**Subject:** RE: Information Meeting re Uretiti Sand Operation

Hi Malcolm and Mary,

Thank you for stopping by at our office today, it was great talking to you

As discussed, here is the link for KINGS QUARRY in Wainui/Silverdale ;  
<https://www.kingsquarry.co.nz/about-us/>

Kings Quarry will produce up to 500'000 tonnes of aggregates annually of which approximately 30% will be sand. 70% of the production will be pebbles and GAP aggregates.

We anticipate that Kings Quarry will be open and fully operational by late January 2026

Please let me know if you need any further information  
Best regards

Carlo
