
MINUTE 10 OF THE EXPERT PANEL

Legal Opinion on Scope and related matters
Delmore [FTAA-2502-1015]

(21 July 2025)

[1] The Delmore Expert Panel (**Panel**) acknowledges receipt of the memoranda from the Auckland Council (**Council**) and the Applicant in response to Minute 8.

[2] As signalled in Minute 8 the Panel is seeking its own legal advice on the issue of scope and this is due to be received on 25 July 2025. Once we have received this advice, we will consider next steps and confer with the participants.

[3] At the request of the Panel the Applicant provided a track change version of the conditions (new Appendix 57 to replace Appendix 22). We thank the Applicant for this and have requested that this be provided to the Council by the EPA and placed on the Fast-track website.

Helen Atkins
Chair Delmore Expert panel
