
MINUTE 5 OF THE EXPERT PANEL
Minor Corrections

Wellington International Airport Southern Seawall Renewal

[FTAA-2510-1118]

[15 June 2026]

[1] On 15 May 2026 the Panel granted the approvals sought for the Wellington International Airport Southern Seawall Renewal, subject to conditions (Decision).

[2] The Panel has received requests for Minor Corrections from the Applicant, Wellington City Council, Greater Wellington Regional Council, and the Department of Conservation.

[3] Section 89 of the FTAA provides that the Panel may, within 20 working days after issuing a decision document under section 88(1), issue an amendment to the document to correct minor omissions, errors, or other defects in it.

[4] The Panel has considered the requested changes and is satisfied that the errors ought to be corrected and fall within the amendments contemplated by s 89 of the FTAA.

[5] Overall, the corrections collectively tidy up errors in land descriptions, fix internal inconsistencies in conditions and supporting documents, refine ecological and procedural wording, and correct drafting, formatting, and referencing issues in the main decision and Reserves Act documents - ensuring the decision is accurate, internally consistent, and practically implementable without changing its substance.
