Dear Expert Panel,

Sunfield Fast-track Application: Response to Minute 5 of the Expert Panel

I, Jon Styles, Director and Principal of Styles Group confirm that the report I prepared for the Sunfield Fast-track Application, being the *Sunfield Assessment of Noise Effects*, was prepared in accordance with the Environment Court Practice Note 2023 (Code of Conduct for Expert Witnesses).

As requested by the Expert Panel, details of my qualifications and relevant experience are set out below:

Statement of Qualifications and Experience, Jon Styles

I am and have been the Director and Principal of Styles Group Acoustics and Vibration Consultants for 20 years.

I am a Council Member of the Acoustical Society of New Zealand, and I am on the Board of Directors of the Australasian Association of Acoustical Consultants.

I have over 24 years' experience advising on the management of construction and operational noise and vibration effects. I have worked on a significant number of plan changes and resource consent applications for large-scale residential and mixed use developments across New Zealand. I have extensive experience advising on the management of noise effects from airports and other transport infrastructure, and development of controls to improve the compatibility of residential development around such infrastructure.

I am a regular and experienced expert witness for Council, Environment Court, District Court, High Court and Board of Inquiry hearings.

Yours sincerely,

Jon Styles, MASNZ
Director and Principal
