Freshwater Fisheries Regulations	1004
13.4	Relevant Statutory Assessment to These Approvals	1028
13.5	Consultation	1034
13.6	Conclusion	1035

14. Crown Minerals Act Approvals Application – Mining Permits _____ 1036

14.1	Introduction	1036
14.2	Mining Permits under the Crown Minerals Act	1037
14.3	Existing Crown Minerals Act Approvals	1039
14.4	Mining Permit Applications	1044

15. Crown Minerals Act Approvals Application – Access Arrangements _____ 1055

15.1	Introduction	1055
15.2	Access Arrangements under the Crown Minerals Act	1056
15.3	Existing Access Arrangements	1059
15.4	Description of the Proposal	1064

TABLE OF FIGURES

Figure 0-1: Approvals sought under the Fast track Approvals Act 2024 (FTAA).....7

Figure 0-2: BPCP Approval Matrix.....9
