To whom it may concern,

Re: Authorisation to lodge the Parkburn Substantive Application

Fulton Hogan Land Development Limited confirms that it authorises Town Planning Group Limited and Melanie Foote to act on its behalf for the purpose of lodging the Parkburn Substantive Application with the Environmental Protection Authority.

This authorisation includes permission to:

- prepare, submit and lodge the substantive application and all supporting documents;
- communicate and correspond with the Environmental Protection Authority in relation to the application;
- provide further information, clarifications and administrative updates as required; and
- undertake any other procedural steps reasonably necessary to facilitate the lodgement and processing of the application.

This authorisation does not limit Fulton Hogan Land Development Limited's ability to participate directly in the application process or to provide further instructions to Town Planning Group Limited and Melanie Foote.

Yours sincerely

GREG DEWE
General Manager
Fulton Hogan Land Development
