Hi

Attached Pic of comment form included with mail out received recently.

My comment is more particularly related to the need to proceed under the fast track process. The application suggests ongoing development over the next 10 - 15 years. This suggests that a more normal process be followed allowing for a more in depth vetting of the issues involved.

Sincerely

R P van Bremen

I question the need for this to be made under the fast track system. Proposal is for infrastructure development over the next 10-15 years.

Thank you for your comments
