

APPENDIX D - REASONS FOR CONSENT

NZTA seeks all necessary resource consents to give effect to the North West Rapid Transit project, except for the permanent diversion of streams in an overlay (SEAs) (Rule E3.4.1(A19) of the AUP) and works within 10m of natural inland wetlands (Regulation 45 of the National Environmental Standards for Freshwater), to authorise the Project, regardless of whether a rule/regulation is specifically identified in this table.
