Comments on Minor Errors for Hananui Aquaculture Project

The Environmental Protection Authority (EPA) has requested that the Department of Conservation (DOC) inform them as soon as possible of any minor corrections to the Panel's decision dated 10 August 2026, in relation to the Hananui Aquaculture Project (FTAA-2511-1138) Fast-track application in accordance with section 89 of the Fast-track Approvals Act 2024.

A minor correction to condition 2 of the wildlife approval conditions is recommended as set out in the accompanying table.

Corrections suggested for conditions on Wildlife Act approval

Condition #	<i>Text with marked up suggestions</i>	<i>Comments and reasoning</i>
2	In accordance with Conditions 47-49 <u>43-45</u> and 54-56 <u>50-52</u> of the Resource Consent the Approval Holder may make amendments to any of the management plans provided that feedback is sought from DOC.	The referenced conditions do not appear to align with the corresponding resource consent conditions relating to the review and amendment of these management plans. The proposed amendment would be consistent with the drafting of the condition as originally included in the substantive application.
