

MINUTE 5 OF THE EXPERT PANEL
Redacted Economic Report
Foxton Solar Farm [FTAA-2510-1121]
[5 June 2026]

[1] The purpose of this minute is to record and to inform participants that Appendix B (Economic Report) to the Application has been replaced on the fast-track website for the Foxton Solar Farm project (Project) with the unredacted version.

[2] The Panel became aware that the Economic Report on the fast-track website contained several redactions of key figures relating to the economic benefits of the Project. However, the Panel also noted the Application document for the Project included most of those figures and, accordingly, did not consider any participant would be disadvantaged in terms of providing any comments on the Project.

[3] The Panel requested that the EPA contact the Applicant to ascertain whether, in those circumstances, the unredacted version of the Economic Report could be made available on the fast-track website, so that all figures are available and may be considered in the context of the Economic Report as a whole.

[4] The Applicant advised the EPA that it had no objection to that replacement.

A handwritten signature in blue ink, appearing to read "Amanda Dewar".
