Please provide your comments below, include additional pages as needed.

We are concerned at the proposed extension coming so close to our property. We are currently experiencing quarry blasts, dust, ~~and~~ noise from multiple sources of quarry activity, ie Beeping buzzers through the night (which appears to have increased recently) with the extension, what further disruption to our household should we expect to encounter. Is there any mitigation plans for the current residential property which is on the immediate boundary.

Thank you for your comments
