

Rules Assessment

Proposal: Ridgeburn
 Address: 122 Morven Ferry Road
 District Plan: Queenstown Lakes Proposed District Plan

Site Zoning	
Zone	Rural Zone, and Wakatipu Basin Rural Amenity Zone
Overlays/Controls	Outstanding Natural Landscape (ONL) and Outstanding Natural Feature (ONF), Landscape Character Unit 17 & 18.
Designations	None

Rule	Consent Required and Status	Comment
Chapter 21 - Rural Zone		

21.4 Rules – Activities All activities, including any listed permitted activities shall be subject to the rules and standards contained in Tables 1 to 15.

Table 1 – Activities – Rural Zone		
<p>Rule 21.4.5 One residential unit, which includes a single residential flat for each residential unit and any other accessory buildings, within any building platform approved by resource consent is a permitted activity.</p>	Not permitted	The proposal includes approximately 1,210 residential units across the wider development site. While residential neighbourhoods are located within the Wakatipu Basin Rural Amenity Zone, residential activity is also proposed across land that includes areas of Rural Zone. The proposal therefore exceeds the permitted standard of one residential unit per site.
<p>Rule 21.4.9</p>	Yes, consent is required as a discretionary activity .	The proposal includes approximately 1,210 residential units across the wider development site.

Rule	Consent Required and Status	Comment
<p>The use of land or buildings for residential activity except as provided for in any other rule, is a discretionary activity.</p>		
<p>Rule 21.4.11 The construction of any building including the physical activity associated with buildings including roading, access, lighting, landscaping and earthworks, not provided for by any other rule, is a discretionary activity.</p>	<p>Yes, consent is required as a discretionary activity.</p>	<p>The proposal includes construction of buildings and associated infrastructure within areas of the site zoned Rural Zone. These buildings are not otherwise provided for as permitted activities and therefore require consent under this rule.</p>
<p>Rule 21.4.12 Home Occupation that complies with the standards in Table 6, is a permitted activity.</p>	<p>No consent required.</p>	<p>No specific home occupation activities are proposed as part of the application.</p>
<p>Rule 21.4.13 Commercial recreational activities that comply with the standards in Table 6, is a permitted activity.</p>	<p>No consent required.</p>	<p>The proposal includes passive recreation areas such as reserves, walking and cycling trails. These are recreational in nature and do not involve commercial recreational activities as defined by the rule.</p>
<p>Rule 21.4.21 Retail sales where the access is onto a State Highway, with the exception of the activities provided for by Rule 21.4.14 or Rule 21.4.16, is a non-complying activity.</p>	<p>No consent required.</p>	<p>The commercial precinct does not obtain direct access onto a State Highway. Access is via Morven Ferry Road and the internal roading network.</p>
<p>Rule 21.4.23 Restaurant including bar, is a discretionary activity.</p>	<p>No consent required.</p>	<p>Not applicable. Food and beverage activities are located within the commercial precinct in the Wakatipu Basin Rural Amenity Zone.</p>

Rule	Consent Required and Status	Comment
Rule 21.4.24 Craft distillery or brewery, is a discretionary activity	No consent required.	Not applicable. Any craft brewery or distillery activity would occur within the commercial precinct in the Wakatipu Basin Rural Amenity Zone.
21.4.25 Recreation and/or Recreational Activity, is a permitted activity.	No consent required.	The proposal includes public open space, parks, sports fields and walking and cycling trails. These areas are intended for recreation and enjoyment and fall within the definition of recreation as the use of land for recreation and/or entertainment. They are not residential activities. Accordingly, these activities are permitted under this rule.
Rule 21.4.29 Any building within a Building Restriction Area identified on the District Plan web mapping application, is a non-complying activity.	No consent required.	No proposed buildings are located within a mapped Building Restriction Area. Accordingly, this rule is not triggered.
Rule 21.4.37 Any activity not otherwise provided for in Tables 1, 9, 10, 12 or 14, are non-compliant activities	Yes, consent is required as a non-complying activity .	The proposal comprises large-scale residential development within the Rural Zone that is not otherwise provided for as a permitted, controlled or discretionary activity. The development is therefore assessed overall as a non-complying activity under this rule.
Table 2 - Standards Applying Generally in the Zone.		
Rule 21.5.1 Setback from Internal Boundaries <ul style="list-style-type: none"> The setback of any building from internal boundaries shall be 15m. Except this rule shall not apply within the Rural Industrial Sub-Zone. Refer to Table 11. Non-compliance requires consent as a restricted discretionary activity.	Yes, consent is required as a restricted discretionary activity .	The masterplan applies defined building setbacks across the development. However, the residential lot sizes and housing typologies result in buildings being located substantially closer than 15m to internal boundaries. The proposal does not achieve the 15m setback required by this rule.

Rule	Consent Required and Status	Comment
<p>Rule 21.5.2 Setback from Roads</p> <ul style="list-style-type: none"> The setback of any building from a road boundary shall be 20m, except, the minimum setback of any building from State Highway 6 between Lake Hayes and the Shotover River shall be 50m. The minimum setback of any building for other sections of State Highway 6 where the speed limit is 70 km/hr or greater shall be 40m. <p>Non-compliance requires consent as a restricted discretionary activity.</p>	No consent required.	Buildings are setback between 23m and 75m from Morven Ferry Road. The proposal exceeds the minimum 20m road boundary setback required by this rule. The internal streets are privately owned and do not constitute legal road boundaries for the purposes of this rule.
<p>Rule 21.5.3 Setback from Neighbours of Buildings Housing Animals</p> <ul style="list-style-type: none"> The setback from internal boundaries for any building housing animals shall be 30m. <p>Non-compliance requires consent as a restricted discretionary activity.</p>	No consent required.	No buildings housing animals are proposed as part of the development. This rule is not triggered.
<p>Rule 21.5.4 Setback of buildings from Water bodies</p> <ul style="list-style-type: none"> The minimum setback of any building from the bed of a wetland, river or lake shall be 20m. <p>Non-compliance requires consent as a restricted discretionary activity.</p>	Yes, consent is required as a restricted discretionary activity .	The site contains several wetlands (A–D) and intermittent waterways. While most buildings are located outside the defined wetland and waterway beds, the masterplanned layout results in some lots and associated development occurring within the required 20m setback as shown on the A2 Masterplans Architectural drawings contained in Appendix 7 .

Rule	Consent Required and Status	Comment
<p>Rule 21.5.7 Lighting and glare</p> <ul style="list-style-type: none"> 21.5.7.1 - All fixed exterior lighting must be directed away from adjoining sites and roads; and 21.5.7.2 - No activity on any site will result in greater than a 3.0 lux spill (horizontal and vertical) of light onto any other site measured at any point inside the boundary of the other site, provided that this rule shall not apply where it can be demonstrated that the design of adjacent buildings adequately mitigates such effects. 21.5.7.3 - There must be no upward light spill <p>Except this rule shall not apply within the Ski Area Sub-Zones. Non-compliance with this rule is a non-complying activity</p>	No consent required.	The design strategy adopts low-level, downward-facing and shielded luminaires designed to minimise glare and avoid upward light spill. Lighting will be directed away from adjoining sites and road boundaries. The proposal is designed to avoid spill exceeding 3.0 lux at site boundaries.
Table 3 – Standards for Farms

<p>boundary (other than an unformed road or as specified in Rule 24.5.9.4) shall be 75m in the Precinct and 20m in the Rural Amenity Zone.</p> <ul style="list-style-type: none"> • 24.5.9.2 - The minimum setback of any building from any unformed road shall be 20m in the Rural Amenity Zone and Lifestyle Precinct. • 24.5.9.3 - Rules 24.5.9.1 and 24.5.9.2 do not apply to the construction of buildings for residential activity pursuant to Rule 24.4.5. • 24.5.9.4 - For the site(s) in the triangular Precinct located at the intersection of Arrowtown-Lake Hayes Road and McDonnell Road and within 250m of that intersection (measured from the centre of the intersection with Arrowtown-Lake Hayes Road), the minimum setback of any building from the McDonnell Road boundary shall be 20m provided that the minimum setback shall be 50m where any building on any adjacent site in the Precinct along that part of the frontage is or is proposed to be setback at less than 50m but not less than 20m from that frontage. 		<p>Amenity Zone. Internal private roads created by subdivision do not constitute road boundaries for the purpose of this rule. The proposal complies with Rule 24.5.9.</p>
--	--	--

<ul style="list-style-type: none"> 24.5.9.5 - The minimum setback of any building from Arrowtown-Lake Hayes Road, within the land contained in the Ayrburn Structure Plan located in Section 27.13, shall be 75m. <p>Non-compliance is restrict discretionary activity</p>		
<p>Rule 24.5.12 Setback of buildings from waterbodies</p> <p>The minimum setback of any building from the bed of a wetland, river or lake shall be 30m.</p> <p>This rule does not apply to:</p> <p>Waterbodies that have been built as part of a subdivision or development for the primary purpose of treating and disposing of stormwater, or the construction of buildings for residential activities pursuant to Rule 24.4.5.</p> <p>Non-compliance is restrict discretionary activity</p>	<p>Yes, consent is required as a restricted discretionary activity.</p>	<p>The site contains natural wetlands and intermittent streams as well as constructed ponds and stormwater treatment features. While the rule does not apply to constructed waterbodies, buildings are located within 30m of some natural wetlands and therefore consent is required under this rule.</p>
<p>Rule 24.5.17 Glare</p> <ul style="list-style-type: none"> All fixed exterior lighting shall be directed away from adjacent roads and sites. 	<p>No consent required.</p>	<p>External lighting will be designed to direct light away from adjacent sites and roads, avoid upward light spill, and limit spill at site boundaries to no more than 3 lux. The lighting design is capable of complying with this standard.</p>

<ul style="list-style-type: none"> Activities on any site shall not result in more than a 3 lux spill (horizontal and vertical) of light to any other site, measured at any point within the boundary of the other site. There shall be no upward light spill. <p>Non-compliance is restrict discretionary activity</p>		
<p>Rule 24.5.19 Firefighting water and access</p> <p>New buildings for residential activities where there is no reticulated water supply, or any reticulated water supply is not sufficient for firefighting must have one of the following:</p> <p>either a sprinkler system installed and plumbed with a maintained static water storage supply of at least 7,000 litres available to the system, or</p> <p>water supply and access for firefighting that meets the following requirements:</p> <ul style="list-style-type: none"> Water storage of at least 45,000 litres shall be maintained (excluding potable water storage for domestic use) with an outlet connection point that can provide 1500L/min (25 L/s) and any necessary couplings; 	<p>No consent required.</p>	<p>There is no Council reticulated water supply. The proposal includes an onsite bore supply, storage tanks and a dedicated fire pump. Firefighting water storage and vehicle access will be provided in accordance with QLDC engineering standards at detailed design stage.</p>

Kerikeri | Whangārei | Warkworth | Auckland | Hamilton | Cambridge | Tauranga | Havelock North | Wellington | Christchurch | Wānaka & Queenstown

		establishment of spray irrigation on the Morven Hill ONF. This rule is not sought to be breached by way of this consent.
<p>Rule 25.5.4 Up to 400m³ of earthworks within Wakatipu Basin Rural Amenity Zone.</p>	Yes, consent is required as a restricted discretionary activity	Earthworks within the WBRAZ exceed the permitted 400 m ³ threshold. The proposed development includes a total net cut volume of approximately 689,052 m ³ .
<p>Rule 25.5.11 Earthworks over a contiguous area of land shall not exceed the following area:</p> <p>25.5.11.1 2,500m² where the slope is 10° or greater.</p> <p>25.5.11.2 10,000m² where the slope is less than 10°.</p> <p>25.5.11.3 2,500m² at any one time for the construction of a trail.</p>	Yes, consent is required as a restricted discretionary activity	Earthworks exceed the permitted area thresholds of 2,500 m ² on slopes greater than 10° and 10,000 m ² on slopes less than 10°, with earthworks occurring across a substantial portion of the site as shown on the engineering plans.
<p>Rule 25.5.12 Erosion and sediment control measures must be implemented and maintained during earthworks to minimise the amount of sediment exiting the site, entering water bodies, and stormwater networks.</p>	No consent required	The proposal is capable of complying. Erosion and sediment control measures will be implemented during earthworks, as detailed in the supporting technical reports and to be secured through conditions of consent.
<p>Rule 25.5.13 Dust from earthworks shall be managed through appropriate dust control measures so that dust it does not cause nuisance effects beyond the boundary of the site.</p>	No consent required	The proposal will comply. Dust will be managed through standard construction management measures to avoid off-site nuisance effects.
<p>Rule 25.5.14 Earthworks that discovers any of the following:</p> <p>25.5.14.1 kōiwi tangata (human skeletal remains), wāhi taoka (resources of importance), wāhi tapu (places or</p>	No consent required	No consent is required under this rule. Two recorded archaeological sites (F41/62 and F41/890) are present within the application area and are addressed through a separate Archaeological Authority. An accidental discovery protocol will be implemented to manage any previously unrecorded material encountered during earthworks.

<p>features of special significance) or other Māori artefact material, or 25.5.14.2 any feature or archaeological material that predates 1900, or 25.5.14.3 evidence of contaminated land (such as discolouration, vapours, landfill material, significant odours),</p>		
<p>Rule 25.5.15 The maximum depth of any cut shall not exceed 2.4 metres.</p>	<p>Yes, consent is required as a restricted discretionary activity.</p>	<p>The proposal does not comply. The maximum permitted cut depth of 2.4 m is exceeded, with engineering plans indicating cut depths of up to approximately 10 m.</p>
<p>Rule 25.5.16 The maximum height of any fill shall not exceed 2 metres.</p>	<p>Yes, consent is required as a restricted discretionary activity.</p>	<p>The proposal does not comply. Fill heights exceed the permitted 2 m standard, with fill of up to approximately 7 m proposed, as shown in the engineering plans.</p>
<p>Rule 25.5.18 Earthworks greater than 0.5 metres in height or depth shall be set back from the site boundary the following minimum distances: 25.5.18.1 Earthworks not supported by retaining walls: a) distance at least equal to the maximum height of the fill, as measured from the toe of the fill, with a maximum batter slope angle of 1:3 (vertical: horizontal); or b) 300mm plus a batter slope angle of a maximum of 1:3 (vertical: horizontal), as measured from the crest of the cut. Earthworks supported by retaining walls: a) Cut or fill supported by a retaining wall must be setback a distance at least equal to the height of the retaining wall;</p>	<p>No consent required</p>	<p>No earthworks are proposed within close proximity to site boundaries.</p>

b) Cut and fill equal to or less than 0.5m in height is exempt from this rule.		
<p>Rule 25.5.19.1 Earthworks within 10m of the bed of any water body, or any drain or water race that flows to a lake or river, shall not exceed 5m³ in total volume, within any consecutive 12-month period.</p>	Yes, consent is required as a ea	The development includes bulk earthworks and infrastructure works in proximity to water bodies, including intermittent streams, wetlands, and an existing water race within the site. Given the scale of these works, earthworks within 10 m of such features will exceed 5 m ³ within a 12-month period.
<p>Rule 25.5.21 No more than 300m³ of Cleanfill shall be transported by road to or from an area subject to Earthworks.</p>	Yes – consent is required as a restricted discretionary activity.	The Construction Management Plan confirms that the development involves large-scale bulk earthworks across multiple stages, including the formation of building platforms, roading and infrastructure. Given the scale and duration of these works, cleanfill volumes transported to and from the site will exceed 300 m ³ within a 12-month period.

Chapter 27: Subdivision and Development

<p>Rule 27.5.9 All subdivision activities, unless otherwise provided for, in the Wakatipu Basin Rural Amenity Zone or the Wakatipu Basin Lifestyle Precinct.</p>	Consent required - Restricted Discretionary Activity	Freehold subdivision is proposed within areas of the site that are zoned as Whakatipu Basin Rural Amenity.
<p>Rule 27.5.10 Subdivision of land in any zone within the National Grid Subdivision Corridor except where any allotment identifies a building platform to be located within the National Grid Yard.</p>	Consent Required - Restricted Discretionary Activity	Subdivision of land is proposed which contains the National Grid Subdivision Corridor.

<p>Rule 27.5.11</p> <p>The subdivision of land that results in creation of an additional lot within an identified wāhi tūpuna area outside of the urban environment, where subdivision is a potential threat as set out in Schedule 39.6.</p>	<p>No Consent Required</p>	<p>Parts of the site are located within an identified wāhi tūpuna overlay (a small area adjacent to the Kawerau River), however no additional lots are proposed within these locations.</p>
<p>Rule 27.5.12</p> <p>All subdivision activities in the Rural Visitor Zone (excluding the Maungawera Rural Visitor Zone), Rural and Gibbston Character Zones and Airport Zone - Wanaka, unless otherwise provided for.</p>	<p>Consent Required – Discretionary Activity</p>	<p>Freehold subdivision is proposed within areas of the site that are zoned Rural.</p>
<p>Rule 27.5.15</p> <p>The subdivision of a site containing a known archaeological site.</p>	<p>Consent Required – Discretionary Activity</p>	<p>The site contains two sites which have been recorded on the New Zealand Archaeological Associated (NZAA). Freehold subdivision of these lots is proposed.</p>
<p>Rule 27.5.17</p> <p>A Unit Titles Act subdivision lodged concurrently with an application for building consent, or land use consent.</p>	<p>Consent Required – Discretionary Activity</p>	<p>Unit title subdivision is proposed and is lodged concurrently with land use consent.</p>
<p>Rule 27.5.22</p> <p>Subdivision that does not comply with the minimum lot areas specified in Part 27.6 with the exception of the Jacks Point Zone which is assessed pursuant to Rule 27.5.18 and Coneburn Industrial Zone Activity Area</p>	<p>Consent Required – Non-Complying Activity</p>	<p>As identified below in the assessment against Rule 27.6.1, the Proposal involves subdivision within the Wakatipu Basin Rural Amenity Zone which does not comply with the minimum lot area.</p>

<p>2a which is assessed pursuant to Rule 27.5.19 and Wakatipu Basin Lifestyle Precinct Rules 27.5.20 and Cardrona Settlement Zone which is assessed pursuant to Rules 27.5.31 and 27.5.32.</p>		
<p>Rule 27.6.1 No lots to be created by subdivision, including balance lots, shall have a net site area or where specified, an average net site area less than the minimum specified.</p> <ul style="list-style-type: none"> • Rural: No minimum • Wakatipu Basin Rural Amenity Zone: 80ha 	<p>Consent Required – Non-Complying Activity pursuant to Rule 27.5.22.</p>	<p>The Proposal involves freehold subdivision of the site in both the Rural Zone and Wakatipu Basin Rural Amenity Zone. Whilst there is no minimum allotment size for the Rural Zone, all subdivision within the Wakatipu Basin Rural Amenity Zone will be smaller than 80ha.</p>
<p>Rule 27.6.2 Lots created for access, utilities, roads and reserves shall have no minimum size.</p>	<p>No consent required</p>	<p>Noted.</p>
<p>Wakatipu Basin Rural Amenity Zone Rule 27.7.18.1 The minimum setback of any building platform identified through subdivision from any road boundary (other than an unformed road or as specified in Rule 27.7.18.3) shall be:</p> <ul style="list-style-type: none"> • 75m in the Lifestyle Precinct; and 	<p>No consent required</p>	<p>N/A – no building platforms are identified through the subdivision process as land use consent is sought in parallel. Departures to provisions in the Wakatipu Basin Rural Amenity Zone are sought as part of the land use consent associated with this application.</p>

<ul style="list-style-type: none"> • 20m in the Rural Amenity Zone. 		
<p>Wakatipu Basin Rural Amenity Zone Rule 27.7.18.2</p> <p>The minimum setback of any building platform identified through subdivision from any unformed road shall be 20m in the Rural Amenity Zone and Lifestyle Precinct.</p>		
<p>Wakatipu Basin Rural Amenity Zone Rule 27.7.20</p> <p>The minimum setback of any building platform identified through subdivision from the bed of a wetland, river or lake shall be 30m.</p>	<p>No consent required</p>	<p>N/A – no building platforms are identified through the subdivision process as land use consent is sought in parallel. Departures to provisions in the Wakatipu Basin Rural Amenity Zone are sought as part of the land use consent associated with this application.</p>
<p>Wakatipu Basin Rural Amenity Zone Rule 27.7.21</p> <p>Any building platform identified shall be not less than 70m² in area and not greater than 1000m² in area.</p>	<p>No consent required</p>	<p>N/A – no building platforms are identified through the subdivision process as land use consent is sought in parallel. Departures to provisions in the Wakatipu Basin Rural Amenity Zone are sought as part of the land use consent associated with this application.</p>
<p>Rule 27.7.34</p> <p>In the following zones, every allotment created for the purposes of containing residential activity shall identify one building platform of not less than 70m² in area and not greater than 1000m² in area.</p> <ul style="list-style-type: none"> • Rural Zone 	<p>Consent Required – Non-Complying Activity pursuant to Rule 27.7.36.</p>	<p>No building platforms are identified through the subdivision process as land use consent is sought in parallel. Departures to provisions in the Wakatipu Basin Rural Amenity Zone are sought as part of the land use consent associated with this application.</p>

<ul style="list-style-type: none"> • Gibbston Character Zone • Rural Lifestyle Zone • Rural Visitor Zone, limited to Lots 1 to 11 as per the building platform layout shown on the Arcadia Rural Visitor Zone Structure Plan at 27.13.19A. 		
<p>Rule 27.7.36 Subdivision applications not complying with either Rule 27.7.34, Rule 27.7.34A, or Rule 27.7.35 shall be non-complying activities.</p>		
<p>Rule 27.7.39.3 Where no communal owned and operated water supply exists, all lots other than lots for access, roads, utilities and reserves, shall be provided with a potable water supply of at least 1000 litres per day per lot.</p>	<p>No Consent Required</p>	<p>A communal owned and operated water supply scheme is proposed, which would provide potable water supply for each lot.</p>
<p>Rule 27.7.39.4 Electricity reticulation must be provided to all allotments in new subdivisions (other than lots for access, roads, utilities and reserves).</p>	<p>No Consent Required</p>	<p>All lots will be provided with electricity generation.</p>
<p>Rule 27.7.39.5 Telecommunication services must be available to all allotments in new</p>	<p>No Consent Required</p>	<p>All lots will be provided with telecommunication services.</p>

subdivisions in the Rural Zone, Gibbston Character Zone and Rural Lifestyle Zone (other than lots for access, roads, utilities and reserves).		
<p>Rule 27.7.39.6</p> <p>Telecommunication reticulation must be provided to all allotments in new subdivisions in zones other than the Rural Zone, Gibbston Character Zone and Rural Lifestyle Zone (other than lots for access, roads, utilities and reserves).</p>	No Consent Required	All lots will be provided with telecommunication reticulation.
Chapter 29: Transport (refer to Internal Transportation Assessment at Appendix 25 for full assessment)		
<p>Rule 29.4.9</p> <p>Park and Ride and public transport facilities.</p>	Consent Required – Restricted Discretionary Activity	A park and ride facility which is designed to support the public transport network and to provide specifically for users of a public transport network, if/when available is proposed.
<p>Rule 29.4.11</p> <p>High Traffic Generating Activities</p> <p>Any new land-use or subdivision activity, including changes in use that exceeds the traffic generation standards or thresholds set out in Table 29.5, excluding in the Airport Zone.</p>	Consent Required – Restricted Discretionary Activity	Refer to Internal Transportation Assessment at Appendix 25.
<p>Rule 29.5.1</p> <p>Parking and Loading</p> <p>a. Any parking space required by Table 29.4 or loading</p>	Consent Required – Restricted Discretionary Activity	Refer to Internal Transportation Assessment at Appendix 25.

<p>space shall be available for staff and visitors during the hours of operation and any staff parking required by this rule shall be marked as such.</p> <p>b. No parking space required by Table 29.4 shall be located on any access or outdoor living space required by the District Plan, such that each parking space required by Table 29.5 shall have unobstructed vehicular access to a road or service lane, except where tandem parking is specifically provided for by Rule 29.5.7.</p> <p>c. Parking spaces and loading spaces may be served by a common manoeuvring area (which may include the installation of vehicle turntables), which shall remain unobstructed.</p> <p>d. Some or all coach parking required by Table 29.4 in relation to visitor accommodation activity may be provided off-site.</p>		
---	--	--

<p>Rule 29.5.2 Size of Required Parking Spaces and Layout</p> <p>a. All provided parking spaces and associated manoeuvring areas are to be designed and laid out in accordance with the Car Parking Layout requirements of Table 29.7 and Diagram 3 (car space layouts) of Schedule 29.2.</p> <p>b. The installation of a vehicle turntable for residential units and residential flats is an acceptable alternative to achieve the required turning manoeuvres of the swept path Diagram 4.</p>	<p>No Consent Required</p>	<p>Carparking will meet the PDP provisions for all classes of use. Refer to Internal Transportation Assessment at Appendix 25</p>
<p>Rule 29.5.3 Gradient of Parking Spaces and Parking Areas</p> <p>Parking spaces and parking areas other than mobility parking spaces shall have a gradient of no more than 1 in 20 parallel to the angle of parking, and a gradient of no more than 1 in 16 in any other direction.</p>	<p>No Consent Required</p>	<p>The Internal Transport Assessment confirms that the Proposal is compliant with Rule 29.5.3.</p>

<p>Rule 29.5.4 Mobility Parking Spaces</p>	<p>Consent Required – Restricted Discretionary Activity</p>	<p>No mobility parking spaces are required for the residential activity, however, are required for the park-and-ride facility and the commercial areas and is proposed to comply. However, the aisle widths for three mobility spaces in the main commercial car park do not meet the District Plan provision but meet the overarching Standard AS/NZS2890.1:2004 ('Parking Facilities Part 1: Off-Street Car Parks').</p> <p>Mobility spaces are not shown at the worker accommodation / visitor accommodation or the bar/pizzeria and are required as a condition of consent.</p>
<p>Rule 29.5.7: Residential Parking Space Design</p>	<p>Consent Required – Restricted Discretionary Activity</p>	<p>In some locations, the 'apron' between the garage door and the legal road boundary is shorter than required to accommodate a car, refer to the Internal Transport Assessment.</p>
<p>Rule 29.5.12: Bicycle Parking and the Provision of Lockers and Showers</p>	<p>No Consent Required.</p>	<p>Cycle parking facilities are not shown but are required as a condition of consent, therefore consent is not required.</p>
<p>Rule 29.5.13: Access and Road Design</p>	<p>Consent Required – Restricted Discretionary Activity</p>	<p>The road cross-sections and designs are discussed in the Internal Transportation Assessment at Appendix 25; the proposal does not meet the Council's Land Development and Subdivision Code of Practice.</p>
<p>Rule 29.5.17: Minimum Sight Distances from Vehicle Access on all Roads other than State Highways</p>	<p>Consent Required – Restricted Discretionary Activity</p>	<p>Some residential lots have restricted sightlines due to road curves and intersections, meaning standard sight distances for the posted speed are not always achieved. However, these road features naturally slow vehicles, allowing reduced sight distances to be acceptable. In some cases, sightlines extend across the lot or neighbouring properties, so</p>

		controls are needed to prevent permanent obstructions over 1m high within these areas to maintain visibility.
Rule 29.5.21: Minimum Distances of Vehicle Crossings from Intersections	Consent Required – Restricted Discretionary Activity	Some residential lots are located within 25m of intersections, but this is mitigated by low traffic volumes, low operating speeds, and the likelihood that most road users will be familiar with the network.
Chapter 30: Energy and Utilities		
Rule 30.5.1.4 Underground pipes and incidental structures and equipment for the supply and drainage of water or wastewater.	No Consent Required – Permitted Activity	The Proposal involves underground pipes for the supply of water and wastewater.
Rule 30.5.1.5 Water and irrigation races, drains, channels and underground pipes for water and irrigation, other than those activities restricted by Rule 30.5.1.4.	No Consent Required – Permitted Activity	The Proposal involves the piping of the existing above ground water irrigation network within the site.
Rule 30.5.1.8 Underground pipes and incidental structures and equipment for the conveyance of stormwater.	No Consent Required – Permitted Activity	The Proposal involves underground pipes for the conveyance of stormwater.
Rule 30.5.1.9 Water, wastewater and stormwater pump stations.	No Consent Required – Permitted Activity	The Proposal involves wastewater pump stations.
Rule 30.5.1.10 Stormwater detention/retention ponds or stormwater wetlands, other	Consent Required – Controlled Activity	The Proposal involves stormwater detention ponds.

than those activities restricted by Rule 30.5.1.13.		
<p>Rule 30.5.11</p> <p>The addition, alteration or construction of buildings greater than 10m² in total footprint or 3m in height other than buildings located in the areas listed in Rule 30.5.1.15.</p>	Consent Required – Controlled Activity	The proposal involves utility structures associated with the storage and treatment of water and wastewater that are greater than 10m ² in footprint and larger than 3m in height.
<p>Rule 30.5.1.18</p> <p>Water and Wastewater Treatment Facilities</p>	Consent Required – Discretionary Activity	The proposal involves a Wastewater Treatment Plant and Water Treatment Plant.
<p>Rule 30.5.4.1</p> <p>Buildings and Structures permitted within the National Grid Yard</p>	No Consent Required	No buildings or structures are proposed within the National Grid Yard.
<p>Rule 30.5.2.1</p> <p>Setback from internal boundaries and road boundaries:</p> <p>Where the utility is a building, it must be set back in accordance with the internal and road boundary setbacks for accessory buildings in the zone in which it is located.</p>	No Consent Required	The proposed buildings associated with the Wastewater Treatment Plant and Water treatment Plant are set back in accordance with the zone rules.
<p>Rule 30.5.2.2</p> <p>Buildings associated with a Utility in Outstanding Natural Landscapes</p>	Consent Required – Discretionary Activity	<p>The proposed water storage reservoirs will be located within the ONL and exceed 10m² in area and 3m in height.</p> <p>A meteorological monitoring station may be established within Morven Hill as part of the wastewater irrigation system. Such a station would comprise a simple mast fitted with an anemometer and associated</p>

<p>(ONL) and Outstanding Natural Features (ONF):</p> <p>Any building within an ONL or ONF must be less than 10m² in area and less than 3m in height.</p> <p>This rule does not apply to:</p> <ol style="list-style-type: none"> masts or poles for navigation or meteorology; poles, antennas, and associated cabinets (cabinets up to 10m² in area and 3m in height, exclusive of any plinth or other foundation), for telecommunication and radio communication; lines and support structures. 		<p>monitoring equipment, with the mast being approximately 2 m in height and occupying less than 10 m² in area. Alternatively, the monitoring station could be located on the adjacent flats.</p> <p>Rule 30.5.2.2 expressly excludes "masts or poles for navigation or meteorology". Accordingly, the rule does not apply to the proposed monitoring station, and the meteorological monitoring station is therefore considered to comply with this rule.</p>
<p>Rule 30.5.2.3</p> <p>All buildings or structures must comply with the relevant maximum height provisions for buildings of the zone they are located in.</p>	<p>Consent Required – Discretionary Activity</p>	<p>The buildings associated with the Wastewater Treatment Plan exceed the permitted height limit of 6m (up to 8.5m is proposed).</p>
<p>Rule 30.5.4.2</p> <p>Earthworks permitted within the National Grid Yard</p> <p>30.5.4.2.1</p> <p>Earthworks within 6 metres of the outer visible edge of a National Grid transmission line support structure must be no deeper than 300mm.</p>	<p>No Consent Required</p>	<p>The Proposal involves earthworks within the National Grid Yard, however this will be located more than 12 metres from a transmission line support structure.</p>

<p>30.5.4.2.2 Earthworks between 6 metres to 12 metres from the outer visible edge of a National Grid transmission line support structure must be no deeper than 3 metres</p> <p>30.5.4.2.3 Earthworks must not create an unstable batter that will affect a National Grid transmission line support structure.</p> <p>30.5.4.2.4 Earthworks must not result in a reduction in the existing conductor clearance distance below what is required by the NZECP 34:2001.</p>		
---	--	--

Chapter 31: Signs		
<p>Rule 31.10.2 Any operational, directional and safety signage relating to the movement of vehicles and people around the zone.</p>	<p>Consent Required – Discretionary Activity</p>	<p>Wayfinding signage is required throughout the development to support the safe and efficient movement of vehicles and pedestrians, particularly within the commercial area. This signage is operational and directional in nature but does not meet the permitted activity standards and therefore falls to be assessed as a discretionary activity under Rule 31.10.2.</p>
<p>Rule 31.11.1 Signage within the Rural Zone (excluding Ski Area Sub Zones),</p>	<p>Consent Required – Discretionary Activity</p>	<p>The site is zoned Rural and Wakatipu Basin Rural Amenity Zone, where signage is limited to 2m² per site with no illumination. The proposal includes wayfinding signage within the commercial area at a scale of up</p>

<p>Gibbston Character Zone, Wakatipu Basin Amenity Zone, Rural Lifestyle Zone and Rural Residential Zone</p> <p>Up to 2m² of signage per site with no internal or external illumination of the sign.</p>		<p>to 2m² per building. This exceeds the permitted standard, which applies on a per site basis, and therefore results in a breach of Rule 31.11.1.</p> <p>The signage is limited to that required to identify individual commercial premises within the development and to assist with wayfinding within the commercial area. Consent is therefore sought for this breach.</p>
