Request for information in relation to The Point Solar Farm application under the Fast-track Approvals Act 2024

The Point Solar Farm Expert Panel (the Panel) has directed the Environmental Protection Authority (EPA) to request further information from you under section 67 of the Fast-track Approvals Act 2024 (the Act), relating to the Haldon Solar application.

At the direction of the Panel, the EPA is seeking further information from you regarding the Response from Far North Solar Farms to the Expert Panel's Request for Further Information 13 ([RFI 13](#)) and the Applicant's Response which was provided by the Applicant (Far North Solar Farm Limited) on 11 June 2026 (see attached).

The Panel notes that you have not taken issue with any of the Renewable Engineering Group (REG) reports or information provided. However, in case the connection between REG and Far North Solar Farm Ltd causes any concern, we are issuing this RFI.

While a Request for Information under section 67 of the Act imposes an obligation to respond, the Panel is treating this as an opportunity for you to comment if you wish to do so. You do not need to respond, but if you wish to, please do so. Further, the Panel does not have specific questions for you to answer, but would be assisted by you identifying:

- (a) whether the response from the Applicant as to the connection with REG raises any concerns.

Supply of Information

In accordance with section 67(2) of the Act you must:

- a) Provide electronic copies of the information or report requested; or
- b) Advise the EPA, with reasons that you decline to provide the information or report requested.

Accordingly, please provide the requested information to the EPA by **5pm Wednesday 17 June 2026**. If the information is not received by this date, the Panel will proceed on the basis that the request for further information has been declined.

Please note, the information will be provided to the Panel, the applicant and every person who provided comments on the application. The information will also be made available on the Fast-track website.
