
MINUTE #19 OF THE EXPERT PANEL

Responses received from Applicant and landowners of

Lot 1 DP 470213

The Point Solar Farm FTAA-2509-1100

17 June 2026

[1] On 9 June 2026, the Panel issued Minute-18 inviting Far North Solar Farm Limited (the Applicant) and the landowners of Lot 1 DP 470213 to talk and respond to the Panel if an agreed approach to a bunding and planting solution could be formulated.

[2] Both the Applicant and landowners responded independently on 16 June 2026, informing the Panel that the parties had met, but an agreed solution had not been reached, and more time was required to complete these discussions.

[3] The Panel agrees for more time to enable the parties to continue their discussions. A response from parties, if an agreed approach to a bunding and planting solution can be formulated, is now to be provided by **5pm Tuesday 23 June 2026**. If not, the parties are to advise of their positions by that same time and date.

[4] The Panel encourages the parties to reach a settlement of the issues between them. Plainly they have more options available to them than will be available to the Panel. The parties are reminded that the Panel has no power to order work on property over which the Applicant and Mr [REDACTED] and Ms [REDACTED] have no rights, or the power to order the payment of sums of money by the Applicant to Mr [REDACTED] and Ms [REDACTED] not agreed to by the Applicant.
