Hi the fasttrack team,

We received the letter from fast track team to comment on the Sunfield development. We are the neighbor at , Ardmore.

After reviewing the Sunfield development files, we had some understanding about development, especially the neighbor property is planned for employment zone. We want to know how the development might impact on the current flooding/stormwater in the area. We are doing market gardening, this is important to the current activity. At the same time, we want to know the possibility of Sunfield to include the property as part of their development.

Cheers

Thank you for your comments
