Michael Steiner
CEO FRV Australia and New Zealand
By Email to s 9(2)(a)

Tēnā koe Michael,

Support in Principle for the Proposed FRV Solar Farm located between SH1 and Tutaenui Road near Marton

I am wanting to confirm that Te Rūnanga o Ngā Wairiki – Ngāti Apa supports in principle the proposed FRV solar farm near Marton. Our Rūnanga is enjoying our engagement with you and your team at FRV. As discussed when we met yesterday, whilst we aspire to have a long term relationship with FRV and the solar farm, it is not our intention to hold FRV to ransom in these important processes.

We acknowledge the economic benefits your project would deliver. Our position extends to supporting in principle your decision to apply for the fast track process. We are happy to be contacted regarding this letter. Please contact our Tāhūhū Rangapū – Group CEO, Grant Huwyler at s 9(2)(a) or s 9(2)(a).

Ngā mihi nui

Pahia Turia
